VOL. XXII, NO. 7.

DARLINGTON, S. C., THURSDAY, FEBRUARY 14, 1895.

SOUTH CAROLINA

Defaulting Dispensers to be Presecuted.

ng Accident at Fish Ferry-To te the Charleston Building. Sampson Pope Lectures. Other Palmetto News.

COLUMBIA, S. C., February 18.-Gov. ernor Evans has begun to apply the law to those dispensers who have been found to be defaulters. The first man among these officers of the state to find aimself in the hole is Mr. B. O. Evans the dispensor at St. Matthews in Orpromptly than expected. angeburg county. The official inspec-tor has gone over the dispenser's books and finds that there is a shortage of beween \$2,900 and \$2,300.

Governor Evans yesterday said that the matter of the existence of this shortage was only reported to him on Saturday last. He at once sent Inspecor Seruggs to St. Matthews to take charge of the dispensary and make an investigation of the books and accounts. He reported yesterday that the amount of the defalcation was as given above. Governor Evans says he cannot understand how the county board of control could have let the

hortage occur without noticing it. He has sent the bond of the dispense to Mesars Bowman and H. H. Brunson, attorneys at Orangeburg and ordered them to proceed at once to bring suit upon the bend to recover the amount of shortage. He has also decided to have Dispenser Evans prosecuted to the full extent of the law for grand

larceny and breach of trust. On the dispenser's bond are Messre Philip Rich and Frederick J. Buych, oth men of wealth and the loss be fully covered. The shortage falls entirely on the county and does not af-fect the funds due the state. The governor has ordered Mr. Scruggs to close the dispensary and turn it over to some whom the board of control shall select to act as dispenser.

The governor has not yet taken active legal steps against any of the other dispensers who have been found to be defaulters, but his action indicates what course he will pursue with all of This misappropriation of state funds has caused quite a stir g the advocates of the dispensary

LIEUT. SATTERLEE MARRIED.

A Brilliant South Carolina Social Event. Memories of the War Recalled. COLUMBIA, S. C., February 9.-Carolina's capital was last night the scene of a peculiar wedding in high life, showing that war memories can be baried where love reigns supreme. In the historie old Trinity church Lieuten-ant Charles Booth Satterlee, a Penn-sylvanian, of the Third artillery, U. S. A., was married to the daughter of a Macon, Ga., of the T. J. Bell Lumber Co., with \$30,000 capital \$35,000 capital \$35,000 Arte-tion company with \$30,000 capital has been chartered at Austin, Tex., and a \$35,000 Arte-

On one side next the brick CHATTANOOGA, Tenn., February 18. wall was what appeared to be the solid Reports to the Tradesman, from all oundation of a large chimney, runover the south, for the week ending ning on up through the building. On this their attention centered. Pretty The lumber producers in the central south-rn and southeastern states will organize for soon they began to cut into the brick, and in a short time they gazed through autual benefit, and that the preparations in and by the flickering light of a candle they could see that the chimney was a false one, that inside a ladder ran upwards and there was a neat little bar with all necessaries inside. They cut

the hole larger and got inside. The Subterranean Bar Unearthed. They saw the bottom of an ingenious

ern and sometheastern states will organize for mutual bonefit, and that the preparations in-dicate that an advance in prices will be ordered at an early day. New mills are being built in large numbers. Cotton mills are occupying much stiention. The most important of the new ones for the week are the Laurens, S. C., mill, with \$300,000 capital, one at Koseiusko, Miss., eapltal \$100,000, and others at Sheffield, Ala., Jackson, Tenn., and Roanoke, Va. The cold weather has materially interferred with all kinds of business. The demand for pig irok has fallen off somewhat, and the market is dull. Among the important new industries estab-lished or organized during the week are the American Plaster Co., of Richmond, Va., capi-tal \$300,000; the Siloam Springs Improvement Co., of Siloam Springs, Ark., capital \$100,000; the San Antonis, Tex., Pressed Brick Co., capi-tal \$50,000, and the Dunford Paint Manufactur-ing Co., of Atlanta, Ga., capital \$50,000. The Tradesman also reports the incorporation at Market D. and The T. Bell Lamber Co., with trap door in the floor above, which could not be detected above as it was covered by shelving. But the liquor had not yet been found and the real ingenuity of the hiding place was yet to be seen. The constables looked around the inside walls of the chimney and towards the outer wall they finally discovered a door at the mouth of a long dark tunnel running back into the "bowels of the earth." A man the could almost stand erect in the neatly constructed tunnel. Then the exploration of this tunnel began. The consta-bles went on and on until they struck a point where the tunnel divided and a point where the tunnel divided and branched in opposite directions, and then the liquor was in sight. There was about forty feet of tunneling and the earth taken out of it had been used to make the false back to the cellar. It took the constables several hours to get all the liquor stored in the tunnel out. And there was lots of it. In all the constables estimate they got nearly four hundred gallons.

