After a full discussion of the subject, final action on it was postponed until Monday, July 15, when another meeting of the Committee will be held. In the meantime active steps will be taken to bring about the consummation so devoutly to be desired-the selection of four of our very best men as delegates to the Conven tion without any party fight. While the outloook for the ultimate success of this endeavor is by no means "luminous," there is still left a reasonable chance to hope that the best result may yet ensue, and as long as the least glimmer of such a hope remains THE NEWS may be counted on to labor zealously for the accomplishment of that end, come what may. In other words, we will have peace if we have to fight for it!

A BFIG IT OUTLOOK.

Things are "moving along" in "Tobacco Town" The Ware house of the Darlington Tobacco Warehouse Company has been rebuilt; that of Messrs,

Smoot & McGill is almost completed, as is the prize house of Mr. John Coleman, the large three story building to be used for packing tobacco for shipment. The indications are that four more of these prize-houses will be erected in the same neighborhood at an early day. Darlington certainly has "the. 50 jump" on everything else in the State right now as a tobacco market, and there is every reason to believe that we will keep Brown's

INDIGESTION

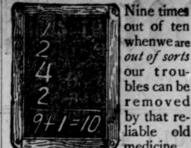

Ayer's Sarsaparilla Words of Comfort to All who Suffer from

"For years, I was a martyr to indigestion, and had about given up all hope of ever finding relief, as the complaint only seemed to grow worse instead of better, under ordinary treatment. At last, I was induced to try Ayer's Sarsaparilla, and I hereby testify that after using only three bottles, I was cured. I can, therefore, confidently recommend this medicine to all similarly afflicted."—
