A HOSE WAGON ORDERED.

The City Council has closed the Contract for a Beautiful and Substantial Hose Wagon for the Excelsior Fire Company.

The Newberry firemen, who have in the past served the town so faithfully and successfully, are soon to be rewarded for their excellent services, by being provided with more modern and up-to-date equipment for duty.

At the meeting Tuesday night the City Council decided to buy a one-horse hose wagon, and closed the contract with Mr. D. M. Wells, who represents the Racine Fire Engine and Motor Company, of South Milwaukee, Wisconsin, for an up-to-date wagon, with all the latest appliances, necessary for good substantial work.

The wagon will be pretty as well as substantial and strong. It will be painted garnet, lettered and trimmed in gold. On each end of the seat's will be painted in large letters Otto, the wagon being named in honor of our popular Mayor. On the back of the seat, below the brass railing which surrounds the seat, the words Excelsior No 1, will appear, and on each side of the body, the letters N. F. D. will be painted—Newberry Fire Department.

The wagon is to be shipped within 90 days from the time the order is placed, and in the meantime preparations will be made for putting in the wagon, drop harness, etc., at the present headquarters of the Excelsior Company.

The council has not yet taken any action looking to getting a horse, and as a suitable horse has to be selected for this purpose, it is probable that Assistant Chief Brown, who is such an excellent judge of horse flesh, will likely be sent to Kentucky, or where he thinks best, to get a good horse. The idea of our city fathers is not to get "an old scrub," but to get a good horse.

A suitable man, one that understands training a horse, will be put in charge and kept at the station all the time. This is certainly a step in the right direction, and the citizens should reap the benefit in a reduction of insurance.

The President of the Excelsior Fire Company will publish the first of the year, a statement of the number alarms responded to during the year, the number of fires, and the estimated loss at each fire, during the year 1901, and we venture the assertion that the insurance companies represented here have not paid out in the town of Newberry during the year, as much as \$1,000 on losses. We know of no way of getting at what has been paid out on insurance—we wish we did. But, the point we want to make is, with the excellent service and good results we have had in the past and with the coming improvements and better equipments which will guarantee quicker and more prompt service, making less risk, something should be done at once, to give the citizens benefit in a less rate of insurance just as soon as the new service is installed.

In this action the council of 1901 has done the town service which will stand to their credit for years to come.

Throat Sore?
There's no telling what a sore throat will do if you give it "right of way." Uncertain remedies often cause dangerous delay. Make a cure sure with Painkiller, known for half a century as a specific for sore throat, croup, coughs, and all kindred troubles. Keep it by you for an emergency. It never fails. A cold substitute, there is but one painkiller, Perry Davis'. 25c. and 50c.

Santa Claus' Post-office.
If the children wish to mail letters so that they will reach Santa Claus, we will state for their benefit that Sant B. Jones has opened Santa Claus Post-office at his store. All the children have to do is to write the letters, sign their names and hand them in at Mr. Jones' store. Tom Pope and James Renwick make good postmasters. This is the only way to reach the old man directly.

Death of Dr. Jno R. Thompson.
Dr. Jno. R. Thompson, who has been ill with dropsy for several months, died yesterday morning at 4 o'clock at the residence of Mr. A. C. Jones, where he has been rooming for some time. Dr. Thompson was 51 years of age, he was a quiet, peaceful and unassuming citizen. He leaves one daughter, Miss Mary, with many friends and acquaintances to mourn his death. His remains will be buried this afternoon at Rosemont Cem. Leave the residence at 8 o'clock. Services at the grave conducted by Rev G. A. Wright.

Stockholders' Annual Meeting.

A Good Cough Medicine.
[From Gazette, Toowoomba, Australia.]
I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been prominently given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by W. E. Pelham & Son.

A Modern and Up-to-Date Store.
The management of the Palmetto Grocery Store have lately been making some improvements in their large store and putting in a new and fine stock of goods. The improvements have not all been completed as yet, but the store has now put on a city like appearance and in every respect is a modern and up to date grocery store and a credit to the city. The circular stand, facing the front windows, is full of fine fruits, canned goods, and everything imaginable that should be in a first class grocery store. In a few days the old front will be torn down and a new solid plate glass front put in, and the best part of the whole thing is that the store is as clean as a home, and ladies need have no hesitation of going alone to make their purchases. At present they are ready for the Christmas trade, and in the future will continue to keep on hand a selected stock of goods. Give them a call and take a look at their store.
