## IT'S GATLING GUNS

### In Winston, to Quell a Threatened Race Riot.

### SEVERAL OF THE OFFICERS ARE SHOT

**White Trying to Quell the Disturbance and Prevent an Imaginary Lynching—Troops Called Out—Several Arrests Were Made.**

**WINSTON, N. C., Aug. 13.**—A riot between whites and blacks, which came near terminating seriously, occurred here Sunday night. The trouble originated over a report given out at about 9 o'clock that a crowd of whites were going to lynch Arthur Tuttle, who is being tried here for the murder of Policeman Vickers last May. The negroes to the number of 300 marched to the jail where they remained for several hours. They were armed with pistols and guns. Mayor Gray addressed the negroes, assuring them that there was no danger of lynching and begging them to disperse. Sheriff McArthur and two Winston lawyers also urged them to go away, telling them there was no occasion for their conduct. Judge Brown who is holding court, notified the negroes that they were violating the law, that Tuttle was getting a fair trial and that he would be responsible for his protection. The negroes told his honor they would disperse if the sheriff would place 20 officers on guard around the jail. This was done but many of the mob refused to leave. Sheriff McArthur, in response to orders from Judge Brown called out the Forsyth Riflemen and a number of deputies. His honor also instructed the sheriff to arrest all negroes who refused to disperse. The mob then began firing on the whites, several officers being struck with small birds shot but none were hurt seriously. About 150 shots were fired by the side-men and negroes but none was killed. The negroes broke and ran when the militia began shooting. Fourteen of the rioters are in jail.

Upon assembling of court Judge Brown summoned the grand jury before him and instructed them to investigate who was responsible for last night's riot and see that they were punished. Winston's city fathers instructed Mayor Gray to order a Gatling gun from Charlotte and ask the authorities there to furnish a man to operate it. The mayor, chief of police and sheriff were also instructed to make all necessary arrangements for protection of the city and to procure all arms and ammunition needed.

**CHARLOTTE, N. C., Aug. 13.**—A Gatling gun under a detachment of men left here last evening for Winston. The sheriff believes that the trouble is under control. A large force of special policemen have been sworn in. It is reported that 8,000 negroes are gathered near the town but the report is doubtless sensational.

### STARTLING TESTIMONY.

#### Briefs Not to Bid on Certain Contract Work in St. Louis.

**ST. LOUIS, Mo., Aug. 13.**—Unexpected and startling testimony of alleged collusion between the City Contractors developed at the investigation of Water Commissioner Holman's office of this place. August Hennann, the contractor, testified under oath that he was paid \$600 not to bid on certain work and that Panny & Myers received \$400 and Claus Veilhs \$600 on the same conditions.

Mr. Hennann swore that a construction company paid him \$1,000 ostensibly for the use of a derrick, but really only \$500 was for that, the other \$500 being conditioned on his not bidding on the work at a less sum than \$90,500. The work was let to the firm charged.

### TO THE TREASURERS RESCUE.

#### The Bankers Demand Money for a Million and a Half in Gold.

**WASHINGTON, Aug. 14.**—Evidence that the Belmont-Morgan bond syndicate intend to protect the gold reserves of the treasury against raids upon it for export to Europe was received at the treasury department by Acting Secretary Curtis 4:10 yesterday afternoon. ### MOBILIZING TROOPS.

#### Those Who Claim of Going to Cuba, Are Given Extra Time There.

**MADRID, Aug. 14.**—The mobilization of the members of the reserve who have been called out for service in Cuba continues throughout the country. Though much dissatisfaction is expressed at being ordered away from Spain the mobilization is going on without incident. The militiamen at Gerona, Taffala and Mataro have been punished by having the time of their service in Cuba extended.

To Prevent Liberty Bell Coming to Atlanta

**PHILADELPHIA, Pa., Aug. 13.**—A bill in equity was filed Saturday in Common Pleas court to have an injunction issued restraining the city from taking the Liberty Bell to the Atlanta Exposition. The bill states that the complainants have requested the city solicitor of the city to institute, in behalf of the city and its inhabitants generally, proceedings similar to the present litigation but that the city solicitor had refused to do so. It is claimed by the petitioners that it is too valuable a relic to be thus carried about.

## THE NORTHWEST ON FIRE.

### and Destructive Forest Fires in Many Sections.

**WHATCOMB, Wash., Aug. 12.**—During the entire past week forest fires have raged in the timbered sections of the northern part of the state. In the counties of Whatcom and Skagit, hundreds of acres of valuable timber and many ranches have been laid in waste. No loss of life has been reported but there have been many narrow escapes. The actual loss of property is large, approximating a million dollars in the two counties, but the suffering of the ruined settlers exceeds the money loss. The towns of Mount Vernon, Skagit county, was visited. The shingle mill of Lodge & Mitchell, and four residences were burned. At Mount Borne, near by, the dry house, warehouse and a million and a half of shingles were burned. Mount Vernon has been enveloped in smoke for a week. Shingle mills in this vicinity have been turning steam on the flames in place of water. The fires on Nidalgo island have been extensive. Five barns and farm houses were burned. Hamilton, Skagit county, Prairie, Whatcom, county, Lawrence, Whatcom county, and other places all suffered loss by the forest fires.

The fire is now spreading in the direction of Leconier, Skagit county. Everyone is praying for rain, but no sign of it appears. Reports from Anacortes, Washington, say, as a result of the protracted dry weather, the most extensive forest fires in years are prevailing on Whidby and Camano islands, and many farms have been ruined. Roche Harbor suffered a slight loss. From Aberdeen, Wash., comes word that the first which have raged for a week in the counties of Mason, Thurston, Chenalis, and the southwest part of the state are rapidly being gotten under control.

