The Mercantile Prize Association of New York, offers unusual inducements to persons wishing to buy tickets. It is endorsed by some of the leading citizens of New York.

WE call attention to the notice of partnership between Messrs. W. Willecock and T. D. Wolfe. These gentlemen go into their partnership with the best wishes of their friends and the public.

WE call attention to the article on the constitutional points involved in the case of the State vs the County Treasurer. It was written by one who is able and well qualified to write on such subjects.

A rare chance to secure a very desirable residence and land adjoining, in the town of Orangeburg, is given by Messrs. Fowles & Glover, who offer for sale the dwelling of Mr. Geo. S. Shirer on Rail Road Avenue. Here is a fine opportunity for some one.

WE publish in another column the statement of the Southern Life Insurance Company. Very few companies can show such a statement, and all who desire to insure had better avail themselves of the opportunity now, while the agent, Mr. L. Hagood is in town.

ALL who want good segars low down for the money, call at J. A. Hamilton's, he has just received a fresh supply which for flavor and cheapness are unsurpassed. They are new brands which never have been introduced in this market before, but since smoking one, we hope they will never go out.

Schutzenfest. This popular festival of the Germans comes off the latter part of this month. Heretofore it has been conducted in a style that was worthy of the great Nation that it represented. From what we can gather from the papers, we think that this one will exceed the others in better arrangements &c. The officers who have the management of it are gentlemen fully qualified to carry such an enterprise through successfully.

T. Kohn & Bro. Go to T Kohn & Bro., for anything in the way of dry goods, boots, shoes, hats, caps &c., and you will come away satisfied; for who could help being satisfied when you can get more dry goods, for less money than any where else in town. Mess T. Kohn & Bro., have on hand the largest stock of dry goods ever brought to this market, and by selling for cash they are able to sell cheap, making quick sales with small profit. See their advertisement and then give them a call.

The excitement for the past week has been the rumored defalcation of County Treasurer Humbert, who was arrested on a warrant from Headquarters, on Thursday last—charging him with a deficiency of \$16,000.00. For a day or two before his arrest, rumors were current about the streets, that he had defaulted to a large amount; some had it thirty-three, some thirty, and some twenty thousand dollars. He was arrested on Thursday morning, and in the evening was taken before two trial justices and bailed out until the May term of the Court. The amount of his bail was \$10,000.

Sale Day. Monday being sale day, the usual crowd were present. The following were the sales made by the Sheriff, to wit: 1 Lot, 3 acres more or less, on Sunny Side, property of B. D. Clark deceased, bought by Mrs. L. S. Hall and Mrs. M. Clark for \$170.

HIGHLY IMPORTANT

TO FARMERS AND PLANTERS. AMMONIATED MUCILAGE, FOR Steeping and Preparing Seeds before Planting.

This preparation, lately introduced to the Agricultural world, appears from recent experiments to surpass all that has ever been attempted in that line. It not only contains all the elements and fit food for the seed in its infant state, which enables it to come up strong and vigorous, but positively claims that no rust smut or blight can exist where it is applied, and proving a certain preventive against the Potato rot. It dissolves readily, and forms a mucilage by which any material can be made to adhere to the seed. Coal Tar being a very small portion of this valuable compound to prevent the ravages of birds and insects, but so united and prepared as to form a dry powder, which dissolves readily, one pound producing one and a half gallons, or fifteen pounds of mucilage. On every farm there are to be found in abundance valuable materials for rolling seeds in before planting, which should never be neglected. These are rich dry black earth and wood ashes, or lime, and should be mixed in proportions of one part of wood ashes or lime, to three parts of earth. By the aid of the mucilage, much of this material can be made to adhere to each seed, which never fails to show good results. It has been tried on corn, rice, cotton, wheat, potatoes, peas and all the cereals with marked effect, none showing any signs of rust, blight or fungus where it was applied. Put up in one pound Packages at 30 cents per pound, which dissolves and form one and a half gallons of Mucilage, sufficient to roll seed for one acre land. 600 Planters used it last season with remarkable success. Every Farmer and Planter should use it. FOR SALE BY KIRK ROBINSON, Agent. Orangeburg, S. C. Feb. 26 3m.
