The season of the year when dust predominates is fast approaching and sprinkling will soon become necessary. The method of sprinkling last season was the most satisfactory we think we have ever experienced and we believe

that if our business men would put their heads together that a more satisfactory and just as cheap arrangements could be made to keep the streets sprinkled all the time. The wagon method will far surpass the custom of last season that of each person sprinkling before his own door. Some one take it up and see what can be done.

Discovered by a Woman,

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Haunick & Co., of Shelby, N. C. Trial bottles free at Robertson & Gilders' and Pelham's Drug Store. Regular size 563 and 1.00. A Street Improvement.

Alderman Cabaniss is having a great improvement made on the street leading from Mrs. Werber's to Dr. Pelham's residence. Mr. John Lindsay has given several feet in front of his residence and the street is being considerably widened in the bend, which has heretofore been a narrow, rough place. Banquet at Harris : prings.

The Herald and News acknowleges an invitation to the annual banquet in honor of the State Medical Association at Harris Springs on April 7. The hotel is now under new management, Mr. R. L. Fox, being proprietor, and has been entirely renovated and fixed up and the season this year at this famous resort promises to be one of unusual interest. Several associations will hold their annual meetings there and will be entertained in good style. It is a most pleasant and healthful place at which to spend the summer.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure. It is excellent for croup, hoarseness, tick-ling in the throat an l coughs.

Something Extraordinary.

Messrs, Voss & Scholtz, managers of the opera house, are putting themselves to some trouble to secure high-class entertainments for the amusement loving public and should be patronized and encouraged in their undertakings. They have booked for the 24th and ad, which will produce Shakespeare's Merchant of Venice and Damon and Pythias These entertainments should draw, as they will be something new and appropriate for Newberry. Then tonight "a breczy time," which will be the attraction, is one of the best musical farce comedies on the road.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, cropp or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe.

To Come Later.

The Excelsior Fire Company has been endeavoring for several weeks to get a date with Rev. Sam P. Jones, the evangelist, to lecture here, but so far has failed to get a suitable date. He could have been secured for Saturday night, April 1st, but the company could not, or thought best not to bring such an attraction here on Saturday night. His time is so completely taken up that it will be impossible to get him before the last of April or the first of May. The announcement will be made in time to give every one a chance who desires to secure a choice seat before the date of the lecture.

Happy is the man or woman who can eat a good hearty meal without suffer ing afterward If you cannot do it, take Kodol Dyspepsia Cure. It digests what you eat, and cures all forms of Dyspepsia and Indigestion.
