

E. H. AULL, EDITOR.

THE STATE PRESS ASSOCIATION.

The State Press Association will meet this year at Harris Springs. The date has not yet been definitely fixed but the meeting will be held about the last week in July.

It was decided not to take a Summer trip, but to spend a week or longer at the Springs in rest and recreation and to arrange while there for a trip to Cuba later in the year when the weather will be suitable for a Southern trip.

We want also to have the date and details of the Southern trip with us so that those who would like to take a Southern trip may know what the nature of the trip is to be and about what it will cost.

We hope every editor and publisher in the State will meet with us this year.

It is now settled that the Black Diamond railroad will be built. The engineer corps and the president have been at Anderson and Greenwood during this present week.

The town election passed off quietly, and a light vote was polled. The nominees were elected as follows: Dr. G. Y. Hunter, lieutenant; S. S. Birge, A. M. Lester, A. H. Hawkins, S. L. Fellers, Wardens.

Dr. A. J. P. Julian, of Lake City, Fla., arrived in town today, and is the guest of Dr. C. T. Wyeche.

Miss Jessie Ranch and Mrs. Black, of Saluda county, were in town shopping Saturday.

Mrs. William Berly, of Pomaria, was in town Monday.

Dr. D. M. Crosson, of Leesville, was in town last week on his return from the Medical Association at Harris Springs.

The croquet season is about over, and "Duck" will feel lost until the next season opens.

Mr. R. T. C. Hunter was in town on Saturday.

Capt. John L. Hunter spent last Saturday in town.

There have been many persons in town during the past week.

We had the pleasure of being shown through the large and extensive hosiery mill in the penitentiary last Thursday. Supt. Graham has placed us under many obligations for his kindness.

The mill turns out about 1,200 dozen hose per day, and work in the two mills over 300 hands. This is a busy place. Convict labor is worked in the mill within the penitentiary and free labor in the one in the city.

Supt. Graham came to our hotel and we were given a very pleasant drive over the city and out to his mill near the Hebrew cemetery. This is an enterprise that but few of our people know anything about. If Mr. Graham can show a net profit in his mill with the old class of machinery he is using we see no reason why a well equipped mill with up to date automatic or semi-automatic machines should not pay, and that fairly well.

In this day and time a town to grow and prosper must be easy of access. If anybody comes here he must remain for twenty-four hours or try to get away on a freight train. If we want to go away to visit our neighbors we must stay twenty-four hours. Take Greenwood, you can get to town from any point of the compass, spend several hours and go back home and not lose a half day. If we could get the Black Diamond it would be worth us all the effort it was take. We would like to see the matter looked into. Will not some of our young business men look into this thing?

Congressman Latimer and Special Agent Bach, of the postoffice department, went to Prosperity yesterday to look into the matter of free rural delivery. The reason for making the experiment from Prosperity is that the population there is greater than immediately surrounding Newberry. If it proves successful there then it will be extended. We hope it will prove a success.

Mr. Bach says Congressman Latimer has gotten as large appropriation for making the experiment in this district as any district in the United States has received. Mr. Latimer has given his personal attention to the matter and is endeavoring to have a fair trial made and has no doubt of the result.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Robertson & Gilder's and Petham's Drug Store. 50 cents per bottle.

Rates for the Confed's Reunion. The Southern Passenger Association has issued a circular authorizing rates to the Confederate Veterans' Reunion at Charleston, S. C., on the dates May 10th to 13th. The rate aimed is one cent a mile in each direction. Round trip from Newberry, \$3.45; Prosperity, \$3.30.

Tickets from points within a radius of one hundred miles from Charleston to be sold May 9, 10, 11, 12, and for trains scheduled to arrive in Charleston prior to noon of May 13, with final limit May 18, 1899.

OUR PROSPERITY BUDGET

ALL THE NEWS OF A LIVE AND PROGRESSIVE TOWN.

We were glad that Dr. Wyeche offered the resolution in the citizen's meeting that he did in regard to a graded school, and if our citizens will act on this and go to work and put it in practice and vote an additional tax to run the schools the balance of the school term they will be following in the footsteps of all progressive towns in the State. Can't we wake up and do this? We can if we will.

The services in the Baptist church have been changed on the second Sunday night to afternoon. There will be no services at night.

Rev. Mr. Bailey, of Greenville, will preach in the Baptist church the 2nd Sunday in May in the morning. All are invited to attend.

