EDITORIAL CORRESPONDENCE.

Columbia, October 26.—By the kindness of Gov. McSweeney I had a few days off last week and attended the meeting of the South Carolina Lutheran Synod at St. Luke's in Newberry County.

Both Eden Items.

Cotton picking is pretty well over. A large quantity of oats being sowed.

Miss Hallie Hawkins returned from Columbia a few days ago.

Dr. R. C. Carlisle is having his home remodeled and applying the paint brush which makes a great improvement.

Rev. W. W. McMorris had a mule cut very badly by running into a wire fence. Mr. A. C. Sligh was also unfortunate in having his horse cut in the same way.

Mr. B. A. Hawkins, stenographer for the route agent of the Southern Express Company of Columbia, S. C., is spending a few days at home after an attack of typhoid fever.

We hope to have our new road from Beth Eden to Mr. Ben Cannon's soon open.

Mr. A. C. Sligh's little child has been quite sick for several days. Mrs. L. A. Hawkins has also been quite sick.

Several of our neighbors are thinking of taking in the State Fair. We hope they will have a good time.

He Fooled the Surgeons. All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best Salve in the world. 25 cents a box. Sold by all druggists.

Good health is prevalent in our school. The young men's prayer meeting is in a flourishing condition.

A large number of pupils attended church Sunday, and heard an impressive sermon.

Work in the industrial building will begin this week. The blind boys are taught chair caning, mattress making, mat making, and broom and brush making.

ONE WAS CONVICTED ANOTHER IS ON TRIAL.

Swift Justice Being Done by the Law in Darlington.

(Special to the State.) Darlington, Oct. 25.—In the criminal court today Ed. Luckey, one of the principals in the Lamar rape case, was tried and found guilty.

The other, Thomas Mitchell, is now being tried, and his conviction is a foregone conclusion. It is probable that at least two of the others will be indicted as accessories after the fact.

The case has attracted the attention of every one on account of the atrocity of the crime. The testimony today revealed the fact that the guilt of the principals is beyond question, and so complete that the young white woman who was choked into insensibility and brutally outraged was not compelled to appear in the court house.

In fact her condition is still critical, although the deed was done 17 days ago. Ed. Luckey on the stand today confessed his complicity in the crime and is now being used as a witness against Mitchell.

Judge Benet in his charge to the jury congratulated the county of Darlington for her respect for law and justice and stated that an example had been set not only in South Carolina but for the entire South.

He also commended Sheriff Scarborough and his deputies for doing their duty in promptly removing the prisoners to a place of safety.

The Appetite of a Goat Is eviced by all poor dyspeptics whose Stomach and Liver are out of order.

All such should know that Dr. King's New Life Pills, the wonderful Stomach and Liver Remedy gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at all drug stores.

What's the Matter With You? (Exchange.) Nearly every one you know or meet has some eccentricity you could point out, no doubt.

They entertain certain views or have a peculiar way of doing things that the generality of mankind think nonsensical, and perhaps absurd.

We often think of the remark of the old Quaker to his wife who said to her: "Everybody is a little queer, Mary, but three and me, and sometimes I think three a little queer also."

We see a great many people who are considered queer because they get into some sort of a groove in farming and nothing can induce them to try to pull out and adopt up-to-date methods.

In passing around through the country we still see an occasional farmer who wastes his time trying to save fodder by topping his corn, or in cultivating a crop still thinks it absolutely necessary that the bar plow should first be used, throwing the dirt away from the corn, and afterward cultivating up to it.

Not a few do their planting and seeding "in the moon," and no amount of argument would ever convince them that good crops could be grown if started when the "sign" wasn't right.

One of your neighbors doesn't get along as well as he ought because he works without any sort of plan or system.

Another fails for the reason that he is always behind with his work. While others spend too much time at cross road stores or dabble in politics in which there is no pay.

If all the fellows round about you have their short comings, have you ever stopped to consider that you too may be a "little queer?"

It is a good thing to know just where our weak places are and then use some effort strengthen them as we go along.

Sixty Days Longer!

I have been trying to close out the balance of my stock in one lot, but the prices offered would entail such a sacrifice on my part that I have decided to add Two Thousand [\$2,000] Dollars worth of desirable DRY GOODS and NOTIONS, HOSIERY, GENTS UNDERWEAR, LINENS, &c., and give the consumer and my old friends and customers the benefit of extremely low closing out prices for the next sixty days.

I will finish my filling in trip on the road by the middle of November, and from then until Christmas I will be there to welcome and serve my trade myself, and I would be better satisfied to give up the business after falling them an opportunity to buy their Fall goods with little and no profit added than to go out now when they are getting fair prices for their cotton and are anxious to make their cotton money go a long way in buying for themselves and families. Don't forget the fact that when you come to my store you are sure to save money on your purchases.

SHOES! SHOES! When I sold out my Shoes and Hats I thought I had cancelled all my orders placed with the manufacturers for Shoes, but I have received an Invoice for six cases of Ladies' Misses' and Children's Shoes of exceptional value.

This may lead me to buy a few others to help sell these and close out the stock. So if you will bring me your memoranda for Shoes I can save you money. Come and see us often. In my absence Mr. R. J. Lindsay will be glad to serve you, and will have such assistance as may be necessary to serve the trade.
