STOLE SIX THOUSAND.

Adam Harley, a Bank Employee, Could Not Show Receipt.

Halifax, F. S., Oct. 27.—Adam A. Harley, the former manager of the Bank of British North America at Fredericton, N. B., was arrested in this city tonight on a warrant charging him with stealing \$6,000 belonging to the bank.

This friend then went to Montreal and presented the deposit receipt at the bank for the money but to his surprise he found that there were no funds there.

An Episode in a Bachelor Life.

I caught her and held her fast. We sunk down together into a deep chair. The girl was watching us merrily. Nancy giggled with delight.

"Please grant me to go home to my mother," she pined.

"Never!" I thundered, with a sudden idea, born of the girl's look, "until you have performed my best."

"What's that?" asked Nancy naively.

"This," said I, and whispered in her ear.

"Ezekiel in the middle?" said she.

"Exactly," I answered, kissing her.

"Now, quick! Put your hand over it, so it can't get away."

Nancy flashed from my arms to the girl.

She put it exactly in the middle.

There is now a balance in the treasury of \$50,075.91.

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well.

Many persons have been dosed with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up.

Like Bogots Like, driven to break out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this.

Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early life.

The Sin of the Parent, for it remains smoldering in the system forever, unless properly treated and driven out in the beginning.

S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

It cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

WASHINGTON INCIDENT IN GEORGIA.

Here Is One College President Who Would Not Dine Socially With Booker.

Milledgeville, Ga., Oct. 24.—President Chappell arraigned President Roosevelt today before 420 young women of the Woman's Industrial school. He said: "A study of the races of mankind place the Southern Anglo Saxon in the highest state of development; the negro in the lowest. The negro left to himself has never evolved anything like civilization. He has always been a barbarian and a savage. What God has so wisely sundered, not ten thousand Teddy Roosevelts can bring into social equality. The bringing together of such unequal races in social union white Southern women should loathe because of their God-given instinct."

Which Side?

The following, written in regard to the shirt two, a novelty that has troubled bosoms on the same shirt:

This side is the outside, When the other side is inside, When the inside's the outside, Both are out of sight sides.

And so is the soiled side, When worn on the inside, The outside's the right side And so is the wrong side

When its on the outside, For both sides are front sides, And both sides are inside. So it doesn't matter which side You wear on the outside.

The time that a man is most in love with a woman in all their lives is five minutes before he proposes to her.

The first thing the woman who means to get into society does is to call one corner of the kitchen the butler's pantry.

A woman's baby can fall down and bump itself hard without it's being a calamity, but if she hears another woman has called that baby ugly, that's a national disaster.

"He Sang so Sweetly."

A few days ago a little boy was amusing himself by watching the birds that were playing round him.

At length a beautiful bobolink perched on the bough of an apple tree near by, and sat there quietly.

The little boy picked up a stone and got ready to throw it at the bird. The bird's throat swelled, and forth came the song: "A-link, a-link, a-link, bob-o-link, bob-o-link, a-no-sweet, a-no-sweet, I know it, a-link, a-link, don't throw it, throw it, throw it."

And the boy didn't throw the stone, but dropped it on the ground.

"Why didn't you stone him, my boy? You might have killed him and carried him home."

The little fellow looked up and replied: "Couldn't 'cos he sang so."—Christian Observer.

No Difference in Distance.

Here is a drouth story by a traveling man:

I was driving across the county to a little town in Western Kansas the other day, when I met a farmer hauling a wagon load of water.

"Where do you get water?" said I.

"Up the road about seven miles," he replied.

"And you haul water seven miles for your family and stock?"

"Yep."

"Why in the name of sense don't you dig a well?"

"'Cause it's jest as far one way as the other, stranger."—Ex.

Headache

kills, not necessarily suddenly, but SURELY. It preys upon the intellectual powers more than we realize. It consumes the vitality faster than nature can replenish it, and we cannot tell just what moment a temporary or complete aberration of the mind will result. Headache and pain should be promptly removed—but properly. Many pain cures are more harmful than the pain. Beware. If you would be safe, take

Dr. Miles' Pain Pills.

"As a result of neuralgia I lost the sight of my right eye, and I the pain I have suffered is incomprehensible, being obliged to take opiates almost continually. A friend gave me one of Dr. Miles' Pain Pills and it promptly relieved me. I then purchased a box and now my trouble is gone. They have also cured my daughter of nervous headache, and I heartily recommend them to others."—W. J. COLLEY, Bremond, Texas.

YOU CAN'T DOWN THE STIEFF!

There are all kinds of men in the Piano business, but the meaneast competitor that has attracted our attention recently, is the man who sets to and fully tries to dissatisfy customers that have already bought fine Pianos by telling them they have been swindled, etc. We would advise such men as this get out to work, put in the time they waste in such work as this in hunting for customers, and perhaps they could sell a Piano once in a while.

The class of people who buy the STIEFF PIANOS are the best people on earth, and their minds are not to be changed by every little wind that blows. STIEFF PIANOS are the very finest Pianos made, and are sold all over the world on merit alone. It's the old reliable STIEFF PIANO all the time, and when anyone tells you he can furnish something as good for less money—just remember you have heard "Ghost stories" before.

Write today and get Factory prices on the STIEFF PIANO and save the big profits made by the dealer.