Rev. A. G. Kirkpatrick and Mr. O. P. Harris have returned from the meeting of the Second Presbytery at Doe West on Monday.

The town election passed off quietly, and a light vote was polled. The nominees were elected as follows: Dr. G. Y. Hunter, lieutenant; S. S. Birge, A. M. Lester, A. H. Hawkins, S. L. Fellers, Wardens.

Dr. A. J. P. Julian, of Lake City, Fla., arrived in town today, and is the guest of Dr. C. T. Wyeche.

Miss Jessie Ranch and Mrs. Black, of Saluda county, were in town shopping Saturday.

German Millet, Pearl Millet, Amber Cane, Orange Cane, Lawn Grass Seed, Just received and for sale cheap at

Robertson & Gilder's Drug Store.

Who H. B. J. Is

What is the matter with the Rev. Peele? He jumps as if he had been struck, and that pretty hard. We know what is the matter with him. Some time ago we sent out a number of patent shoes, prepared for a certain class of preachers on conditions that if the shoes did not fit they need not wear them. We knew at the time that the shoes would pinch whenever they struck the right man. And behold our friend Peele has got into a pair of them, and we hope he will be the only one near us, for we know from the way he cuts up he was not pleasant to look at just after he had gotten into his special patents. We would have enjoyed standing behind the door so that we could have seen him dance the hoecus pocus.

Now, friend Peele, you ask me to "spot some of the men," or "put up or shut up." We did not propose to go around and put our hand on the men we spoke of as being unfit for the pulpit, etc. It is not necessary, for such a spoke of will show up themselves if you will only give them time, just as you have done. So you can just dance on by yourself until you get company.

The Rev. Peele has wilfully, or through ignorance, perverted or falsified some things we said, or the meaning thereof, we know not which. But we take no offense at what the Rev. gentleman said about us. We rather feel sorry for a man whose mind is warped as bad as his is with selfishness and narrow prejudices. And I do sincerely hope that a new light will soon break into his soul and free him from such unpleasant surroundings.

We are truly glad that we do not have to get permission from such a being as this Baptist preacher when we feel like praising that which seems good to us.

Now, Bro. Peele, we are through with you, and we hope next time we hear from you that you will be in a better mood, but before you go, let me say to you that you are perfectly welcome to send an investigating committee to see me, for I have no objections to your trying to find out all you can about my private or public life, and you shall have the pleasure of knowing the full name of the writer, or the man who made you a present of those pretty little shoes. Take good care of them.

More could be said in reply to Mr. Peele's article, but we do not propose to waste space for nothing, for he has really done nothing but misrepresent us, and we will let it go by.

Now, in conclusion, we beg to say, that we do not mean by what we have said to this man that it includes all preachers who might be called upon to defend themselves or their doctrine, but let it be done in a dignified manner. All that has to be done is to prove that what we have said is untrue.

Yours, etc., J. B. HALPACH, OR H. B. J.

There was communion at Zion and Mt. Olivet churches on the first Sunday.

Communion services were held at Macedonia on the second Sunday. A large congregation assembled and there were five occasions to the church. Rev. H. P. Counts is the pastor.

Nearly all of our schools have vacated until summer, as the children are needed at home on the farms. Our country schools don't run long enough. Our farmers could spare their children out of the farm a month yet.

Mr. Preston Cannon, of Utopia, has the finest field of wheat the writer has seen.

The "Zobe" musical band, of Upwell, gave one of its pleasant musicals at Mr. John A. Nichols on last Saturday night.

We wonder where our friend "Kay" was going last Monday in a buggy? We very seldom see him riding in a buggy. Messrs. E. S. Dominick, W. P. Pugh and Adam Amick have fine fields of oats.

Sorry to learn of the death of Uncle George Wheeler. We extend the beloved ones our sympathy.

Mr. Eddie Dominick, of Stockman's, spent Sunday in Lexington county.

Mr. Pinekey Wicker, of near Prosperity, spent Sunday in Lexington county.

The farmers are further behind with their farm work than they have been for years for the time of year. A number of them are ploughing their land too wet.

Our public roads have been in a worse condition the past winter than for years.

A number of our citizens have been to your village the past week to do shopping. Newberry is a good market, and she has some hustling merchants and business men.

We use Hendrix's Mill as a heading as the place is better known throughout the county. It is Cook's mill now, and he was the first man to put in a roller mill to grind wheat, and it paid him well. We are glad to know that we are to have two more roller mills in this county. One at Newberry and the other at Kinards.