**WINSTON, N. C., Aug. 14.**—Every thing is quiet here. There is no indication that Sunday night's riot will be resumed. However, the militia and one hundred special policemen are still on duty. The situation is such that there is no telling what will happen. A Gatling gun with four men to man it, arrived last night. Very few negroes are on the streets. The jury returned a verdict of murder in the second degree in the Tuttle case. The negroes wanted him cleared, therefore many of them are incensed, though they are talking very little. The verdict is just as a majority of the people expected.

### LOST ART DISCOVERED.

#### Men Claim That They Can Weld Copper to Iron.

**PITTSBURGH, Pa., Aug. 14.**—George Cromley, Cornelius Shay and John Ryan, iron and steel workers, have discovered the lost art of welding copper to iron or steel. They show several samples of the metals perfectly welded. The last record history gives of this metal having been welded was in Scandinavia, 500 B. C. The value of the discovery comes in the fact that copper offers greater resistance to the action of salt water than any other metal.

The Carnegie company has offered the men a fixed price for the secret. A shop has been fitted up for the men at the Homestead plant, where today the men propose to weld a plate of copper to an ingot of nickel steel armor plate. The Carnegie company hopes to be able to cover all armor plates for the big battleships with copper.

### WILL THEY BOYCOTT

#### The American Tobacco Company? It is to Stated—One Brand at the Time.

**ST. LOUIS, Mo., Aug. 14.**—An unheralded meeting of the executive committee of the tobacco workers' national union was held here and its purpose and results were made known yesterday. National President Fisher says a boycott was declared against the American Tobacco Company. "We will take up one brand of trust tobacco at a time," said he, "and we will not depend upon organized labor alone to sustain us in the fight. We will appeal to all tobacco using people to help us out."

## TRULY SENSATIONAL

### Are the Conditions Growing out of the Mississippi Murder.

### M'Laurin Candidate, and Attorney.

**How He May be Placed on the Result of the Marshall Trial, and How the Case May Effect State Politics Next Fall.**

**JACKSON, Miss., Aug. 14.**—A telephone message from Brandon, says that the grand jury was empaneled yesterday has not returned an indictment against Hon. Dabney Marshall, and his three pals from Vicksburg, for killing Dinclous last Friday. The men are all in jail and the grand jury is working on the case. Indictments charging the prisoners with murder are confidently expected today, after which the most sensational trial in the history of the state will begin.

Hon. A. J. McLaurin, democratic nominee for governor is being harshly criticized for taking a hand in the case. He is the leading lawyer for the defense, and the size of his fee is variously reported all the way from one to five thousand dollars. In case of conviction of Marshall, Mr. McLaurin, as governor, might be called upon to exercise his pardoning power in which event he would find himself in a very awkward predicament. Outside of conditions that could arise in case of Marshall's conviction and appeal to governor McLaurin, for executive clemency, it is feared the very fact of his appearing as attorney in such an important and sensational trial may endanger his chances of election.

A prominent minister was heard to say yesterday: "If McLaurin takes part in that trial I'll vote the populist ticket."

One deflection does not count for much but preachers are influential persons around here and such a treat shows which way the wind blows. Your reporter has heard scores of adverse criticisms on Governor-to-be McLaurin, in this connection.

It is reported here that Marshall, who is nominee for electoral senator from Warren and Hinds counties, might as well resign, as he will not get a vote here.

### A NEGRO PETITION.

#### To Save the Neck of Gus Fambles Who is to Hang Friday.

**ATLANTA, Aug. 14.**—A special to the Constitution from Macon, Ga., says the negroes there are circulating a petition asking Governor Atkinson to extend to Gus Fambles what ever clemency he extends to Mrs. Nobles. Fambles was the negro who was hired by Mrs. Nobles to kill her husband. Both Fambles and Mrs. Nobles are sentenced to hang on Friday next. The white women of Georgia are trying to save Mrs. Nobles' neck. Judge Smith of Hawkinsville was expected to decide yesterday whether Mrs. Nobles was to have a new trial but he has not announced his decision. If he does not grant a new trial a petition will be presented to the governor, asking him to commute the woman's sentence. Expectations are high. Fambles is shamming insanity.

### NEW BANK ORGANIZED.

#### Cartersville, Ga., Takes \$20,000 for It—W. S. Witham is President.

**CARTERSVILLE, Ga., Aug. 14.**—The "Bank of Cartersville" was organized yesterday with a capital stock of \$50,000, subscribed in about twenty minutes. Mr. William S. The directors will be Messrs. Jerry E. Field, E. Strickland, William S. Witham, J. M. Leake, Colonel C. P. Ball and J. M. Knight. In addition to these directors, many prominent citizens are stockholders. There is one other bank in the city, the First National.

### THE GOVERNMENT ALL RIGHT.

#### "You May Tell the People They Need Not Worry About the Gold Reserve.

**NEW YORK, August 14.**—"A Duluth, Minn., special says: "You may tell the people they need not worry about the gold reserve," said Secretary of the Treasury Carlisle yesterday. It was only when he was told about the prospective heavy gold shipments and the anxiety in some quarters about their effect upon the gold reserve that he consented to speak, even briefly, on public affairs. He left yesterday evening on a trip down the lakes.

### CALLS HIMSELF THE CHRIST.

#### Announcement Made by the Ex-Schoolmaster in New Mexico.

**ALBUQUERQUE, N. M., Aug. 12.**—Francis Schlader, the "healer," now calmly announces that he is the Christ. Among his callers Saturday was Rev. Charles L. Howard, and in the course of conversation the minister asked Schlader if he claimed to be Jesus Christ returned to earth. Schlader answered: "I am. Since you have asked me, sir, I say plainly I am. I am not here to give information, but I will always answer direct questions."

#### Report That He Has Urged Spain to Give Cuba Self-Government.
