

"History Repeats Itself."

The language which heads this article expresses a great and, many respects, a fearful truth. It does not follow as a conclusion, that whatever has been will be; but, whatever has been may be, cannot be doubted. The acts and policy of CROMWELL'S Parliaments are repeated almost to the letter by those of our Radical Congress. The names of parties even correspond-Our present sufferings are only repetitions of those endured by nations in the past.

We have said this much; merely as introductory of the following extract from the inspired writings of the Poet Prophet of Israel :- "Your country is desolate, your cities are burned with fire; your land, strangers devour it in your presence, and it is desolate, as overthrown by strangers." Islan, 1.7. We need only add the remedy offered by

the Prophet in the name of the LORD. "Wash ye, make you clean; put away the evils of your doings from before mine eyes; cease to do evil; learn to do well; seek judg-

ment, relieve the oppressed, judge the fatherless, plead for the widow." "Come now, and let us reason together saith the Lord; though your sins be as scarlet they shall be as white as snow; though

they be as crimson, they shall be as wool." "If ye be willing and obedient, ye shall eat the good of the land; but if ye refuse Aylett, a distinguished lawyer and the forand rebel, ye shall be devoured with the mer editor of the Richmond Times; Dr.
