

TWO CONVICTS PARDONED.

Like Kelly, Who Felled the Plot to Kill Sheriff Buford, and John Brooks, Who is Sick.

Governor Heyward on Saturday pardoned like Kelly, an 18-year-old negro of this county, who was convicted at the recent term of court of assault and battery with intent to kill and sentenced to pay \$25 or serve three months on the county chain gang. Pending action upon the petition for pardon, a stay of sentence had been granted, and Kelly had not yet gone to the gang.

Kelly is the negro who recently foiled a plot made by the prisoners in jail to kill Sheriff Buford. An account of the plot and the manner in which it was foiled was printed at the time of the occurrence.

The sewerage system was being extended to the jail and the prisoners in the iron cell were removed during the day to a wooden cell and placed in the iron cell again at night. These prisoners, headed by Elijah Edwards, who is charged with murdering J. Butler Kinard, agreed that when the Sheriff or his deputy came to remove them at a certain time they would kill him and escape. On Saturday, the 25th of July, an aged negro from Kelly's section of the county went up to see Kelly, who sent word to the Sheriff to come up to see him. The Sheriff went up and Kelly informed him of the plot. Kelly said he was afraid somebody might be killed, and he might be the man. Judge Dantzler in passing sentence at the recent court took these facts into account and made the sentence as light as the law allows in such cases. A petition for pardon was presented to the Governor, signed by Judge Dantzler, Solicitor Sease, Sheriff Buford, and a number of others. Kelly was a very happy negro when released Saturday morning. With a broad grin on his face he declared he "would never put his hands on another negro, much less fight one."

JOHN BROOKS PARDONED.

Governor Heyward on Saturday also pardoned John Brooks, convicted at the November, 1902, term of court for this county of larceny and sentenced to the chain gang for one year. Brooks is in very bad health owing to three bullets which he carries in his body and which have made him a sufferer from rheumatism, and he has served his sentence thus far by remaining confined in jail. Brooks was shot by Policeman Franklin in January of last year. A few days before he had stolen about a bushel of potatoes from Mrs. Werber's potato house—the crime for which he was sentenced. He was arrested on suspicion, carried before Magistrate Chappell, and held on his own recognizance. There was very little testimony conclusive of his guilt. A few days later Policeman Franklin discovered that the potatoes were hidden in Jones' woods beyond J. A. Burton's residence near where Brooks lived. Carrying Mr. Vaughn with him, Policeman Franklin went to recover the potatoes. Just as he started to return to the city he was confronted by Brooks, who with a scythe blade in his upraised hand demanded to know what was wanted. Policeman Franklin shot him in the left arm and Vaughn shot him twice in the thigh. He was tried in November and sentenced to the gang.

Dr. Cromer in Pickens.

At the big educational rally held at Pickens on Saturday, and which was attended by about three thousand people, addresses were made by Governor C. Heyward, State Superintendent of Education O. B. Martin, and Dr. George B. Cromer, president of Newberry College. Speaking of Dr. Cromer's address the Pickens correspondent of the News and Courier says: "Dr. George B. Cromer, president of Newberry College, was next introduced. Though a stranger here Dr. Cromer's pleasant address and genial personality added to a persuasive voice, soon won the hearts of every one present. The Doctor made a strong plea for more money and better teachers for the country schools. He told his audience in a clear and forceful way what true education meant, and said it was by far the best investment in the world. He also emphasized the necessity, the great importance of employing only teachers of the highest moral character to mould the intellect of youth. Dr. Cromer's address was most scholarly and instructive."

The Mayor's Court.

