Keep salt, pepper, sugar bowl, salad dressing, napkins and preserves on a tray and take them to the table in one trip.

To prevent paper napkins from sliding off the lap, anchor them firmly in place with short strips of scotch tape.

If your tube of toothpaste springs a leak, apply a strip of scotch tape over the break and it will work like new. This may be applied on any thing that comes in a tube.

Leftover bones used in making soup, stew and other meat dishes may contribute important calcium to family meals.