THE WEEK'S WORK IN CONGRESS A Synopsis of the Proceedings of Both House and Senate.

The following is a synopsis of the proceedings of both branches of congress for the past week:

Sire Dar.-All three the measures looking to financial relief, known as the administra-tion eurrency bill and the amendments thereto, were killed in the house this day by decided votes. This reverts the legislation, as sug-gested by Cleveland s late message, to the

istarting point. In the senate the consular appropriation bill held the day with no action taken. Many scatts held the day with no action taken. Many sents vacant on account of the extreme cold weather. SIND DAT.—Nothing was done in either of the branches but refer two important messages from the president to the proper committees. One was notifying congress that the four per cent bond issue had been arranged and the contracts to float same aircady signed, the same togo into effect after ten days, the time given to congress to legislate on the currency questics, if so disposed. The other referred to the death penalty imposed upon the Ameri-cans who took part in the recent uprising in Hawaii. Hawali.

Hawaii. SSRD DAT.—The senate decided by a vote of SS to 25 that the amendment to the diplomatic and consular appropriation bill for the con-struction and maintenance of a telegraphic ca-ble between the United States and the Ha-waiin Islands was in order under the rules, and immediately afterwards, by a similar vote, it adopted the amendment and then passes the bill amounts reported by mills as bought

The proceedings of the house were devoid of any exciting episode or the transaction of any business of general interest or importance Some progress was made with the considera-tion of the legislative, executive and judicia

tion of the legislative, executive and judicial appropriation bill. 34TR DAY.—Senator Hill introduced the fol-lowing resolution to come up tomorrow: "That the true policy of the government re-quires that its efforts should be steadily di-rected to the establishment of a safe system of bimetallism, wherein gold and silver may be maintained at a parity, and every dollar coin-ed may be the equal in value and power of every dollar coined or issued by the United States, but, if our efforts to establish or main-tain such bimetallism shall not be wholly suc-cessful and if, for any reason, our silver coin shall not hereafter be at parity with gold and silver and the equal thereof in value and pow-er in the market and the payment of dobts which by their terms are payable in coin, shall, nevertheless, be paid in standard gold dollars, it being the policy of the United States, that its creditors shall, at all times, be paid in the best money in use." Senator Allen addressed the senate on the

Alabama election matter. The session of the house was given to the consideration of the legislative, executive and judicial appropria-tion bill for the year ending June 30, 1896. It was completed before the house adjourned. with the exception of the paragraph providing money for the pension office force. SETH DAT.-The bill making appropriations for the legislative, executive and judicial do-

partments of the government was passed by the house after three days' discussion, praotically as the committee on appropriati

ported it. The business record of the senate comprise the passage of all private pension bills on the calendar-26 in number, and some half dozen bills of a miscellaneous character, including three for public buildings in Winston-Salem, N.C., Pottsville, Pa., and Brockton, Mass: alaverage 89.9. so one for the appointment of a commission of army engineer officers to report as to the new bridge over the Delaware at Philadelphia. No progress was made on the postoffice appropri-ation bill.

sian Wells Co., at Moody, Tex. THE FLORIDA RATE WAR.

One Topic of Interest in the Business Cir cles of Jacksonville.

JACKSONVILLE, Fla., February 11.tween the Clydes and the Philadelphia Steamship Line in south bound freight to this city continues to be a topic of interest in business circles second only to that of the weather. So far this contest is confined to the two compa nies named. None of the railroads are in it yet, so far as could be ascertained yesterday by a diligent engineering among the various transportation of-fices. The Clyde people decline to say anything for publication at present; they claim that their published rates

for carrying freight is their way of talking and the most effective. If they have any remarks to make in the future they will do it this way. The Ocean Steamship Line, the Mallory Line and the Merchants and Miners, via Savan nah, are not involved so far, as their war is in freight between Jacksonville and Philadelphia direct.

THE DEATH OF W. H. FLEMING.

Patentee of the Cactus Hedge, Owner Opal Mines, Passes Away.

COLUMBUS, Ga., February 11.-W. H. Fleming, patentee of the cactus hedge fence, and also proprietor of several opal mines in Idaho died yesterday in Opelika, of apoplexy. His home is in California, but for the past year he has made this city his headquarters. He was well known among sporting men throughout the country.

