A Big Yield of Oats.

Mr. M. Hayne Folk of the Pomaria section sowed two bushels of oats and from these threshed one hundred and eleven bushels. No fertilizers of any kind were used, and the oats were sowed on ordinary up-land. For several years previous, however, this land had been well manured with lot and stable manure.

Wagner High School.

We have received a copy of the catalogue of the Wagner High School, Wagner, S. C., of which Prof. Walter S. Peterson, son of Mr. W. G. Peterson of the county is principal. Prof. Peterson has three assistant teachers, and this catalogue shows his school to be in a flourishing condition. Mr. Peterson since he took charge has much increased the success of the institution and he is much liked by the trustees and patrons of the school.

Please add to your list: M. A. Carlisle, office, No. 126, and oblige L. W. Floyd.

Dividends Declared.

Yesterday was the day for declaring dividends, and the man who does not own any stock always feels lonely on a day like this. Good dividends were declared by all the leading corporations in the town. The Newberry Cotton Seed Oil Mill and Fertilizer company declared a 10 per cent annual dividend, the Savings bank 3 per cent semi-annual, the Commercial Bank 3 per cent semi-annual, the cotton mill 4 per cent semi-annual, the National bank 4 per cent semi-annual.

The Newberry Roller Mills

Are ready for grinding the new crop of wheat. Remember they weigh the wheat before grinding, instead of measuring it, and return the same weight received, accepting the toll. This is the only mill which has adopted this plan. They guarantee results as to quality and quantity of flour. Be sure to have your wheat dry, and make engagements in order to avoid the rush. Phone 116.

Mollohon Manufacturing Co.

The stockholders of the Mollohon Manufacturing company meet today to elect directors and other officers and will, in all probability, select a location upon which to erect the new mill. We are anxious to see the work begin for it will help the business of the town to see and have new enterprises building. When this starts there will be others to follow in close succession. It is contagious, this thing of building and building up your town is contagious. We are glad the fever is starting in Newberry.

A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by all druggists.

Pastor of Bush River Church Ordained.

Rev. L. W. Swope pastor of the Bush River and Mt. Zion churches was ordained at Bush River on Sunday last to the Gospel ministry. Quite a large crowd assembled to witness the ordination and the service was a very impressive one. Mr. Swope comes from Greenbay, Wisconsin, to his present field, his health forcing him to give up his work at that place. He is a native of West Virginia and is a genial Christian gentleman and we predict for him a very successful ministry.

Divine Assurance.

Then why should I question his way, Who maketh this pathway of mine, I but a weak creature of clay, And he my Creator divine?

Can I, with my finite eye, see Where infinite wisdom should lead? Can I know what is better for me, Or just what it is that I need?

Me thinks tho' the twilight is gray, And my vision with weeping is dim, He will lift up my soul by the way, I shall walk thro' the shadows with him.

I know not the task he will send, Nor wether he leadeth my feet, But I know he is always my friend, And this makes assurance complete.

—Mrs. Lizzie L. Coley, in the Music Teacher.

Steepled Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed. Infalible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by all druggists, 25c."

A Sad Death.

Death is always sad, it matters not when or how it comes. It is always sad to part with those we love and whether it be the young or the old or the middle aged there is a sadness about it we cannot help feeling. There is, however, a peculiar sadness in the death of the young with the promise of many happy days before them, for we know the old must die.

Only six short months ago Mr. Wm. G. Mayes led Miss Mamie Wright to the altar as his bride and they began the journey of life together, happy and buoyant with the hope of many, many happy days together as they journeyed along life's pathway. Today he is bowed down with grief and follows her lifeless form to the grave, for her spirit has taken its flight to join the hosts who have gone before. It is peculiarly sad and the great sympathetic heart of the entire community goes out to him in his hour of trouble and sorrow.

Yesterday afternoon at 2 o'clock after days of intense suffering she died.

To those who mourn we extend our sympathy, realizing at the same time the impotency of human sympathy. We should remember that He doeth all things well and what is for the best though we may not be able to see it, but by and by we shall know.

THE FUNERAL.

The funeral will be held at the residence this afternoon promptly at six o'clock. Interment at Rosemont. The friends and acquaintances are invited to attend.

Meeting of W. O. T. U.

The W. O. T. U. will meet Thursday afternoon, the 4th inst., at the Methodist parsonage at six o'clock. Prompt and full attendance is earnestly requested.

Meeting of Stockholders.

The annual meeting of the Stockholders of the Newberry Cotton Seed Oil Mill and Fertilizer Company will be held at Council Chambers on Wednesday, the third day of July, 1901, at 3 o'clock p. m., for the election of Directors for the ensuing year, and for the transaction of other business.