A number of minor cases were disposed of by Mayor Earhardt yesterday morning. Mance Dorroh, colored, was sentenced to pay a fine of \$15 or to serve thirty days on the gang for stealing chickens from Mr. E. R. Hipp, Mr. Hipp had been missing chickens for some time. Saturday afternoon Policeman Koon was watching for chickens which had disappeared from Gravel Town. He observed several chickens in a buggy and asked Luther Dennis, a negro, to whom they belonged. Dennis said Dorroh had paid him 10 cents to carry the chickens to Dorroh's house. Dorroh works for Mr. Hipp and the chickens were carried to Mr. Hipp and identified by him. John T. Cook, white, was fined \$5.00 for cursing and throwing rocks. Merritt Davenport, white, was fined \$5.00 on the same charge.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by Wm. E. Pelham and Prosperity Drug Co.

Fresh Flour All the Time.

The celebrated "Clifton" flour is sold only to the retail merchants, and as they buy in small quantities, the flour is always fresh. Bransford's "Clifton" is strictly the flour for family use, and if your bread, cake and pastry are not made of it you are certainly the loser. We keep it in stock regularly. T. J. HAYS, Successor to Hays & McCarty.

GOODS ROADS MEETINGS

At Young's Grove on Friday and at Whitmire on Saturday—Prof. Sligh's Logical Argument.

The goods roads meeting at Young's Grove on Friday was the most largely attended in the campaign thus far, the crowd numbering about three hundred.

Mr. R. T. C. Hunter acted as chairman of the meeting.

Addresses were made by the Rev. S. H. Zimmerman, Col. E. H. Aull, Hon. Cole L. Bleasie, and Prof. W. K. Sligh. The positions taken at the various meetings by Messrs. Zimmerman, Aull, and Bleasie have already been stated in these columns. Prof. Sligh made a strong and logical argument for an issue of bonds. Prof. Sligh said in part:

THE ISSUE OF BONDS.

"If it is intended to really build roads the following plan appears to me the most practical and economical:

"Issue \$200,000 worth of 4 per cent. bonds and thus place ourselves in a position to receive \$200,000 in cash from the national government if the government extends aid, as it is very probable it will do. Pennsylvania has taken the necessary steps to get nine millions. When these great States take hold of a thing there must be something in it.

Moreover, this is the first chance the South has had to get something for the forty millions she pays the national government each year. \$100,000 would build 400 miles of road. This would cover the county pretty well. These \$400,000 would be spent in the county for labor, material, hauling, etc. Our people would get nearly all of it and it would make times better.

"A 2-mill property tax would pay the interest on these bonds and relieve them in thirty years. (Here the speaker gave an array of figures showing this result. It is impossible to obtain the figures for this issue, but they will be given later.)

"This levy would be lessened from year to year as the value of property increased. \$2.00 commutation tax would keep the roads leading into the main roads in excellent condition."

The speaker said he had seen road building in Maryland and Pennsylvania, the farmers hauled the stones from the nearest quarry and dumped them in a rough condition on the road-beds. Then they were broken into the required sizes by men with hammers. The work was very rapid and not expensive. Of course the road had been previously surveyed and graded by an engineer. We have as good or even better material for road building. Our ordinary granite is said to be as fine as any stone in the world for roads. It is plentiful and well distributed. Where there is no granite other good stone can be had. Newberry county is exceptional in regard to material.

The bond plan is superior to the pay-as-you-go plan for several reasons:

1. It is not just to make the present generation bear all the expense of such permanent improvements.
2. The work would be too slow or else the taxes too high if we try to pay as we go. A two-mill tax would raise \$11,000 a year. This would necessarily be spent for a few years on some one section of the county. Other sections would become dissatisfied. The road tax would become an issue in politics. The majority receiving no direct benefit for a long number of years would send men to the legislature pledged to remove the tax. This would end the good roads question. If you propose to make the tax heavy enough to build roads rapidly the people can't afford it.
3. The bond plan would put into circulation \$100,000 at a cost to the taxpayers of 2 per cent. interest.
4. The bond plan would in a few years bring the benefits of good roads to the whole county. All the people would have the use of them and all the property would increase in value at once. An excellent barbecue dinner was served.

THE WHITMIRE MEETING.

The meeting at Whitmire was held on Saturday. Owing to the bad weather, the crowd did not number over fifty.

