Wheel of Fortune.

The Town Council has closed up that enterprise and no more fortunes are made or lost by it.

S. C. R. R.

Suit has been commenced against the road, for the killing of a "very valuable horse," which among its other ailments was blind.

Stick in the Mud.

A timber cart stuck in the bog of Russell Street one day last week. The repairs going on will prevent such accidents in future.

Charleston Races.

Quite a crowd left here on on Tuesday night for the Charleston Races, our correspondent will furnish us next week with an interesting letter describing the races &c.

Almanac.

A great deal has been said about the Ledger Almanac, but it is eclipsed by one published we understand by the New York Herald, which contains an immense store of valuable information, including a list of all the missing heirs in the world. Send for it.

Honest Niles.

On the 18th in the Legislature a resolution was offered by Boston of Newbery to instruct the Attorney General to institute criminal proceedings against Niles G. Parker late State Treasurer for the illegal issue of State bonds to the amount of \$5,965,000, Niles saw all the rest stealing, why not he.

Fire!!

The alarm was sounded yesterday about 12 o'clock. The Engines and Hook & Ladder Company were promptly on the spot. The Fire originated in the stables owned by Mr. Pitham, containing stock of Mr. Neikirk, the origin of the fire is unknown, the supposition is that some one was smoking in there among the hay and that sparks from this pipe caught the hay the stable was totally destroyed and had it not been a rainy day the loss would have been much greater 2 Bales of Cotton were saved out of the stable.

Burglars Around.

On Thursday night last the store of Mr. W. A. Meroucy was entered and robbed of a watch, a bolt of cloth and other goods. The robber was quite deliberate in his job, and after getting the spoil, left the store open. An attempt was made also on the store of Mr. Champy, but it did not succeed. Where are the police;

Messrs DeMars & Wolfe.

These enterprising gentlemen having taken charge of the "Enterprise Club Rooms" show their enterprise by handing to us a sample of their best segars and they are good (both the segars and proprietors.) The Billiard tables of these gentlemen are being recovered and all who wish to enjoy a social game can do so soon on first class tables and in a first class house.

The Death of W. H. McCaw.

This eminent and fearless writer for the News & Courier met his death by an accident in Columbia on Thursday night last. His sketches over the NOM DE PLUME of "Qui vive" were always read with avidity. He was a bold and graceful writer, and his zeal for the cause of right, made him both feared and admired. The News & Courier deplors his sad and sudden death, and his countrymen may well embalm his memory with regret.

The Late W. H. McCaw.

A resolution was adopted at the convention of taxpayers, to raise a subscription for the benefit of the family of the deceased. Mr. McCaw was a fearless, and noble champion of the peoples' cause and that could neither be bought nor intimidated; He gave his powers for the right, and met an untimely end, while yet in the harness for truth. The people owe his memory gratitude, and owe his family a substantial proof of it. Every man, woman and child should proffer a little, and let the crushed hearts of his widow and orphans be gladdened with that assistance, which is now removed. Any contribution will be received by Mr. Jas. H. Fowls, Col. A. D. Frederick, and Mr. J. A. Hamilton, we hope the readers of the "TIMES" especially the ladies will take this in hand, and send in their gatherings.

The 20th Anniversary of the Young Americas.

The twenty fourth was a gloomy day, but it did not seem to damp the ardor of the young ladies and the committees on decorations; for without doubt the decorations on the Engine and Truck far exceeded anything that ever was attempted before; it is useless to describe the "fixings" because we would not know where to commence but we can say this that every flower and every sprig of evergreen seemed to be in the right place. After the parade the following officers were elected for the ensuing year:

- President. J. P. HARLEY, Vice President. W. K. CROOK, Secretary. J. M. BRUNSON, Treasurer. H. KOHN, Directors.

- 1st. FRANTZ BRIGGMAN, 2nd. R. H. WILES, 3rd. W. E. MCMICHAEL, 4th. E. MENTZEL, Assen.

- 1st. A. FISHER, 2nd. J. E. EDWARDS.

After the election both companies adjourned to Dukes Hotel, where a sumptuous repast was prepared. After every one had partaken the Vice President W. K. Crook Esq called for the regular toast of the evening.

"The Day we Celebrate."

Which was responded to by Mr. C. D. Kortjohn, who reviewed the acts of the fire department since its establishment here, &c, showed how property was enhanced in value and that "Fire Insurance companies" were eager to take risks; (at 7 1/2 per cent) all through the influence of the fire department.

"Our invited Guests of the E. H. & L. Co." Was responded to by Mr. J. G. Vose, in a few appropriate and well placed remarks.

"City Fathers."

Was responded to by our Mayor J. W. Moseley Esq., who made a practical speech full of thoughtful suggestions, it was listened to with marked attention and at the end was applauded vociferously.

Our Host and Hostess, Responded to by Mr. T. B. Boyd in a neat and characteristic speech.

Responded to by S. B. Fowles. "The Rising Generation"

Responded to by Mr. S. R. Mellichamp who spoke well and was duly appreciated.

"Our invited Guests other than Firemen" Responded to by Mr. M. I. Browning who made a speech which enjoined every outsider to join the Fire Department his speech was received with immense applause.

"Women" Responded to by Mr. W. H. Girardeau in his usual witty and piquant style, he made several capital hints he spoke humorously in first, and wound up with an eulogism on woman which was well calculated to stir the heart of any man.

The evening passed off very pleasantly and the supper was excellent. The music was furnished by amateurs, under the efficient management of Mr. Henry Kohn one peice was composed especially for the occasion.

"I am the Man."

An aspirant for Senatorial glory had two tickets struck off in our job office as follows.

I am a candidate for the Senate from Black Creek.

I expect all the people to vote for me at the next election.

Ben said "the county was treated badly" and "I am the man" Bens color is all right, and in point of capacity he knows about as much as the average South Carolina Senator.

HIGHLY IMPORTANT TO FARMERS AND PLANTERS.

AMMONIATED MUCILAGE,

FOR Steeping and Preparing Seeds before Planting.

This preparation, lately introduced to the Agricultural world, appears from recent experiments to surpass all that has ever been attempted in that line. It not only contains all the elements and fit food for the seed in its infant state, which enables it to come up strong and vigorous, but positively claim that no rust or blight can exist where it is applied, and proving a certain preventive against the Potato rot. It dissolves readily, and forms a mucilage by which any material can be made to adhere to the seed. Coal Tar being a very small portion of this valuable compound to prevent the ravages of birds and insects, but so united and prepared as to form a dry powder, which dissolves readily, one pound producing one and a half gallons, or fifteen pounds of mucilage. On every farm there are to be found in abundance valuable materials for rolling seeds in before planting, which should never be neglected. These are rich dry black earth and wood ashes, or lime, and should be mixed in proportions of one part of wood ashes or lime, to three parts of earth. By the aid of the mucilage, much of this material can be made to adhere to each seed, which never fails to show good results. It has been tried on corn, rice, cotton, wheat, potatoes, peas and all the cereals with marked effect, none showing any signs of rust, blight or fungus where it was applied. Put up in one pound Packages at 30 cents per pound, which dissolves and form one and a half gallons of Mucilage, sufficient to roll seed for one acre land. 600 Planters used it last season with remarkable success. Every Farmer and Planter should use it.