Gleanings Around About Timothy Creek

Grass, grass, grass. Farmers are on the rush now and if the sun continues to shine a few more days will have that monster conquered.

We are sorry to learn that Mr. Robert Schumpert is delayed in getting his roller mill in working order, as the one who was to put it to running took sick. We hope, however, he will get it to run yet before we get our wheat threshed. Some over the creek have had their wheat threshed.

The wide-awake and energetic farmer, Mr. Chesley Hunter, bought him a new reaper to reap down his grain.

Mr. Johnnie Cousins, Jr., has the finest tomato patch we have seen, also a fine bean patch, and is ready to start to canning some Monday.

Mrs. Sophie Henry and son, Rev. Walter Henry, spent a night with her brother, Mr. Daniel T. Boozer and family recently.

Mr. Lee Hayes has erected a new and commodious dwelling house near Mrs. Emma Buzhardt's.

Mr. Elbert Hunter has bought a new buggy.

Our dieting for the past few weeks (though not so sparingly) has been Irish potatoes, beans, cherries and peach pies, etc.

Mrs. Yancy Boozer and daughter, Miss Lila, visited her sister near Wyo's ferry recently.

We are glad to hear that St. Philips community is building up so rapidly. We knew before now those good people over there could accomplish great things. Let us hear from that prosperous people often. Verona.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pense, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but "Three bottles of Electric Bitters enabled me to walk," she writes "and in three months I felt like a new person." Woman suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed at all druggists. Only 50c.

Bachmann Chapel and Union Academy Chaps

How would you like to have a few chips in broken doses?

Our farmers have all been in a hypochondria condition for the past two months, but the most of us have the grass hypothesized at last, and we are in hope that our minds and bodies can have a little more rest.

We are glad to note that Mr. Jno. D. H. Kinard is able to be out again.

The choir met at Bachmann Chapel last Sunday evening to practice singing. They will meet again on the third Sunday evening of this month at 3 o'clock. It is needless to say anything about the importance along this line. It is our duty to assist in the singing as much as any other part of worship. We know a good many people who can sing around the home, in the field, along the road side, loud enough that they can be heard a mile, but when they go to church they never open their mouths except to giggle at some other one who is trying to do the best they can. We have another class who always seem very sympathetic. They say, my oh, what bad singing at church today, it made me feel real bad, while at the same time they haven't opened their mouths to make it better. Oh, to God that we could not only rid the church but the world at large from critics. If there ever was a class who have my sympathy it is the critics.

Mrs. Mattie Hentz, of Bethlehem section, spent last week with her sister, Mrs. S. J. Kinard.

Dr. W. T. Dickert showed us the first cotton bloom that we have seen of the season last Sunday. The bloom was taken from Mr. M. L. Dickert's field on the 28th ult.

Young Master Ochs and little sister Eva Kibler, of Newberry, are visiting their grandparents, Mr. and Mrs. G. S. Livingstone.

We understand that there is an effort on foot to organize a singing school at St. Philips and Bachmann Chapel churches. This is a very much needed at both churches, and we hope that the members of each church as well as others within the surrounding country will give it their hearty support.

Well, Tillman did dance. Don't that take the rag off the bush? I will suggest now that they have one more ball up at Clemson and that Tillman do all the dancing while McLaurin plays the fiddle.

We congratulate Newberry on every effort she is making in behalf of her new cotton mill enterprise. We wish she builds another mill and puts in a good line of sewerage she will be one of the most healthful and desirable little cities within the Palmetto State. Then we are going to run The Herald and News into one of those big dailies. Then Newberry will be fully equipped to compete with any other city in the State. Hurrah for Newberry!

The election at Johnstone Academy on last Saturday, the purpose of which was to vote on the special 2-mill tax, seemed to be "nip and tuck." Only one majority in favor of a repeal. They elected the following trustees: Jno. C. Neel, D. Q. Wilson and Adam Boozer.

We learn that Fork school held an election for trustees on Saturday and re-elected the same old set, Messrs. G. W. Metts, Drayton Wicker and Quincy Kinard.

Our old friend, Push, just passed by. We are sorry to see that he is suffering to some extent with his eyes, which he says is the cause of not having anything for the public this week. He has promised to do better as soon as he recuperates.

I wonder if anybody else except Ben Tillman would have spoken at the commencement of Newberry College on petitioned government, if there wouldn't have been at least an effort made to lynch him. But we suppose Ben is excusable on the ground that he has to have something to say about government of some kind.

We heard quite a compliment passed on R. H. G. the Newberry correspondent of the News and Courier. The compliment was that he had given the best report of the Newberry College commencement of any of the reporters.

Good morning, dear friends, other duties call me and I must go.

Yours obediently, CHAS.