Mr. Jno. W. Scott acted as chairman of the meeting.

Addresses were made by Col. Cole L. Bleasie and Col. W. A. Hill.

A good barbecue dinner was furnished.

To Fill Chair of Mathematics.

Mr. O. B. Cannon will fill the chair of mathematics in Newberry College next session. He is a member of the class of 1898. He was superintendent of the Due West Graded School last year and was re-elected with an increase of salary. The trustees esteemed him very highly and were very reluctant to release him.

Shelly, Dean and Summer.

Messrs. Shelly and Dean will move their furniture store on September first to the building on Main street now occupied by the Newberry Hardware Company. Mr. Gus B. Summer will go into the partnership, and the business will be conducted under the firm name of Shelly, Dean and Summer. This firm is carrying a line of furniture first-class in every particular.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by Wm. E. Pelham & Son and Prosperity Drug Co.

WAS NOT SENT AWAY.

State Treasurer Jennings Makes a Statement About the Columbia Hospital Matter.

Several days ago there appeared in The Herald and News an article stating that a white man in the last stages of consumption, very weak and unable to walk, got off the Southern's passenger train in this city, claiming to have been sent away from the Columbia hospital in this condition and that the hospital had not provided him with a ticket to carry him home and that some one at the State house had written a note to the ticket agent securing transportation for him to Newberry. The man, who gave his name as John Cook, said that his home was in Greenville. The man's statements in regard to the alleged ill-treatment by the Columbia hospital were very generally circulated and they were printed for the purpose of giving the hospital an opportunity to set itself straight in the matter, and without an intention of reflecting upon the hospital or the people of Columbia in any manner whatever. The man's statements were printed as they were made. The people of Newberry could not believe them unless there should be no denial from the hospital, and The Herald and News so stated in these words:

"The people of Newberry refuse to believe that in this civilized age such a course would be pursued by any hospital anywhere." But there was "something wrong some where" and the man's statements were printed for the purpose of getting the matter cleared. The following from the Columbia State of Saturday puts the matter straight. No injustice was done the Columbia hospital by The Herald and News. In fact, the Columbia people would have been done an injustice had they been given no opportunity to correct the impression which the man's statements necessarily created. The State says:

An injustice has been done the management of the Columbia hospital recently. The Newberry Herald and News recently published a story from Newberry to the effect that the man had complained that he had been sent away from the Columbia hospital in a deplorable condition and penniless. This statement attracted the attention of the State treasurer, Capt. R. H. Jennings, who yesterday gave to The State a statement showing that the man had evidently suffered from some kind of vagary and that he was not turned out of the Columbia hospital.

Capt. Jennings said yesterday: "I notice in your issue of this morning an article from the Newberry Herald and News under the heading, 'Something Wrong Somewhere,' and the man mentioned, I desire in the interest of truth and fairness to state the facts as I know them."

"Mr. Cook came into the treasurer's office in the forenoon of Saturday as I recollect and said that he had come from Augusta, Ga., where he had been in a hospital and was discharged with free transportation to this city; that he was dying with consumption and wanted to get to Newberry, where he had worked in a cotton mill. I saw he was feeble and he begged me to give him a few dollars to help him get home. He said he had a letter from the other men in the office gave him some. I wrote a letter to Mr. P. L. Welles, superintendent of the Southern railway here, and asked him if he could do so please to give him free transportation to Newberry." said the captain.

Salaries Raised.

The Commissioners of Public Works held a meeting on Friday and raised the salaries of the Superintendent of the water works and electric lighting plant and his clerk. Superintendent Boyd's salary was raised from \$1,000 a year to \$1,100, and Mr. Floyd Bradley's salary from \$25 per month to \$35 per month.

The extension of the sewerage system to the college was discussed and Superintendent Boyd was requested to prepare an itemized statement of the probable cost and report at the next meeting.

Werts Granted Bail.