Dots from Sleepy Hollow.

We took in Eshman Chapel Sunday morning and heard one of Rev. C. P. Boozer's excellent sermons, we shook hands with a number of old friends, among them was old man Chips, who we judge was there for a two fold purpose. To attend divine worship and to get some chips for The Herald and News. In the afternoon we attended services at St. Phillips, Rev. J. J. Long preached one of his splendid sermons. There were large congregations at both places. We took in Prosperity Saturday and met a number of old friends and acquaintances, among them Mr. A. L. Wyse from Saluda county. "Loze" is looking well and reports everything quiet in his section, he says the farmers are well content with their work. And Mr. W. M. Long, better known as "Squire" B. of Sleepy Hollow, is suffering considerably from rheumatism, yet he is full of life, and has a rich fund of anecdotes. He is one of the Confederate soldiers who served his country faithfully four years and returned home penniless and went to work with a vim, to support himself and family, and by the way, he has built him up a nice little property. All credit is due the old soldier who came from the war and commenced at the bottom round of the ladder, and showed the world that they could fight life's battles as bravely as they fought the North for what they considered a just cause. It pains us to see so many of them broken down in health, and we believe the government ought to make more liberal provisions for all of them that are not able to help themselves.

Dr. W. T. Dickert and Mr. M. L. Wicker and others went seeing one of those pleasant days last week. Ask the Doctor what he caught besides a severe cold.

Prof. J. C. Chalmers has moved into our burg; we welcome Joe to Sleepy Hollow.

It seems that dudes must be scarce as none have applied for the position in our town, the job is still open, and the salary reasonably good for the services required of him. If any of them want the situation they will do well to apply to our President, Mr. W. D. Halpach, at once.

Old Ichabod is jogging along smoothly trying to get up an exhibition for his students. Of course we want the editor with us on this occasion.

Ask our champion horse trader Mr. W. J. S. if he has seen an animal in an apple wagon recently and what was the animal doing there?

The Legislature treated us a little shabbily in not granting us a charter for our town. But when the geographers make new maps taking in Cuba, the Philippines and the Samoan her new possessions we will see to it that they make a little spot for Sleepy Hollow. ICHABOD.

April 10, 1899.

Remarkable Cure of Rheumatism. Newna, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism, which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner and she has not had a similar attack since. A. B. Parsons, For sale by W. E. Pelham, druggist.

The Central Luther League Will meet in the Lutheran church at Newberry April 22, 1899. Devotional exercises by the president. How to make the Central Luther League a success: Messrs. J. J. Kibler, R. P. Luther, Revs. G. S. Bearden and A. J. Bowers. Recitations by Misses Maria Barre and Jessie Sumner. The duty of the members of the church to the League: Misses Marie Booby, Louise Chapman, Revs. S. T. Hallman and W. K. Sligh. Essay: Home Mission Field. Misses Gertrude Simpson and Cassie Kibler. Query box. COMMITTEE.

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see how it would affect us. It cured us before the bottle was more than half used. It is the best medicine for colds and coughs. The Herald, Andersonville, Ind. For sale by W. E. Pelham, druggist.

Engage Cots. The King's Daughters of Charleston, S. C., will open a Dormitory for women at the High School building, northwest corner of Meeting and George streets, during the Confederate Reunion, May 8th to May 13th, inclusive. Cots may be engaged before Reunion by sending money in advance to Mrs. Robert Wilson, Secretary of Committee on Directory, 371 Meeting street, Charleston, S. C.

Many Lives Saved. In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by W. E. Pelham.

The County Alliance. The Newberry County Alliance will meet on Saturday, 22nd instant, at 10 o'clock a. m., with the Cannon Creek Alliance. All sub-Alliances are requested to send delegates, also a substitute stockholder of the exchange, as a county trustee stockholder is to be elected. The question to be discussed is: How to restore worn out land. Every alliance should be represented at this meeting.

COLOR and flavor of fruits, size, quality and appearance of vegetables, weight and plumpness of grain, are all produced by Potash.

Potash,

properly combined with Phosphoric Acid and Nitrogen, and liberally applied, will improve every soil and increase yield and quality of any crop.

Write and get Free our pamphlets, which tell how to buy and use fertilizers with greatest economy and profit. GERMAN KALI WORKS, 93 Nassau St., New York.

In the Gathering

of our New Spring Stock
