EDITORIAL CORRESPONDENCE. Columbia, January 29,-Senator Mower attended 'he funeral of Dr. Robertson last Friday and remained at home on Saturday but is at his post in the Senato this morning.

Today closes three weeks of the present Legislative session and nothing yet has been done. It is generally this way, however. The first half of the session is spent in skirmishing, and then the members get down to business, and much legislation is done in a rush. This is not peculiar to legislative bodies of this kind, but I have observed it in other conventions. Most of the work is done toward the close.

Night sessions will begin this week and much work will be done. Then, too, it is held that the forty day limit does not begin with this session, but that is hardly a material question for the present session will not last over forty days.

The dispensary is the most absorbing question now, and as yet, practically nothing has been done on this subject. though various and numerous bills have been introduced. If there were not so many candidates for positions under the law possibly the Legislature would move forward and get the proposed and needed changes in the law through. It is time something along the line of imprevement in the law was being done. The question will be discussed this week in both Houses. There has already been discussion in the

The Legislature seems to be inclined to do something in the matter of im provement of the public roads, and am glad to see it. There is nothing we need more than good country roads and if the Legislature can do anything to make better roads it will receive the welldone of all the people.

While on this subject I am reminded If he had kept close notice of my letters he would have known what the .aw was on the question he asks. There was some snow in Columbia on Saturday night. There was some snow at Newberry, but not enough to let you know it had snowed. This morning the snow clouds hang over us again, and it is snowing. It was about this time last year when we had the big snow and freeze. I hope we may be spared such a one this year.

February 2nd has been fixed as the day to elect trustees for the various State institutions.

The bill to prevent child labor in our cotton mills has been rejected. There is need for something to be done along this line. If the parents and the mill people themselves will not protect these children the State should come in and say that no child under twelve years of age should be permitted to work in a cotton mill. It is injurious to the health of the child. And at least during this time the child should have sunshut up in the mill. I heard one of the best mill superintendents in the State say there should be a law forbidding child labor in cotton mills.

The beautiful weather of the past few weeks has made our afternoon walks ery pleasant.

At a meeting of the Cedar Spring Lyceum, January 12, the cuestion, Shall the church accept a saloonkeeper's gifts?" was warmly discussed. A strong, firey argument, made by the affirmative side was that a church, by accepting a saloon-keeper's gifts, often caused a revolution in his life." While shine and fresh air and school, none of the negative speakers maintained that which can be obtained if it be kept "the church should refuse his money, citing as a proof the action of the chief priests in the case of Judas Iscariot." The discussion resulted in a victory for the negative.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people that have used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at W. E. Pelham's.

Tribute of Respect.

We, the members of the Calhoun Literary Society of the Little Mountain High School, feel it our solemn duty and pleasure to offer the following

Resolved, 1st. That we bow our heads in humble submission to the will of Him who doeth all things well. For though it seems hard now that one so young and promising should be taken away, we feel that it is for the best. 2nd. That by his acquaintance we

have all been benefitted, and that we might well take his life as an example by which to fashion our own.

3rd. That by his death our school has lost a very intelligent and obedient scholar, one who always feared the Lord

and tried to do right.
4th. That we extend our heart-felt sympathies to the bereaved family; also, to him in whose hand the gun was when it fired the fatal shot, killing his best friend, and ask God's blessings upon him.

5th. That a copy of these resolutions 5th. That a copy of these resolutions be sent the bereaved family; also, to the Visitor, Voice and Herald for publication.
