Contract advertisers may change monthly. Every change must be sent in by Monday noon.

The Legislature has adjourned.

A horse was killed Saturday night, near the depot.

There will be a game of Base Ball on Monday evening. By order of directors.

The past week has been one of the dullest we have had for some time, rain has been more plentiful than any thing else.

Advertisement of a lost Coral Broach in this issue. The finder will be liberally rewarded by leaving the same at this office.

A large amount of rain has fallen in the last three or four days. On Monday night the lowest clap of thunder was heard that has been heard in many a day.

Guanos have been received at this place, almost daily during the past two weeks, and the farmers seem to be hauling it away to their farms as fast as it comes.

To Subscribers.

All those whose subscription has expired will find a red cross mark on their paper and we hope all will come and settle up.

Mistake.

Last week we stated that Mr. Zimmerman had taken the office of the S. & A. Telegraph Co; It was a mistake; the gentleman who has it is Mr. J. A. Sellers.

If you really wish a choice assortment of fresh cakes &c., go to the store of Mr. J. A. Hamilton. He receives these goods from a Philadelphia house, and they are just the thing for the tea table; that is if our taste is worth anything.

Death Mrs. E. G. Kramer.

We clip the following from the Carroll County Times:—Again we are called upon to chronicle Deaths doings in our midst—Mrs. Kramer wife of E. G. Kramer one of our most prominent merchants died at her home in this place, at 1 o'clock on last Tuesday morning.—She was buried at 5 o'clock Tuesday evening and her remains were followed to their last resting place by a large concourse of our citizens. Mr. Kramer, in his heavy affliction, has the profoundest sympathy of this entire community. All who remember Mrs. Kramer unite in expressing their sympathy for Mr. Kramer in his bereavement.

New Post Office.

The Post Office has been moved to the most central location in town: opposite Moseley Crook & Copes and is fitted up better than any Post Office that has ever been in Orangeburg. The polite Postmaster with his attentive assistant Mr. S. Bull, seem happy, for they now have breathing space in their commodious office. We heard one man say that it was the best Post Office in the State outside of Charleston or Columbia, and we believed him.

New Firm.

Messrs McMichael and Blume have opened at Mr. W. A. Meroney's old stand; they have on hand a stock of goods which they are selling very low, particularly Dry Goods which they are selling below cost. As these Gentlemen have just started in business under most favorable circumstances they are sure of succeeding. Give them a call, for they have fine segars which they are selling cheap and are worth double the money; they also have cheroots and smoking tobacco as cheap, if not cheaper than any where else. Thier liquors are of the best quality and of a delightful flavor. See their advertisement in another column.

Funny Fellows.

Some of the gentlemen of Orangeburg, formed themselves into a Dramatic Club. The organization is called the Funny Fellows, and they propose to offer fun to the inhabitants of the town during the summer, in a series of entertainments. The object of the club is to raise money enough to buy instruments for a Brass Band. The club is composed of the right sort of men and it has a fair prospect of success. Some of the members although amateurs understand all about music, &c. and about conducting such an enterprise; and judging from the meeting, we think that it is sure to be a success. In almost all the towns of the State the young men have such organizations, and as Orangeburg can boast of as much talent as any other town of its size, we don't see why it cannot succeed. The club organized on Tuesday night with the following officers and members:

- President, G. M. GIRARDEAU.
- Secretary and Treasurer, J. S. BULL.
- Manager, H. KOHN.
- Stage Manager, A. B. KNOWLTON.

W. K. Crook, J. G. Vose, J. Brunson, P. Mentzel, W. Cannon, P. G. Cannon, E. Hubbell, F. Briggmann, W. J. DeTreville Jr., J. Gue and S. B. Fowles.

The Club is to meet on Friday night. Sends your orders for Doors Sash and Blinds to the Southern House of Geo. S. Hacker of Charleston S. C. Mr. L. Hausdale of our Town is the authorized agent for this House.

Facts worth knowing! One of the best indications of the South, and prosperity of Charleston, is to be found at the Establishment of Messrs I. H. Hall & Co., located at Nos. 2, 4, 6, 8 Market St., 223 & 225 East Bay. The rapidly increasing business last year of this firm, has induced them to enlarge their Establishment, which now supplies every conceivable article that can be required in the building of a house, from a baluster to any size timber. Our friends in the City, and throughout the State who contemplate building a house can be supplied with the materials necessary for its construction, at prices and quality of work which will save a large percentage in the cost of building. They are Agents for Asbestos Roofing Felt, endorsed by some of the best firms in the country. Send for price list and circulars.

Surveying will be strictly confined to Saturday, and the afternoons, after 3 o'clock. S. R. M.

HIGHLY IMPORTANT TO FARMERS AND PLANTERS. AMMONIATED MUCILAGE, FOR Steeping and Preparing Seeds before Planting.

This preparation, lately introduced to the Agricultural world, appears from recent experiments to surpass all that has ever been attempted in that line. It not only contains all the elements and fit food for the seed in its infant state, which enables it to come up strong and vigorous, but positively claim that no rust, smut or blight can exist where it is applied, and proving a certain preventive against the Potato rot. It dissolves readily, and forms a mucilage by which any material can be made to adhere to the seed. Coal Tar being a very small portion of this valuable compound to prevent the ravages of birds and insects, but so united and prepared as to form a dry powder, which dissolves readily, one pound producing one and a half gallons, or fifteen pounds of mucilage. On every farm there are to be found in abundance valuable materials for rolling seeds in before planting, which should never be neglected. These are rich dry black earth and wood ashes, or lime, and should be mixed in proportions of one part of wood ashes or lime, to three parts of earth. By the aid of the mucilage, much of this material can be made to adhere to each seed, which never fails to show good results. It has been tried on corn, rice, cotton, wheat, potatoes, pens and all the cereals with marked effect, none showing any signs of rust, blight or fungus where it was applied. Put up in one pound Packages at 30 cents per pound, which dissolves and form one and a half gallon of Mucilage, sufficient to roll seed for one acre land. 600 Planters used it last season with remarkable success. Every Farmer and Planter should use it. FOR SALE BY **KIRK ROBINSON**, Agent. Orangeburg, S. C.
