For Joyful Cough Relief, Try This Home Mixture

This splendid recipe is used by millions every year, because it makes such a dependable, effective medicine for coughs due to colds. It is so easy to mix—a child could do it. From any drugist, get 2 1/2 ounces of Finex, a special compound of proven ingredients, in concentrated form, well-known for its soothing effect on throat and bronchial irritations. Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup. Put the Finex into a pint bottle and fill up with your syrup. This gives you a full pint of cough medicine, very effective and quick-acting, and you get about four times as much for your money. It never spoils, and is very pleasant—children love it. You'll be surprised by the way it takes hold of coughs, giving quick relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if it doesn't please you in every way. **Finex Saves You Money!**

Put your spare moments to good account! Our Needlework Book will show you how. It's only FIFTEEN CENTS. This edition has illustrations of the best designs yet.
