COLUMBIA LETTER

Columbia, Feb. 6.—I was able to get out of the room on Monday but did not return to Columbia until Tuesday, having been kept in the house for nearly two weeks. I am glad to be out and to get back to work.

The legislature will leave in a body tomorrow morning in a special train over the Southern for Charleston, and two days will be taken off in this visit to the Exposition. The special train will leave Charleston on the Coast Line at 5 o'clock Saturday afternoon. Not only the legislature but all attaches and all State house officials are included in the invitation and nearly every one is going. The State house tomorrow and Saturday will be somewhat like a deserted hall. Some of the members did not think the legislature should take the trip unless the pay was knocked off also, and I believe there is a resolution not to take pay for these two days. I look upon resolutions of this character somewhat like I do upon resolutions fixing a day for final adjournment. They contain a good deal of buncombe and are largely a play to the galleries and meant for home consumption, though I have no doubt there are some who are not so much interested in the adjournment resolutions. We do not see anything specially to be done by the members during the trip, and it may help the Exposition, but it is not taken off for the State house, though it seems the members have made in mind.

The important matter of the school law has been discussed in the House, and the committee on the subject has reported. The committee has recommended that the school law be amended so that the Board of Trustees shall have the power to employ teachers, and that the Board of Trustees shall have the power to employ teachers, and that the Board of Trustees shall have the power to employ teachers.

Mr. E. H. D. has introduced a bill to amend the charter of our graded school. In order that the people may see just what it is, I send you a copy of the bill for publication. It changes the manner of selection of the board of trustees and removes the number. It also provides that no teacher shall be elected in the school who is related by consanguinity or affinity within the second degree to any member of the board; and it further makes the tax permanent and not to be voted annually. The bill will pass the house and the senate also, unless opposed by Senator Moore. It is a good bill and should pass. Here it is in full:

To Amend an Act Entitled "An Act to Establish the Newberry School District, to Authorize the Establishment of Free Graded Schools Therein, and to Provide the Means for the Efficient Management of the Same," Approved the 23d Day of December, A. D. 1890. Be it enacted by the General Assembly of the State of South Carolina: SECTION 1. That an Act entitled "An Act to establish the Newberry School District, to authorize the establishment of free graded schools therein, and to provide the means for the efficient management of the same," approved the 23d day of December, 1890, be, and the same is hereby, amended by striking out Sections 3 and 4 of said Act and inserting in lieu thereof the following, to be known as Sections 3 and 4 of said Act: SECTION 3. That a Board of Trustees is hereby created, to consist of five members, to be elected one from each ward of said town, with the power to fill any vacancy caused in the number by death, removal or resignation until the next succeeding election herein after provided for, at which election the vacancy shall be filled for the un-

SOME MORE CHIPS

Our Hunting Correspondent from around Richman Chapel and Union Academy writes Another Newsy Letter.

It is not intended upon the reading public to much we will throw in another slice. We never like to crowd in so much in the same issue of the same kind, but as our last letter has been delayed for the past week or ten days, we hope to be excused.

Our sick are all getting along nicely. We are sorry that our editor has been sick for the past week and not able to be at his post of duty. While we missed his interesting letters from Columbia we were thankful that his condition was not so serious as to keep his pen from going. We hope by this time that he is fully recovered.

The public has long since recognized the fact that if you want the news you must take The Herald and News. "Herald" for our free rural delivery. We have just learned that in a few more days it will go into a daily. The people along this route have been greatly benefited by the service of the free delivery, which has given us our mail three times a week regularly for nearly three years.

If we get a little more convenience down here in the country we will feel almost like we are living in town. Mr. Editor, the thought has just struck me that we should not be behind, we must run our Herald and News into a daily. With such fine facilities over the country and the fact of Newberry growing so rapidly, there is no sense of saying any longer that "the time has not come for a daily." It is right here now and the people demand it. You are sleeping on your rights if you postpone any longer.

