EDITOR GONZALES VS. JIM TILLMAN.

The state newspaper is starting its campaign against Jim H. Tillman early in the game. In yesterday's paper is published about three columns of testimony to prove that Mr. Tillman as presiding officer of the senate made a ruling which was not only against parliamentary law but in the face of all precedent, and in addition to this he made a false statement and had said falsehood spread upon the journal of the senate.

The time of the state newspaper has taken the matter and now writes to these two gentlemen to find out if they had sustained Mr. Tillman in the ruling already mentioned. President Page in his reply says: "I had a telegram from Mr. Tillman in relation to the ruling of the senate."

Mr. Tillman's ruling was that he received the following telegram from Hon. G. W. Tillman under date Feb. 17: "I have read your opinion on the ruling of the senate. It is not a ruling of the senate."

These are the main facts in the case. The state newspaper has published the ruling and the testimony of the presiding officer. The state newspaper has published the ruling and the testimony of the presiding officer.

We are glad to see that County Superintendent Werts is urging the teachers of the county and the schools to join with the college in their Charleston trip on April 1. The fact is we believe each school district should have a meeting of the board at once and appropriate out of the public fund a small amount to pay transportation of the school as an educational matter. From an educational standpoint it would be worth more to the pupils to visit Charleston and the Exposition than a month in attendance upon a course. It is an opportunity which may not come again in a long time. By attending at every point of the trip a school should be benefited. There will be a special train over the Southern next Tuesday, starting from Newberry at 6 o'clock in the morning and there will be no other intermediate stops as the coaches will be in operation all the way. You will get in Charleston in the afternoon and have ample time to look out for the place at which you desire to stop and get located before night. Transportation is low and had price admission to the Exposition is given next week to the schools. It is the time for the schools to go. We would have a Newberry wood station of a Newberry day.

Treasurer James H. Campbell of Richmond county was elected to the position of president of the board of directors of the Presbyterian College for Women in Columbia. He had many a good time in Newberry when he was in the state.

We sympathize with our friend Mr. Tappan in the loss of his wife. He had no insurance which makes the loss all the more heavy.
