ARRIVAL AND DEPARTURE OF TRAINS AT ORANGEBURG.

Table with columns for Passenger and Freight, and sub-columns for Day and Night Trains. Includes arrival and departure times for various routes.

Notice.

Contract advertisers may change monthly. Every change must be sent in by Monday noon.

We are requested to give notice that on Saturday a Committee will be at the Pic-nic ground, opposite Capt. Rowe's residence, to take charge of all baskets, which owners may not desire to carry to the corner-stone celebration.

Visitors are requested to have EACH BASKET CAREFULLY MARKED WITH THEIR NAMES.

PERSONAL.

F. DeMars, Esq., has returned from a trip to Canada, and looks remarkably well.

HOT WEATHER.

Friday last was a most oppressive day. At 5 1/2 P. M., the thermometer ranged at 93.

NO CHARLESTON PAPERS

Came yesterday (Wednesday), and the "News & Courier" subscribers were disconsolate, not knowing what to do with themselves.

INTERESTED.

Since we published the item, of the two young ladies who were working twenty acres of cotton, we have received a call from two bachelors, who desired to learn the names of the fair farmers.

THE MONTHLY PARADE

Of the Young America and Comet Fire Engine Companies took place on Tuesday afternoon last. They made a handsome show, the Comet being rather stronger in number than usual.

PERSONAL.

Our Charleston correspondent, Chas. Carerre, Esq., who has, over the MONTHLY DE PLUME of "A Snodgrass," furnished so many interesting letters, is now on a visit to our town. We can promise a recuperation of health if he protracts his stay in so fine a climate.

SALES-DAY.

Last Monday, although sale-day, failed to attract the usual crowd to the METROPOLIS. True; the camp-meetings made a drain upon both town and country, and everybody had something to do at home, and nothing, (or very near it) to spend in Orangeburg, and the Sheriff offered no special attractions in the line of "closing out to make room for a fall stock," so where was the inducement? The day began hot and dry, but about noon a thunderstorm gathered, and the swinging of the "Dragon sign" before the wind (that obliged Pecksniff to

resort to vinegar paper) was not a circumstance to the swinging of shutters and gates, before the gust which sent the clouds of dust into eyes and noses. Fortunately a rain followed—a real soaker that made the farmer smile, and the cotton look fresh. We report below a list of sales made, and prices of such property as was knocked down under the hammer.

One tract, 185 acres, property of Abraham Antley, bought by S. Dibble. 1031 acres (swamp) property of C. S. Bull, bought by H. Klatt & Co., for \$150.

BASE BALL

Is becoming the rage in Orangeburg. Several fine games were played during the past week. We will thank the different clubs if they will hand us in, now and then, an account of the games played. Not being versed in this "little game" as was Bret Harte's Heathen Chinee, we would be "out" all the time, in attempting to describe it—in fact, we couldn't "Nye" do it!

GOOD NEWS.

Genl. Kershaw, Messrs. W. D. Porter, and W. R. M. Sims have interviewed President Grant with a view to the pardon of the Ku Klux prisoners, and have succeeded in obtaining the consent of the President, to stop further prosecutions against them, except in aggravated cases. It is also believed by those gentleman that many, if not all of the prisoners now imprisoned will be released.

BEANS EXTRAORDINARY.

Think of growing snap beans over two FEET in length! and then say that this is not a great country to live in. Mr. J. M. Betsill has sent to our sanctum some specimens of the above size, of which two or three joined together presented somewhat the appearance of a plow-line. We have heard it said that nobody could do two things at once, but Mr. Betsill has proved that both BEANS and BEANS can be made by one and the same person.

MAKING TIME

The sleeping car on the Augusta road met with an accident, that delayed the passenger train of Friday last. The train in consequence did not leave Graniteville until two hours behind schedule time, but the road was in good order, and the engineer sober (as all the engineers are on the S. C. R. R.) and the run was made to Orangeburg by a few minutes after eleven. The time recovered was an hour and forty minutes in a distance of about (70) miles.

THE AUDITOR'S OFFICE.

We have, like the rest of our friends, had occasion to visit this office, that we might escape the penalty for delay, and must attest to the promptness and attention given to persons applying for information and the facility with which the business of the office is discharged.—Should there be any grumbling after the limited time, by taxpayers, they must blame themselves. We have warned them time and again, and repeat the notice that the auditor's books close after the 20th inst.

THE CORNER STONE

Arrived yesterday by express. It was mysteriously and carefully boxed.—There was not the least chance to discover its shape, and the Master Mason who took it in charge was mum on the subject. Mr. Pry suggested it might be square, and Pokey said it was a rhomboid, which being explained geometrically and anatomically to the colored boy who lifted it, caused him to exclaim, that "dat rumbony stone almos' pop my rumbony muscle." Who will stay away from seeing the the laying of this curious stone, which is fixed for Saturday next?

THE CROPS.

A favorable change has taken place since June in the cotton crop, which now bids fair to yield an average crop. Rain was much needed during the past week; but most farmers were visited on Sunday and Monday last with fine showers, which caused the drooping leaves and farmers' faces to look more cheerful. Fodder stripping, which is looked to as

the beginning of harvest, has commenced, but on every hand, we learn the corn crop will be short.

MARVIN'S SAFES.

See advertisement, to-day of the celebrated Marvin Safe Company, whose work has been often thoroughly tested. No business man should rest at night unless his books and papers are secured in a good iron safe, and we recommend all to examine those offered by this Company.

Carpenters, Pattern Makers, and Cabinet Makers.

Will take notice that P. P. Toale, of Charleston, has on hand and for sale, White Pine of the finest grade, wholesale and retail. Also, Walnut, Oak and other hard wood.
