Comes from Dr. D. B. Cargile, of Washita, I. T. Ho writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Eitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, bolls and running sores." To the Voters of the City of New

I take this method of announcing myself as a candidate for the office o Mayor of this city in the election this I have been advocating and expect to make the race on the question of reducing street duty from \$1 to \$2, and have other important issues which I will place before the voters of the city at the proper time. I do not de-sire to begin a long and heated campaign, but have reasons for announcing myself at this time, which will be given later. I ask the voters not to commi themselves until all the issues of the coming campaign have been discussed which I hope the candidates will be re quired to do this year before the Respectfully,

A Card. To the Democratic voters of Newberry County-about two thousand in num-

ber counting myself-I am a candidate for Master physi cally unable to attend the township meetings. If I was able to endure so much I could work, and if I could work would not need the office. I am not 'uppish" or indifferent to any vote in the county and will appreciate all that

are so kindly bestowed. To the young yoters who know me not I would kindly say, ask your neighbor who I am, for in every section

someone knows me. For votes I remain

Ray Watts. The Board Refuses.

The committee appointed by the County Democratic Executive Committee to present the resolution asking the County Board of Control to defer the election of a dispenser until after the primary election in order that the people might recommend a man for that position, called on the Board yesterday morning and presented the resolution.

The Board stated that as they saw it and understood the law, and feeling it their duty to carry out the law strictly, that they would have to refuse the re-

The time of the present dispenser or his term of office, expires on the last day of August, and the Board claims that his term of office being only one year, could not hold over until his successor elected in a primary election could qualify.

The individual members of the Board expressed themselves as favoring the election of all officers by the primary plan, but felt that to do their duty and carry out the law as they see it, that in this case they would have to refuse the request of the Executive Committee.

A Correction,

A few weeks ago in writing up th shooting of a negro woman in Laurens County, who died in this county, we stated that Coroner Lindsay held the inquest over the dead body, and that the warrant was placed in the hands of the laurens authorities. In this we were mistaken. The warrant was placed in the hands of the Sheriff of Newberry, and Mr. Yancy Floyd made the arrest under the Coroner's indictment and the negro placed in the New-

berry jail according to law, under Sec-

tion 119 of the revised Statutes of the State, which reads as follows: Sec. 119 (2564). When a person shall be struck, wounded, poisoned or otherwise injured in one county, and die thereof in another, any injunction or indictment thereon found by jurors of either county shall be as good and effectual in law as if the stroke, wound, poisoning or other injury had been committed and done in the county where the party shall die, and the person guilty of such striking, wounding, poisoning or other injury, and every accessory thereto, either before or after the fact, shall be tried in the county where such indictment shall be found, and if convicted, punished in the same mode, manner and form as if the deceased had suffered such striking, wounding, poisoning or other injury

indictment shall be found.

PROSPERITY POINTS.

A Few Notes of Interest from the Second "City" in the County.

The roller mill here is grinding golden grain day and night, employing two sets of hauds. Mr. Drayton Cook who has charge of the mill, tells me that the wheat crop is exceptionally fine this year, and that the turnout is excellent.

Arrangements are being made for running the carning factory this year. The tomato crop is good, and there will be plenty of fruit. The output this year will doubtless be large. Mr. Kenneth Baker will superintend, as heretofore.

Prof. and Mrs. Thornwell Haynes and the baby are spending some time with the family of Mr. L. J. Bowers Mrs. H's father. They leave for France on the 11th inst. The Professor, it will be remembered, goes as Consul at Rouen. His appointment was made by the President and confirmed by the the Senate. Their friends wish for them a safe voyage and a happy stay in

Rev. A. G. Kirkpatrick has been elected principal of Jones's Seminary, a fine school for girls, situated at Al Healing Springs, Gastonia Co., N. C. and has accepted the same. His family are preparing to move, and will probably leave us in a week or ten days. Mr. K. tells me that the corps of teachers will consists of five to begin with, and others will be added as they are needed. His daughter, Mrs. Willie K. Douglas will be his first assistant. While I regret to part with this excellent family, I am glad that "the linehave fallen unto them in pleasant places,"and trust that their "heritage"
