

The Darlington News.

VOL. XXII, NO. 18.

DARLINGTON, S. C., THURSDAY, MAY 2, 1895.

WHOLE NUMBER 1,056.

THE COUNTY NEWS.

FROM ALL SECTIONS AS TOLD BY OUR CORRESPONDENTS.

GARDENS.

Gardens are looking well, and vegetables are getting plentiful. Tobacco transplanting has been the order the day for the past week.

Mr. John Fields and family, of Palmetto, visited Mr. James Fields recently.

Miss Fannie Skinner, of Sumter County, has been visiting friends in this vicinity.

There will be no services at Wesley Chapel next Sunday owing to the absence of the pastor.

The I. O. G. T. desire a good attendance at the next meeting of the Order, as the installation of officers will take place.

Mr. Fred Clark and family, accompanied by Miss Ertha Stewart, visited the family of Mr. C. Rhinehart last week.

Several of our tobacco planters are preparing a brick-mill for the purpose of making brick for furnaces in their tobacco barns.

The "fish fry" held here in connection with the Teachers' Association on Saturday was quite a success, as there was an abundance of fish. The young people seemed to have a pleasant time, whiling away the afternoon with different games. The Association will meet here again on the fourth Saturday in May.

Sewing machines, at prices ranging from \$1.50, upwards; we are closing them out now on easy terms: Blackwell Bros.

CLYDE.

We are still having whooping cough in this section.

Mr. Gilliam Warren has moved near Clyde from the Union section.

Vegetable gardens are looking much better since the recent showers.

Some of our farmers have good stands of cotton, while others have not finished planting.

We have already called the attention of the proper authorities to the crossing on Black Creek at Newmarket: as nothing has been done, we wish to urge the necessity of immediate effort being made to put the crossing in proper condition. We pay taxes, and we want our bridges kept in good order.

New store, new stock, prices as low as the lowest; Blackwell Bros.

Is Your Name on the List?

The subscribers to the fund for the establishment of the Darlington Experimental Station are to be reimbursed for a portion of the amounts they contributed. Notice to that effect was given in the official organ of the County Commissioners, and subscribers were requested to file proofs of their claims with Mr. W. S. King within thirty days. That period has expired, but so few of the subscribers have filed their claims that we have been requested to publish the notice, and, at the same time, to state that the time has been extended for fifteen days from this date. All claims that have not been filed by the end of that period will positively be barred. We give below a list of the subscribers, and the amounts of their several subscriptions, as far as can be ascertained from the records bearing on the subject in the County Commissioners' office. If your name is on this list, and you have not yet filed your claim, you had better do so at once:
