The Young People of Newberry Enjoy a Delightful Picnic.

One of the most enjoyable occasions of the season was the picnic on Friday afternoon last, at Spearman's Mineral Spring about nine and a half miles from town. Nature has done much to make this place a beautiful spot; the spring is in a deep hollow surrounded by high hills covered with wide-spreading trees, which make a most restful as well as delightful shade. The soft light shed by the Japanese lanterns, which festooned the pavilion and the trees around, looked like veritable fairy-lamps amid the foliage of the trees.

Supper was served at seven o'clock, and was a most delicious one, heartily enjoyed by those present. All were sorry when the hour for departure arrived, though the ride home in the moonlight was most charming.

The sweetest music of the College Glee Club added greatly to the pleasure of the evening.

Every one agrees that it was an ideal picnic, and that the Mineral Spring is an ideal place for a summer resort.

Those present were: Misses Mary Burton, Furman, Weeks, McMaster, Lizzie Glenn, Land, Schuppert, Della Land, Wilson, Emma Wilson, Winnie May Wilson, Langford, Davidson, Anita Davidson, Pope, Fair, Renwick, Gilder, Cash, Waters, Fant, Blease, Maude Fant, Johnstone, McFall, Carlisle, Bowman.

An Expert Optician. Dr. W. G. Brown, the celebrated optician who has visited Newberry several times before and made many friends by fitting suitable glasses to their eyes, after making careful examinations free, is again in the city—at the Newberry hotel. Those who want eye-glasses or spectacles should call on him. He is an expert at his business and guarantees perfect satisfaction. Call for him at the Newberry hotel.

8100 Reward 8100. The readers of this paper will be pleased to learn that there is at least one reliable cure for that disease which is called Catarrh of the bladder and that is Catarrh of the bladder. It is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Cathartic Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It thereby destroys the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have secured full patents in all countries, and they offer One Hundred Dollars for any case that it fails to cure. Sent for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists. Beware of cheap imitations. Hall's Cat. is the best.

On Sale At Prosperity. Tickets for Rev. Sam P. Jones' lecture, which will be delivered here on June 16th, in the opera house, have been put on sale at Prosperity. Misses Maggie Barre and Maggie Russell have the tickets and will push the sale. The board on which to check off reserved seats is at Hunter & Wheeler's drug store. The Prosperity people by this arrangement will have an opportunity to secure choice seats, and if as many as thirty buy tickets and will come up on the train a special car will be run up on that occasion. We hope Prosperity will send up a large delegation.

A Good Yield. Mr. Wm. Johnson has harvested the oats from his acre and three-eighths patch on Harrington Street and it was a splendid yield. There were 102 shocks of 12 bundles to the shock and the bundles were unusually large. These oats were made without any fertilizer and they are as fine as you would want to see. Mr. Johnson would make a good farmer as he is a hardware man and that is saying a good deal.

Something delicious—Young's Chocolate Ice Cream.

A Graded School for Prosperity. An election was held at Prosperity yesterday to decide the question of voting a special 2-mill tax for graded school purposes. In the election 46 votes were cast, 31 in favor of the tax and 15 against. This is a good step for our sister city and we are of the opinion that they will never regret voting the tax.

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption, she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at Pelham's & Robertson's & Gilder's Drug Store. Large bottles 50 cents and \$1.00.

A Big Racket. There hasn't been much of a racket made at the New York Racket Store for the past two weeks. The reason is that they were waiting for a shipment of new goods to arrive. They are here and the racket is on in earnest now. There is a hustle to the business. They are right in the front ranks of progressive merchandising, and are making a reputation. There's terse, tangible, telling talk in their ad. In another column which you will find interesting reading.

Bachman Chapel and Union Academy Chips

Our dear old mother is suffering severely with rheumatism. There will be communion services at Cannon's Creek A. R. P. church next Sunday.

The dry weather and bugs have played havoc with the Irish potatoes and gardens.

The wheat crop is thought to be pretty good. But oats have been cut short considerably.

The fruit crop is as complete a failure this year as we have ever known it to be—scarcely any blackberries.

Mr. and Mrs. J. D. Stone and children, of Excelsior community, spent last Sunday with their parents, Mr. and Mrs. J. H. Kibler.

Well, Kay, we read your parting words with very much regret, and it really causes a feeling of sorrow for Chips to say good bye to Kay. Old friend, here's my 6c in fellowship of love, hoping that while you go much peace, love, happiness and prosperity may follow you and your entire family to your new place of business. It has been Kay and Chips in The Herald and News for several years, pulling and cross-firing at each other to such an extent that a great many readers of The Herald and News didn't understand our feelings as we always did ourselves, they thought at different times that we were about ready to fight, but we always met each other with cheerful greetings, and laughing over our tilts and slapping each other with our pens. Now, Kay, since you have been down to the Capitol all wrapped up among those enculturators please don't let your mind become so swagged as to forget old Chips. We are still up here in our little country home, but there is no telling when the tide will rise and we may drift back to the Capitol again. What a consolation it will be to old man Chips to know that there is one, dear old Kay, down there whom he can count on for his own heart's content. Yes, Kay, we will come to see you when we get to the city just as sure as life lasts. Now, Kay, in regard to our last trip to Columbia, we propose to do just like you did. We'll not tell our business until we get our job.

We hope that The Herald and News and Voice will both lay down their line of personalities and stop saying hard things about each other. We believe that we understand the position of Editor Aull, since one of the free rural delivery routes has fallen into the hands of Editor Capers it gives him the right to deliver The Herald and News along with his other mail, and Mr. Aull thought that Mr. Capers would not deal fairly in sending out his paper in due time, and this gave Mr. Capers a good opportunity to down The Herald to a small extent. It is very natural that one editor doesn't want another to "monkey" with his paper. But, Mr. Editor, we think that you jumped on Editor Capers a little too soon. You should have given him a trial, and if he would have acted unfair in the matter, we would have been one among the first to help feather him good. But we want to see both of these editors get on better terms. Tearing down never means building up. While you are tearing down for that other fellow a brace will give way in your own building.

It seems that all those successful contestants in The Herald and News prizes were too modest to accept after being winner. Mr. Edw. R. Hipp has sold the Rock Hill buggy; we suppose to get it out of his way. But what Ed. Hipp can't sell is not worth selling. It's a blessed good thing that every body doesn't see alike and do alike. If Chips had been a contestant and won that buggy he would have been riding in it the next day after the pumpkin seed were counted. After dealing the cards and playing the game, we see no need in not picking up the money.

The dry spell was broken on last Monday morning. A nice shower of rain fell in this section which made the land work better, but not enough has yet fallen to bring up the balance of the crops. About one-third of the cotton seed yet remain in the ground, but at the time of this writing the weather looks threatening, and we hope it will not be many more days before our old earth will be soaked from the mountains to the seaboard.

Oscar Sligh, the mail carrier, reports that a severe hail storm fell in the Sligh and McTabor sections on Monday evening. For a short while it hailed to such an extent that the whole earth was covered. He had not ascertained what damage was done to crops, but thinks it must have been considerable. Some lights were broken out of windows.

Our Chips now go out on the new mail route. There is no question who will come along now to carry them to town. We have it now so conveniently arranged that we can mail a letter without getting up from our desk. CHIPS.

May 23, 1899.

Robbed in Grave. A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: I was in a most dreadful condition. I was almost yellow, exhausted, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Ebe's Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at Pelham's & Robertson & Gilder's Drug Store.

Young's Chocolate Ice Cream can't be beat.
