Mr. J. B. O'N. Holloway will accept our thanks for catalogue of St. Matthews Academy.

Three children saved from a horrible death by twenty-five cents' worth of Shiner's Indian Vermifuge.

If the parties who removed certain articles from Mr. Eros' room on the night of the 16th inst., will return them a liberal reward will be paid and no questions asked.

Mr. L. C. DeSausure, the polite and courteous conductor on the accommodation train on the S. C. R. R., will accept our thanks for kindnesses extended to this office.

Mr. W. P. Bull has removed to his old stand, one door above T. Kohn's. We are sorry to lose Mr. Bull from this part of our town, but wish him success wherever he may stop.

Have you been to W. M. Sain's store where the best groceries, liquors, tobaccos, &c. are kept? If not, go at once and enjoy the advantages of the best goods at the lowest prices.

Prof. Caro, Legedemianist and Ventriloquist, performed his wonderful tricks in our town three nights this week to paying audiences and we believe to the satisfaction of every one.

We learn that Dr. Ezekiel Thomas, colored, of England, of whose wonderful powers we made a note last week, is a humbug. Well! there's one consolation; the Doctors were sold along with us.

The Captain who commanded the Company at Mr. Cart's Farm, in the Fall of 1863, will much oblige by sending his address to "L." care of Letter Carrier No. 12, Richmond, Va. The Company was, I think, from Orangeburg.

Rev. A. P. Norris is on a visit to his family in our town and seems to enjoy his usual good spirits and health. He has in charge the First Baptist Church of the City of Troy, Alabama. We learn that this church has a large membership and is in a prosperous condition otherwise.

We notice that Messrs. D. E. Smoak & Co. have made needed improvements on their store one door above Maroney's Hotel—enlarging its capacity and increasing its convenience. This is a tangible sign of material prosperity for this enterprising firm as well as an improvement to our town.

Mr. Geo. H. Cornelson is a man of enterprise; his store is a place of business activity, his clerks are skillful salesmen—courteous and attentive; and his stock is the most varied, best assorted and largest in town. Such long continued success can only be accounted for upon the principles of the best goods at the cheapest rates, fair dealing and punctuality in business transactions—these will win and hold the confidence of a community. We call attention to the stock of spring goods he advertises in to-day's issues.

We are requested to announce that there will be a drill of the Edisto Rifles on Monday evening next. Members will assemble at the Court House at 5 P. M. sharp.

This Company deserves great praise for the proficiency in drill of its members; but a more general turn out is very desirable, gentlemen.

Nothing in the shape of Yeast Powders can compare with the Excelsior Baking Powder. Nothing injurious enters into its composition. It's economy to use it, as you pay only for the powder, and not for tin boxes and fancy labels. Prepared fresh every week and for sale by Dr. J. G. Wannamaker. Price 25 and 50 cents packages.

A revival of religion has been in progress in the colored Baptist Church for two weeks or more. We learn that thirty-eight persons have been baptized already, and as many more have presented themselves as candidates for the ordinance. This is a good work and we hope our colored friends will not grow weary in well doing. They have an inviting field and we bid them God speed.

We saw a head of wheat a few days since, grown by Major J. H. Hydrick on Bull Swamp, measuring seven inches in length and the grain not matured upon it. The Major has a field of seventeen acres pretty generally interspersed with such heads, caused by the rust blight. In view of the importance of this crop to our people, we would suggest experiments with the sulphur, and salt and ashes as indicated in the Times of last week. It was by such means that Mr. Carville of Newberry discovered that blue stone was a preventative for smut in wheat.

We would call attention of our readers to the auction notice of C. D. Kortjohn. This business, though something new in our midst, has assumed large proportions, everybody taking advantage of the many bargains which are offered. Auction days are Saturdays and 1st. Mondays, and in addition to this, this enterprising house have agreed to hold Saturday night auctions for the benefit of the working class who cannot attend the day sales. We have attended these sales and can guarantee bargains. Farmers who cannot make it convenient to attend the sales will be repaid by calling at this house on any day where they will sell at Char- prices. The friends and former customers of Mr. J. S. Albergotti will find him with this house. Call on him and be convinced of what we say.

On Wednesday morning about 7 o'clock A. M., four prisoners, charged with burglary, made their escape from the jail. Three were recaptured but the fourth successfully evaded his pursuers and is now at large in the country. The jailer going for water, left the doors unfastened, and the prisoners came down stairs, concealed themselves in the closet beneath the steps and made their escape when Loyd had returned and was up stairs attending his business. This is the second time prisoners have escaped from jail within the last two or three months. If this is to continue it will cost the county less to throw open the prison doors and abolish the offices of Sheriff and Jailor; but, if to diminish crime, it is necessary to have a jail and, of a consequence, a jailer and a sheriff, then let us have such officer as will keep the prisoners securely, that the county suffer no unnecessary expense, or the property of citizens, hazard from crime.

A very useful sheep is kept on a steamer playing between San Francisco and Stockton. He is trained to go out on a gang plank at a landing when a flock is to be loaded, to show that the approach is safe, and to act as a pilot.

**The Antecedents of Disease.** Among the antecedents of disease are in- ertness in the circulation of the blood, an unnaturally attenuated condition of the physique, indicating that the life current is deficient in nutritive properties, a wan, haggard look, inability to digest the food, loss of appetite, sleep and strength, and a sensation of unnatural languor. All these may be regarded as among the indication of approaching disease, which will eventually attack the system and overwhelm it, if it is not built up and fortified in advance. Invigorate, then, without loss of time, making choice of the greatest vitalizing agent extant, Hostetter's Stomach Bitters, an elixir which has given health and vigor to myriads of sick and debilitated, which is avouched by physicians and analysts to be

pure as well as effective, which is immensely popular in this county, and extensively used abroad, and which has been for years past one of the leading medicinal staples of America.

**Dobbins Electric Soap.** Having obtained the agency of this celebrated soap for St. Matthews and vicinity, I append the opinion of some of our best people as to its merits:

We have used Dobbins electric soap made by J. L. Cragin & Co., Philadelphia, Pa., and take pleasure in recommending it to our neighbors. It saves time and labor and does not injure the finest fabric. Boiling the clothes is entirely unnecessary and but very little rubbing is needed.

Mrs. D. D. JONES,  
" J. N. FOGLE,  
" A. R. ROWICK,  
" M. P. WAY.

I desire all my friends and customers to give this soap one trial so that they may know just how good the best soap in the U. S. is.

**A Remarkable Result.**

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives, try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

**ADVICE GRATIS.**

The Hon. Alexander H. Stevens says:—"The Globe Flower Cough Syrup has proven a most valuable remedy to me."

Gov. James M. Smith, of Georgia, says:—"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine. It excels everything for coughs, colds and obnoxious lung affections."

Ex-Gov. Brown, of Ga., says: "He finds the Globe Flower Cough Syrup a most excellent remedy."

Such endorsement by our great and good men deserves the attention of the afflicted. Those suffering from cough, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption.

### Manhood! How Lost, How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Seminal Weakness, (with- out weakness, involuntary Seminal losses, Impotency, Mental and physical incapacity, Impediments to marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c. &c.)
