THE PRIMARY ELECTION.

The Primary passed off very quietly on Tuesday—so quietly that many lost sight of the fact that an election was being held even. The vote over the entire county was extremely light. In fact, we never knew of an election in which so little interest was taken. There being only four nominees and four places to be filled, it was a foregone conclusion, of course, what the result would be. The general indifference manifested on Tuesday was due in part to this, and in part to the fact that certain members of the ticket are considerably lacking in popularity. The Conservatives, moreover, having laid down the ultimatum to the Reformers, "Give us half the delegates, or we won't go into the Primary," and having gotten what they asked for, feel (at least, a great many of them do), that all chance for a fight is ended. "Again," they argue, "what good would a contest do even if we could win it. It would have no effect on the political complexion of the Constitutional Convention; and if it will not do that, the fight (which, if made, must be a fight in its literal sense), is not worth the making." All of these circumstances contributed to make Tuesday's election the dull event that it was, and, if we mistake not, will serve to make the general election just as dull and uninteresting.

There is some talk, of course, floating through the air, about opposition to the regular Democratic ticket at the general election, and it is even rumored that the Republicans will run a ticket. The attitude of the Conservative Democrats, however, as a class, is unmistakable. They seem absolutely indifferent to the whole thing, feeling as they do that they would accomplish nothing for the State as things stand at present even if they should make the fight and win it. Besides, as we have said, there are a considerable number of them who cannot help feeling that a fight was to be conditional upon the Reformers refusing to accede to their demands, and since they did not so refuse, the reason for the fight no longer exists. As a result of all this, there will probably be but one ticket in the field that the white men can support, and that "peace and harmony" will be secured for the coming election even without an actual division of the ticket being had.

Wonderful Growth,
[Columbia Register.]

Few people realize how greatly the tobacco culture has grown in South Carolina in the last few years. In the Pee Dee country it is fast supplanting cotton and farmers find it far more profitable than the fleecy staple. Darlington County was the pioneer, but Florence, Sumter, Clarendon and Marlboro Counties are rapidly following her lead, and in other counties farmers are ready to renounce their allegiance to the erstwhile king, cotton. THE DARLINGTON NEWS has gathered figures to show what a marvelous growth the tobacco industry in Darlington has made since last year. It is a record of which Darlington County may well be proud.

In one year the tobacco acreage in Darlington County has increased over 400 per cent, and the number of tobacco barns nearly 400 per cent. If that pace is kept up for a few years more, Darlington city will be one of the leading tobacco centers of the United States. As the industry grows, warehouses will increase in Darlington and plants for the preparation of the weed will be established, adding materially to Darlington's business.

What causes bad dreams is a question that has never been satisfactorily answered; but, in nine cases out of ten, frightful dreams are the result of imperfect digestion, which a few doses of Ayer's Sarsaparilla will effectually remedy. Don't delay—try it to day.

Blood Poison

THE BANE OF HUMAN LIFE,
Driven Out of the System by
the Use of

Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier."—JOSE A. ESCOBAR, Proprietor, Hotel Victoria, Key West, Fla.; residence, 352 W. 10th St., New York.
