THAT MORNING TRAIN.

If the Southern Railway does not extend a double daily service on the C. & G. division between Columbia and Greenville it will not be because the people along the line have not asked it. The conference that met in Columbia a few days ago presented to Mr. Hardwick, Mr. Welles and Mr. Cardwell large petitions from the towns from Anderson to Columbia asking it. Mr. Hardwick said the petitions would be laid before the management at Washington but owing to the fact of such a sparse population along the road from Prosperity to Columbia and the additional fact that the train was now run from Greenwood to Prosperity at a loss he doubted if the management would make the experiment.

We feel we have done our duty in asking for additional train and mail service on this line and have no regrets or apologies for anything in this connection that has been done. Of course if we possessed foreknowledge we might have saved many efforts we have made and will make in the future for the advancement of our town, but not possessing that we shall have to plod along as any ordinary mortal advocating and working for those things we deem for the best interest of our town not knowing or worrying about the final issue but satisfied with doing our duty as circumstance and opportunity present themselves.

We shall regret it if the Southern does not see it in its interest to give us a double daily train between Columbia and Greenville via Newberry but we shall have no harsh criticism of the road or any one else if we fail in this. Failure does not mean that our cause or contention was unjust.

If this train is not given us it will be the only division of the Southern in the State over which there is not a double daily service and that operates the same old schedule it did 25 years ago.

Gen. Wheeler is old but full of ideas, and his plan for higher education among Cubans is excellent. He proposes, in brief, that each American college give free tuition to a few Cuban youth. The colleges are doing well in agreeing to Gen. Wheeler's plan, and it will be a good thing for Cuba. Wealthy Cubans have sent their sons here to be educated nearly as often as to Europe, but now the wealthy Cubans are embarrassed and the middle class are poor. No doubt many Cuban youth who would otherwise be prevented by poverty from coming here for education will be able to come under this plan. Anything to spread American ideas, the English language, and acquaintance with scientific and mechanical progress among the Cuban people will be salutary. The closer connection there is between Cuba and the United States the better for the Cubans and for civilization.

Why could we not have a few of these students at Newberry College? We notice that they are going to Roanoke College in Virginia. What does President Cromer think of it?

There is talk among Republicans at Washington of renewing Force Bill efforts in Congress, owing to the recent troubles in this State and North Carolina in view of the race conflicts that have recently taken place. The government at Washington had better let these things alone. A Force Bill and Federal soldiers would only make matters in the South worse, and the condition of the negro worse than it is. The people of this section intend that the white people shall govern it, and the negroes have about found that out, and yet we propose to see that the rights and property of the negro is protected. But when it comes to his ruling and controlling the government we draw the line, but still we object to see him butchered and shot down like you would cattle. And we cannot prosper by so doing.

It is time for the killing in Greenwood County to cease. We are as strong an advocate of white supremacy as there is in the State, and first and last we have had a good deal of business that brought us in contact with the negro. We have never had any trouble with him, and in many cases where troubles do arise the white man is in some way responsible for it. We do not say this in the case at Phoenix, but we do say it is time for these people to stop shooting down negroes on sight. We are glad to see the resolutions adopted at Greenwood and the disposition of the people to get back to normal conditions, but action as well as resolutions is needed.

We were glad to hear Supt. Welles of the Southern say at the railroad meeting in Columbia the other day that he was going to give us one of the best and nicest passenger depots in the State. We have long needed such a building and we hope work on it will begin very soon.

How would it do for the C., N. & L. to unite with the Southern and build a union depot extending from one road to the other. The C., N. & L. needs a nice passenger station also.

Mr. L. J. Bristow, an accomplished young newspaper man, who has joined the army and is a member of the 2d S. C. Regiment, has sold his paper to Mr. C. W. Wolfe. Mr. Wolfe has edited the Kingstree Record since Mr. Bristow left for the army, and a change of ownership will not mean a change of policy. Mr. Wolfe is an accomplished writer and we are glad to have him a full-fledged newspaper man.

IT PAYS. We have believed for a long time that it paid to grow corn and oats. In fact we have known that it paid better to grow these things than it did to grow cotton and buy them. We have here a statement from a gentleman well known in this county showing that it pays to grow corn and oats as money crops.

Read what he has done and then go to sowing oats:

Mr. Editor: There has been some inquiry as to the crops that I raised on my patch of an acre and a half on Scott's creek in town of Newberry and I cheerfully now make known the result. In the production of the crop there was no fertilizer or any manure used at all. I planted it in oats about the middle of October, 1897, and harvested them about the first of June, 1898, and then planted it in corn on the 17th day of June and gathered the corn in October.

The following is the yield and expenses of planting and gathering the crops:

Table with 2 columns: Item and Amount. Includes 150 bu. oats at 40¢, 50 bu. corn at 50¢, 1000 lbs. fodder at 50¢, 1000 lbs. oat straw at 25¢.

Table with 2 columns: Item and Amount. Includes 6 bu. oats for planting at 50¢, 2 pecks corn, 10 days labor at 40¢, Paid for cutting, Paid for threshing.

Total expenses \$10.35, Net profits \$87.76, About \$87.80 per acre.

The land cultivated is what may be called "made land" by the deposit of all the washing from the town when the old culvert on the Southern railroad was used in Scott creek.

Yours truly, M. A. CARLISLE.

OUR PROSPERITY BUDGET

ALL THE NEWS OF A LIVE AND PROGRESSIVE TOWN.

Dr. T. J. Hunter, of Trenton, was in town on Monday, the guest of Col. A. H. Hawkins.

Miss Anna Fulmer is on a visit to her brothers, J. W. and P. B. Fulmer, of Little Mountain.

