COURT OF GENERAL SESSIONS.

True Bills Found in a Number of Cases—All the Grand Jurors on Hand the First Morning—Cases Tied Yesterday.

The Court of General Sessions for Newberry County convened at 10 o'clock Monday morning, Judge D. A. Townsend, of Union, presiding.

Solicitor Sease and Court Stenographer J. D. Campbell were both on hand and ready for work.

The usual crowd of jurors, witnesses and spectators was in attendance. The entire grand jury, including foreman C. H. Cannon and seven other members of the panel, was present.

Solicitor Sease swore witnesses to go before the grand jury in some twenty cases. The grand jurors were then briefly instructed by the court as to some of their duties, being directed to pass upon the bills of indictment submitted to them by the Solicitor and to give such consideration as they might deem advisable to the general public affairs of the county.

During the day true bills were returned against the following persons for the offenses indicated:

Norman Koon, Sam Counts, Willie Counts and Moorman Gallman—disturbing religious worship and riot.

William Jackson—same offense.

John E. Ozas—refusing to provide for children.

Reuben Miller, assault with intent to kill and carrying concealed weapons.

Cord Glasgow—same offense.

John E. Ozas—refusing to provide for children.

Reuben Miller, assault with intent to kill and carrying concealed weapons.

Thirty-three petit jurors answered to their names. J. W. Boozer was excused from further attendance.

The first case tried was against John Hardy, colored, charged with perjury in that he swore in court here a year ago that he had, on the fourth day of July, 1899, bought liquor from one Carter Hill, then on trial. The defendant was represented by Mr. B. aso. The jury found him guilty, and he was given a sentence of six months on the chaingang and \$100 fine.

Dick M. Taylor of the city, was partially tried for violating the dispensary law, but the case against him was not pressed by the solicitor before the conclusion of the case. Taylor was represented by Messrs. Schumpert and Blessie.

Scott Johnstone was tried in his absence for selling liquor in violation of the dispensary law.

Scott Johnstone was found guilty, but as he was not present the sentence of the court could not be pronounced.

Reuben Miller, colored, was convicted of assault with intent to kill. He was given four months or fifty dollars.

Good Work of the Firemen.

Yesterday morning the alarm of fire was sounded, and when the companies reached the scene the warehouse of the Standard Oil Company, which was situated on the Southern track just above the oil mill, was almost burned to the ground.

Several barrels of oil were stored in this house and it was only a few feet from the oil tank.

The Excelsior company went to work immediately and even succeeded in partially saving the shed that connected the house with the tank.

Several explosions occurred while the company was at work, and there was danger every moment of the large oil tank becoming too hot and exploding. It was a dangerous piece of work, but when there is a chance to save any property the Excelsior firemen care nothing for danger to themselves.

Newberry is justly proud of her fire department, and their brave work yesterday morning will only increase her confidence in them.

The cause of the fire is not known. There were several engines shifting at the time and it is possible that a spark from one of them started it. The loss is estimated at about \$400.

He will also commence protracted meeting at Saluda on the second Sunday night and continue through the following week with one sermon a day and one at night.

If there was any credit belonging to the cotton bloom mentioned in my last week's letter, it should have been given to Mr. M. L. Wicker and not to M. L. Dickert as it appeared.

When our editor was speaking of the prospective candidates for 1902, he failed to mention his own name. We have heard Editor Aull's name mentioned different times as a suitable and most trustworthy candidate for secretary of State. If Editor Aull runs he will make it lively for the man that beats him. He would, yes, he would, be governor if he could, and there's no doubt but what a great many others would too.

Mr. and Mrs. John D. Stone and children, of Excelsior community, visited their parents and kindred in this section last Sunday.

Our brother, I. D., of near Newberry, spent last Sunday with us.

Mr. M. E. Moore and son, Babie, of Germany section, visited Thos. L. E. Epps and family last Sunday.

Look here friend correspondents, if you remember some time past, I told you that I was going to introduce something in the future in behalf of the Fourth Estate of the Herald and News. Now if you will promise to do better, and come to the front and let us hear from you regularly. I will outline the plan that I was thinking about. I thought that we would have an entertainment of some kind at the capital, and that we would call upon our liberal editor, who never backs down on account of a little expense, to give us a free ticket.

And I will further suggest that we call upon our liberal hearted Senator Tillman and his co-partner, John L. McLaurin, to be present, and Tillman skin the cat, while Johnnie jumps the rope. Go to work; now dear friends and let's make The Herald and News lively and full of fun. It seems like the one I have just mentioned is worth something if you will comply with my request, Mr. Editor. Please make cross mark at the bottom of this letter.

I want to say something about our sermon at Colony last Sunday. It was so appreciated and full of truth and good meaning. It was only a pity that more of our church-going people could have heard it. Our pastor, Rev. Armstrong, always knows just the kind of spiritual food his people need. Listen dear Christian friends to the text, and ponder it in your hearts: Be not deceived; God is not mocked; for whatever a man soweth that shall he also reap.

For he that soweth to his flesh, shall of the flesh reap corruption. But he that soweth to the spirit, shall of the spirit reap life everlasting. Ephesians 5:78 verses. I think it very essential that we parents make the text applicable to ourselves.

Dear parents, we are dally sowing seeds of some kind in the hearts of our children. Either by precept or example, and these seeds are sure to bring forth fruit of some kind. Now the personal and serious part of the question comes in, what kind of seeds are you sowing, if they are seeds of corruption, you may only expect to reap corruption.

The words of the Scripture which sayeth: Train up a child in the way it shall go, and when it gets old it will not depart from it, is most remedily so. Nine times out of ten our children are just whatever we make them, their reputation and character is only a part of our seed which we have sown.

We are all weak and prone to wander after the evils of our nature, but whenever I see misbehaved children, a thought always flashes up in my mind of the parental training.

So let us bear in mind: God is not mocked whatsoever we sow, that we shall also reap and even after our bodies have become apart of the earth our seed is bringing forth fruit of some kind.

The success of the world depends upon the kind of seed we are sowing.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pense, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, on nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed at all druggists. Only 50c.

The essential conditions for fine laundry work are up-to-date machinery, good supplies, competent workmanship. Having met all these requirements, the Newberry Laundry Co. is in a position to enter to the most critical.
