Even "old Rub" came home amid evergreen boughs, and his beaming countenance proved a fit completion to the procession.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and increasing the vitality of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system and assisting nature in doing its work. "The Wheeler"

We present herewith a picture of "The Wheeler," the new and capacious hotel that is now being built at Hendersonville, N. C., by Mr. D. Henry Wheeler, of Newberry. "The Wheeler" will soon be the leading resort of Western North Carolina.

Death of Miss Nora Long. Miss Nora Long, daughter of Mrs. Lulu Long and the late Mr. Latimer W. Long, died at the home of her uncle, Mr. George Long, in Florida last Friday. The remains were sent home for interment, reaching here on Sunday. She had been in Florida for several months on a visit to relatives, and had begun to improve, and only a few days before her death, wrote a letter to her mother telling her she was better, and that she hoped to be soon able to come home, but before the letter was received a telegram came announcing her death. She was a young lady of a cheerful and happy disposition, and has many friends. The Herald and News extends sympathy to those who mourn.

In Time of War Prepare for Peace. National Peace Jubilee for the celebration of our Army and Naval victories in the war with Spain, to take place at Washington, D. C., May 23rd, 24th, 25th, 1899. Half rate excursion tickets via the Seaboard Air Line will be on sale May 21st, 22nd, and 23rd, final limit May 27th, 1899. Continuous passage in each direction. To see the National Capitol in May is worth the trip without the Jubilee but the program will embrace features that will be historic. There will be national salutes from gun boats, ringing of chimies at sunrise, parades of military and naval organizations, Federal and Confederate Veterans. On the night of the first day there will be a public reception by President McKinley followed by a splendid spectacular display, illumination and band concerts. The parade Wednesday will equal any ever seen in Washington. There will be private equipages decorated with flowers, bicycles and civic organizations in line, floral, patriotic, fraternal and tradesmen's tableau floats. At night the entire city will be illuminated with another display. Band concerts. The pageant on Thursday will be one to impress deeply all those who witness it, setting forth both the military and naval history of the United States, famous scenes from the Colonies to the present. The war with Spain in all its lurid features will be graphically set forth. In the afternoon there will be patriotic addresses by prominent citizens of the United States; east front of the Capitol, followed by music of the famous Marine Band and grand chorals of trained voices, all followed by the third grand spectacular display of Pain's fireworks. There will be jubilee revelries and a reproduction of the Battle of Manila on Wednesday night, setting forth the thrilling destruction of the Spanish fleet by Admiral Dewey. On the second night the chase and sinking of Cervera's fleet will be reproduced almost to the life. Thursday night will be given the charge up San Juan hill, capture of block house, and the tragic daring and death of the American soldiers in the "Bloody Angle."

The Fire Department Inspected.

The annual inspection of the Newberry Fire Department was held on Friday afternoon and the firemen and apparatus showed up in a very creditable manner. The members of the city council gave the firemen, that is each company, some encouraging words which were highly appreciated by the men. We hope though that ere another annual inspection is ordered that the city council will see to it that the firemen have a decent dress uniform to appear before the public in. The young men start ever ready to protect life and property at the risk of their own lives, and deserve encouragement of that kind, and a little money spent in that way would be well spent, for to keep up a volunteer fire department, interest and pride must be kept up, and to keep up interest and pride, the firemen must be given something to be proud of. In fact, Newberry is now large enough and her fire department of enough importance to set aside an appropriation of a few hundred dollars each year to equip the department. If we mistake not this is done in other towns and cities. In a few weeks our firemen will go to Columbia, that is the Excelsior Company, in a boat. How will they be uniformed? Will they look as neat and reflect as much credit on their town as other firemen from other towns? Or will they cast a reflection and prove a reproach to the city's generosity. We hope those who accompany the firemen to Columbia will observe these things.
