**SPECIAL BARGAINS:**  
**The Almighty Dollar!**—The many have too few and the few too many. We have the pleasure to announce a new departure—the location of a new New York City for the purchase and selection of our stock, in order to enable us to quote lower prices than others who buy on long time and ask big prices in these days of panic and hard times.

Our Agent has instructions to watch every sale and every failure: to look after every hour on the verge of bankruptcy and ruin, and with the cash in hand to buy the lump or in the lot, every class of merchandise that we can get at less than its value, so that we can mark in plain figures on our bargains prices that have not been named or quoted in this market or any other.

Not by favor but by merit alone will we maintain and increase our unrivalled reputation.

Big prices will not do in these times when even the wealthy cannot afford to waste their money and the poor require double duty of every dollar and every penny.

As our prices change with every sale, it will be impossible to give quotations, but, it will be our aim to name figures that will compel you in self defense to buy of us.

We deal in good goods and not trash, and believe the masses will patronize that house that sells the best goods for the least money.

Among our weekly arrivals we shall place before our people some hand-bills that are positively beyond the whisper of competition, comparison or monopoly—prices that will teach you in the silent logic of truth the difference between dealing with live, and dead men.—between the cash and the credit system.—between the right and the wrong way.

Hence we throw out among the masses these specialties—these matchless goods and matchless prices to check this insane and criminal practice of wasting money for the paltry consideration of a little credit.

Who can tell the waste of money when you get your goods of houses that buy and sell on long time? Gold is a good thing—but gives genius and ambition, and then an energy that never tires, a mind that never wanders, an eye that never sleeps, and a nerve that never quivers, and we will ride rough shod all over the world!

New advanced ideas crowding out the old—pluck instead of luck—cash instead of credit—brains in the place and tremendous long time prices.

What is the use of wasting a dollar when you may save it? Upon our counter will be thrown day after day, new arrivals, at panic prices, from houses that have collapsed, others that will go down to-morrow, and still others who throw out these sacrifices in vain hope to outlive the storm.—from such sources as these we buy our goods, and the house who wants the trade of the people must go beyond this advanced line, must beat these prices or go down, for if there is honor in man, or virtue in good goods at low prices we mean to be masters of the situation—the live pioneers who dive down to rock bottom.

We shall offer such unanswerable arguments as no house can match—leaders and specialties at quotations that no other man can offer—stern and stubborn facts that will level your head on the subject of genuine bargains.

Hard luck and harder times pinch some high toned old credit concepts—they must have money to meet the inevitable note, to-morrow—they all know we have the cash—the hard and solid cash.—and a thousand, will buy double its value, and we can offer goods at figures away below the regular wholesale jobbers of Broadway.

We wish to right the wrong and believe the God of battles is ever with the right. When bankruptcy and ruin grand and gigantic wind-shake listen for our name. Thus we are fighting against the old rotten credit system for money for reputation, and for the people.

This is the music and these the prices that crowd our store whilst other merchants sleep on their counters little dreaming of the day of disaster, and ruin, awaiting all who buy on long time and sell on longer—who pay big prices and sell at figures that no people can afford to pay.

We invite an early and repeated visit and inspection. Our stock will be replenished every few days.—and to merchants we offer some special leaders fully 15 to 20 per cent. less than current prices in New York City.

Respectfully submitted to the Cash Trade only.

W. W. SELLERS,  
MARION, S. C. Dec. 22, 1877.

Messrs. A. F. Merrill & Co., Philadelphia, Pa.

Gentlemen—Some three years ago I was taken with something like asthma. The attacks at first came at night, and whilst asleep. It would awake me, and I would have to get up and sit up till it would wear off. These attacks became more and more frequent, and increased more and more in violence until the spring of 1875, when they became alarming. I had to sit up most of the nights, could not breathe in any other position, and not in a sitting position without very painful difficulty. It was attended with a very bad cough. The expectorations were of a white frothy character and very tough. I became very weak and feeble. My physician did what he could, but to little purpose. He knew what ailed me, he kept it concealed from me. I, however, was satisfied that the dread disease of consumption was fast settling in upon my lungs.

Provisionally I saw the recommendation of the Hon. Alex. H. Stephens of the Globe Flower Syrup, and having known him for years, and also of his physical infirmities, I determined to make a trial of the Syrup. I bought a bottle and commenced taking it as per directions. I felt a sensation of relief after the first dose (taken at night), but had to get up before day and sit up as usual. I continued to take through the next day as directed and at night before retiring. I have not had to get up since. I continued to take it regularly until I took three bottles. The cough gradually subsided, breathing became clear and easy, and for twelve months I have been in perfect health—no cough, no asthmatic affection, and I cheerfully attribute my cure to the use of the Globe Flower Syrup, and would recommend it to all similarly afflicted. My official and professional labors are particularly straining to the lungs, but I am perfectly sound and well, and have no symptoms of any lung disease. I keep some of the Syrup on hand, and perhaps once a month take a dose of it, which I think keeps the lungs vigorous and healthy.

I have been thinking for some time that I would add my testimony to the virtues of the Globe Flower Syrup, and now take occasion to do so, and if you can make any use of the above words to benefit the suffering everywhere, you are at liberty to do so. Respectfully yours,

### OPHIUM

**Ayer's Hair Vigor,**  
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effective for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