Last Monday morning as we drove in town we were suddenly struck with sadness as the news reached us of the death of Mr. C. E. Boyd. Mr. Boyd was a model man, away beyond the ordinary. I don't know him meant to have him. He came as near living a life up to duty, both to God and man, as anyone I ever saw. Not only his family and relatives, but the whole country has a right to feel proud of the life of C. E. Boyd. While heaven needs such men God shows us that heaven also needs them. While death is sad under all circumstances, yet there is great joy and consolation in the death of the righteous. May God give more such men as C. E. Boyd.

Never mind the weather so the wind did blow last Sunday, but never the less we were thankful to be able to attend preaching at Colony. After we had arrived we found that our pastor, Rev. C. H. Armstrong, along with a great number of others, did not mind the weather. The sermon was from the first part of God's word, the beginning of time. "So God created man in his own image, in the image of God created he him. Male and female created he them." Genesis 1st chapter and 27th verse. Rev. Armstrong pointed out some new thoughts upon this subject that were very interesting. Although he never fails to give us something fresh and good for our souls to feed upon. This was his second anniversary sermon and it is a great satisfaction for the writer to say during these two years he has accomplished much good among the people of Colony church.

We commend the action of the government in pardoning the Riser boys. We thought that the petition asking for their pardon a year ago should have been granted, but the solicitor and governor thought otherwise. So they were left to battle with the hardships of prison life one more year. We hope that they will stick to their promises that they made to the governor and lead better lives and make better men of themselves. And we, too, hope the good people of the country will take them by the hands, hold them up, give them a chance to redeem themselves. We are all prone to do evil. The only mistake we see some one has made is in giving out the information to the public implicating the dead man. This should have been done while the man was living if it had to be done at all. Young men, let the dead rest; you will never reach the top of the ladder by throwing off your bad deeds on some one else.

Well, it's about time to begin talking about buying gunno and raising cotton and bothering Messrs. M. A. Carlisle, Jno. M. Kinnard and Dr. McIntosh about how much money they are going to let us have. And it really seems that they don't care to be bothered very much more with farm's notes, and it would be a God's blessing to a great many of us farmers if they would shut down on so much money lending. But, Messrs. presidents, there is one thing I want to instruct upon you, please respect every man's feelings. It don't matter how poor he may be, treat him with respect, getting him to be a little more sparing when I bought an account of our stewardship here on earth, and if we are living for any purpose at all, let that purpose be centered upon the happiness of eternity. I am with the unfortunate class. I have to borrow money. The first time I stepped into a bank and made a little draw I said when I came out "isn't this a blessing." But I have imposed upon that blessing just as a great many others have done. So right now is the time, dear friends, to refrain from further imposition upon our credits. A right good way to keep from getting hurt is to keep yourself out of the fire. If we will be a little more sparing and cautious for awhile we will be able to overcome this burdensome thing of debt.

Mr. R. E. Hunter moved from Mr. Geo. S. Mower's Gallian place to Long Lane with Mr. Calvin Baker. And still they move. CHIPS. Feb. 5, 1902.

Mr. J. J. Lane and Mr. J. D. Davison, of Newberry, spent Tuesday evening in the city. Yesterday Mr. T. C. O'Connell, Mr. C. E. Schaefer and Mr. I. W. Floyd were here. Hon. H. H. Evans has been here starting the week according to a meeting of the dispensary board.

A thin body makes thin blood. Thin blood makes a thin body. Each makes the other worse. If there is going to be a change the help must come from outside.

Scott's Emulsion is the right help. It breaks up such a combination. First it sets the stomach right. Then it enriches the blood. That strengthens the body and it begins to grow new flesh.

A strong body makes rich blood and rich blood makes a strong body. Each makes the other better. This is the way Scott's Emulsion puts the thin body on its feet. Now it can get along by itself. No need of medicine.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails. The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, N. Y. City, Jan. 3, 1901. DRS. TAFT BROS. MEDICINE CO., Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or other.

DR. TAFT BROS. MEDICINE CO., Gentlemen: I write this testimonial from sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I resolved to see your sign upon your windows on 130th street, New York. I ordered a trial bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using only one bottle the asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend it to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO., Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed.