Mrs. Langford and children, of Progress, S. C., are visiting the parental roof this week.

Rev. A. G. Kirkpatrick has returned from the meeting of synod, accompanied by his brother-in-law, Mr. _____ of North Carolina.

We are pleased to report that Mr. Carroll Sheely, who was so painfully hurt in one of the Cook Bros. gins early in the season, is able to be at his post again, although he still carries his hand in a sling.

Our little town was aroused by the cry of fire last Tuesday morning, and Prosperity's bucket brigade responded promptly. The fire was in Cook Bros. gin, and had caught the gins and loose lint cotton and was making quite a blaze, but owing to the efforts of the brigade it was promptly squelched, put down and put out.

Yes, Signa, I join you, and oh how one's mind waters in anticipation of that wonderful Thanksgiving dinner that was and is to be in the far distant future. There is one thing we must have, and that is that cartoon done on a turn by Cartoonist Higgins, and then have it published in The Herald and News. By the way, what has become of that illustrated edition of The Herald and News that was to have all of our photos in it, and for which Chips went to so much trouble to look pretty for, and then spoiled the negative?

We learn from the News that Mr. Geo. Dominick was painfully hurt last Friday. He was riding in a buggy and leading a mule. The mule became frightened and jerked him out of the buggy. We are pleased to say that he is doing very well and is able to go to the Fair.

The railroads did not carry as many passengers to the Fair this year as usual, owing in a great measure to the bad weather. The C., N. & L. sold 34 tickets on Thursday and the Southern 45, a total of 79 for the day. There were in all probably 125 tickets sold, which represents the attendance upon the Fair for this place.

There has been an unusual amount of wheat sold here this season. This is a good thing and shows that our people are going to have plenty of flour for their own use another year, and with other roller mills going up there will be no trouble to get the best flour. We are reliably informed that there is a strong probability that there will be a roller mill in our town by the next crop. We trust that this will be the case. The gentlemen who have the matter under consideration tell me that they will know definitely very soon. We need these enterprises and hope to have more as the years come and go.

Mr. Jacob Werts, of Saluda, was in town Thursday.

The rain has made everything very disagreeable and sloppy and stopped all farm work.

Mr. J. W. Fulmer, of Little Mountain, was in town Thursday. Having sold out his plantation near Little Mountain, he is prospecting for one, and will probably locate in the upper portion of the county.

TOLBERT TAKES TO McKINLEY.

Washington, D. C., Nov. 14.—R. R. Tolbert had a long interview with President McKinley this afternoon. With Tolbert were three other refugees, J. M. Collins, postmaster at Ninety-Six; James W. Tolbert, postmaster at McCormick and R. R. Henderson. Mr. Tolbert refused to disclose the object of the conference with the President. He said he made no request for interference from the white horse. He and his party went to the post office department to confer with Postmaster General Smith.

..BUY AT JONES..

I often hear this remark made by my friends, and the reason of it is that the people are learning more and more every day, that it pays to trade at my store. I keep a good selected stock of choice

Dry Goods, Notions, Hats, Dress Goods, Shoes, Velvets, Capes, Jackets, Underwear, Hosiery, Gloves, Handkerchiefs, Ribbons, Laces, Embroideries, Trunks, Valises, Satchels, Umbrellas, and sell them at close on to Wholesale Prices, and there is no wonder we are busy. The Merchants of Newberry, sometime ago discovered that my store was a wholesale store, for the people who bought at retail for family use and this is why you hear them say so many pleasant things about me. I have a very kind feeling for them all; life is too short to waste it having ill will against my neighbor; but it is against my principles to make big profits, and will continue to give the people

MORE CHANGE than any other store in town. I have just received a large line of New Capes, New Mackintoshes, New Dress Goods, Prints, Outing and Flannels, and invite you to come and see them.

A. C. JONES, Millinery...

The Peoples Store, Newberry, S. C., Nov. 15, 1898.

...FULMER...

Has decided to close out his Dry Goods, Ladies' and Men's Underwear, Crockeryware, etc., and keep only Groceries, Confectioneries, Fruits, Cigars, Tobacco, etc.

Read the following prices and see whether they are not 25 per cent. off or a great sacrifice sale. We mean to stop here. Buy these goods and they must go, and go at once: Jeans at 16c to 17c per yard. Bed Ticking at 4c to 5c per yard. Bleaching at 4c to 5c per yard. Outing at 4c per yard. Red and White Flannel at 14c to 18c per yard. Prints at 2 1/2c to 4 1/2c per yard. Gingham at 4c per yard. Red and White Table Cloths from 18c to 30c per yard. Shirts from 10c to 34c each. Cotton and Wool Underwear from 11c to 47c each. Corsets from 18c to 38c each. Ribbon as low as 3c per yard. Goggles from 20c to 38c each. Suspender from 7 1/2c to 3 1/2c per pair. Ladies and men's Gloves from 7c to 48c per pair. Handkerchiefs from 2c to 18c each. Tablets, 6 for 5c. Tablets, 3c to 4c each. Box Paper and Envelopes, 4c to 18c. Positively no goods will be charged at these prices.

Many articles not mentioned above are sold at equally as low prices. Remember these goods are all new, fresh stock, for I haven't been at the business long enough to accumulate a lot of old hard stock. I don't say these goods are offered at cost, for the public wouldn't believe me or any other merchant, but these are good goods, marked down to selling prices.

Remember that I keep on hand a full line of fresh Groceries, Confectioneries, Fruits, etc. W. V. FULMER.

The Newberry Clothing Co. are having a closing out sale. They are going out business January 1st and want to turn their large stock into cash. Gw tsf.