To do a Large Trucking Busine

VAYCROSS, Ga., February 9.—A com-pany has been formed in this city for the purpose of doing an extensive truck and poultry business. A site for the farm has been selected near Kettle farm will be put in order at once, and the business will be managed by experienced persons.

Jealous Mistress Kills Her Man.

JACKSONVILLS, Fla., February 13.—At Port Tampa city, Fla., last night Phil Harris was shot and killed by Victoria Johnson. The woman was Harris' mistress and jealous. Both were colored.

Wholesale Grocers Assign at Norfolk NORFOLK, Va., February 13.-W. F. Allen & Company, wholesale grocers who have been in business many years, have assigned with liabilities of \$40,-000. Assets about the same.

New Counterfelt Bill on the Market.

WABHINGTON February 13.-A new and dangerous counterfeit of the \$5, silver certificate, series of 1886, W. S. Rosecaans, register, W. H. Nebeker, treasurer, has been put into circula-tion, and the secret service has sent out warning letter about it.

DENVER, Col., February 18.-Early esterday the thermometer registered degrees below, the coldest in Dan-Coldest Day in Denver's History.

THE NEW TRIAL SET FOR MAY. The Debs' Jury Discharged and Case Stop

ped in Consequence CHICAGO, February 13.-The Debs jury was discharged yesterday and the case was set for a new trial on the first

Monday in May. The physician at-tending juror James C. Coe, whose ill-ness has caused the hitch in the pro-ceedings, declared that the sick man would not be able to resume his duties would not be able to result in duties as a juror for at least thirty days. Judge Grosscup then held a conference with the counsel of both sides, and it was agreed to leave the matter to the court's discretion, which resulted as

stated.

South Carolins Political Gossig WASHINGTON, February 11. — It is hinted that Comptroller General Norton, editor of the Cotton Plant, came here to see if he could not placate Represen tative McLaurin, the leader of the new conservative reform movement in South Carolina. It is also hinted that such a mission is a feature of the Tillman-Irby combination.

General Montgomery Corse Dead. ALEXANDRIA, Va., February 13 .-General Montgomery Corse who served in Confederate army during the war of the rebellion died in this city yester-

day, aged 79 years. SOUTH CAROLINA IN BRIEF.

Adjutant General J. Gary Watts is in Charleston for the purpose of coming to some understanding with the milita-ry officers of that city in regard to the new military law, which goes into ef-text shorthy. fect shortly.

The state farmers' alliance is likely to be in session in Columbia in about a fortnight to consider what the farm-ers of the state had best do to better their condition and do battle with the 5 cent cotton situation.

Port Royal makes a splendid showing in her cotton receipts this season as compared with the season of 1893-94. Since September 1, 1894, the net re-ceipts have been 111,501 bales, as compared with 47,038 the previous season n increase of 64,s63.

Senator M. C. Butler spent Sunday afternoon and Monday in Edgefield. He has now gone to Washington, but it is probable that he will return on Fernary 4th to address the veterans of the Abner Perrin Camp, who will meet that day re on that day.

congress in ten days passes a law au \$11.055,105 against \$17,284,537 last year. thorizing the issue of gold bonds bear-ing three per cent interest running The remarkable large decrease in manthirty years, or otherwise relieves the attention because prices of manufac-tured products have so greatly declined treasury in the replenisment of the gold reserve, Secretary Carlisle will, during the year, and the output has by direction of the president, sell four per cent bonds to the amount of \$02,-400,000 for gold. Arrangements where-by this can be done and \$65,000,000 in past week have been 261 in the United gold be received for the bonds have been perfected, and the contingent contract signed. In the official memorandmm of the transaction, made pub-

ic at the treasury yesterday, is the fol-

lowing: "The contract was made with August Bel-mont & Co., of New York, on behalf of Messra. N. M. Rothschild & Sons, of London, and J. P. Morgan & Co., of New York, on behalf of J. S. Morgan & Co., of New York, on behalf of J. S. Morgan & Co., of London, and themselves and provides for the delivery to the United States of 3,500,000 ounces of standard gold coin of the United States to be paid for in United States for per cent bonds. A large number of other banks and financial institutions are interested in the transaction, but their names are not mentioned in the contract itself. The depart-ment does not know in what proportion the va-rious parties are to furnish the gold coin or re-ceive the bonds, as this is a matter for arrange-ment between themselves." The difficulty was presented to the special envoys of Brazil, Baron Rio Branco and General Cerquiers, and the Argentine minister, Dr. Zeballos, who