Henry Werts, charged with murdering Tom Auton, was granted bail on Friday in the sum of \$1,500 by Judge Cass G. Dantzler, at Greenwood. Werts appeared before Judge Dantzler in person. He was represented by Col. George Johnstone. Werts gave bond on Saturday morning and was released from custody.

For Selling Liquor.

Charles W. Douglas has preferred charges against Will Ruff for selling liquor in violation of the dispensary law. The case will come up before the Mayor on Thursday morning. Ruff will be represented by Cole L. Bleasie, Esq.

A Funny Show Coming.

A Rabbit's Foot Comedy Company, a high class company of genuine negro fun makers are billed to appear in Newberry, Monday night, August 21, under canvass on the Mower lot, opposite the jail. While this show is composed of all colored male and female performers, it comes highly endorsed by press and public as giving a strictly clean and refined show such as can be attended by elite ladies and children. They travel in two private cars and carry a big brass band and superb orchestra. The performance besides being very laughable, consists of good singing, buck and wing dancing, cake walking and comedy specially written for this company by Frank Dumont, an old time minstrel man of note. In this comedy is a complete minstrel first part, with its gags, witticisms, change of end men, etc., and replete with rag-time opera. Prices of admission 35 cents, children 25 cents. Reserved seats sold at tent. Watch for their grand street parade on day of show.

COKEBURY DISTRICT MEETING

Of the Woman's Foreign Missionary Society to be Held at F-w Chapel August 27-30—Interesting Exercises.

The annual meeting of the Woman's Foreign Missionary Society will be held at New Chapel August 27-30, beginning Friday morning at 10 o'clock. All delegates who come by rail will please be at Newberry on Thursday, August 27th.

Mrs. Humbert, Mrs. Herbert, Mrs. Owens and others of prominence will be with us. Miss Johnnie Sanders, a returned missionary, will enhance the interest of the meeting by bringing us in closer touch with our work in China. Sunday's exercises will be especially attractive.

Those who fail to hear the eleven o'clock sermon will surely have something to regret. Our silver jubilee service will be held Sunday afternoon and we want every Methodist church in the district represented.

The New Chapel Auxiliary of the Woman's Foreign Missionary Society extends to delegates from the societies or churches all over the district a most cordial invitation, and visitors from our own or other churches will also receive a very warm welcome. There will be two services each day with an intermission at midday for refreshments.

MRS. I. P. CANNON,
Pres. New Chapel Aux.
MRS. W. L. HERBERT,
Corresponding Secretary.

Flour Higher.

The late Government report makes the wheat crop thirty-five million bushels less than last year. This means very much higher flour until another harvest in 1904. All flour is higher now, but the advance on Bransford's "Clifton" has not yet been as great in proportion to other flour. However, it is a mighty good time to buy a supply before it goes still higher. Fresh flour constantly received.

PROVE IT ANYTIME

By the evidence of Newberry People.

The daily evidence citizens right here at home supply is proof sufficient to satisfy the greatest skeptic. No better proof can be had. Here is a case. Read it:

O. C. Barton will hand at the Newberry Canton Mill says: "Doan's Kidney Pills did me more good than any other medicine I ever used. They cured me of backache after everything else had failed. I suffered with my back for several years and tried all kinds of medicine but it only got worse all the time. I have not lost as much as two weeks at a time from work on account of the terrible pain in my back. At times I could not stand straight to save my life and I seemed to lose all use of my back while the constant dull heavy pain prevented me from sleeping or getting rest in any position and I would get up in the morning tired to death. The kidneys were discolored and too frequent in action so that I had to drag myself out of bed several times during a night. I tried everything I could get, rubbed on liniments, wore plaster and took remedies but it was just the same old backache and I thought I would never get well. Seeing an advertisement about Doan's Kidney Pills I went to W. E. Pelham & Son's drug store and got a box. They went at once to the right spot. I used three boxes of them and my back ceased aching. I had no more pain and I was able to get to work again. I could get sound and refreshing sleep at night. I attribute these results entirely to the use of Doan's Kidney Pills."
