W. W. SELLERS, Marrier, S. C. Dec. 22, 1877.

Messers. A. F. Mevril & Co., Philadelphia, Pa.t Gentlemen—Some three years ago I was taken with something like asthma. The attacks at first came at night, and whilst askep. It would awake me, and I would have to get up and sit up till it would wear off. These attacks became more and more trequent, and increased more and more in violence until the spring of 1876, when they became alarming. I had to sit up most of the nights, could not breathe in any other position and not in a sitting position with-out very painful difficulty. It was attended with a very bad cough. The expectorations were of a white frothy character and very tough I became very weak and feeble. My physici n did what he could, but to lite the purpose. If he knew what ailed me, he kept it conscaled from me. I, however, was satisfied that the dread disease of consump-

satisfied that the dread disease of consumption was fast setting in upon my lungs,
Providentially I saw the recommendation
of the Hom. Alex.ift. Stepnens of the Glebe
Flower Syrup, and having known him for
years, and also of his physical infirmities, I
determined to make a trial of the Syrup. I
bought a bottle and commenced taking it as
the directions. I fall a sometime of selice bought a bottle and commenced taking it as per directions. I felt a sensation of relief after the first dose (taken at night,) but had to get up before day and sit up as usaal. I continued to take through the next day as directed and at night before retiring. I have not had to get up since. I continued to take it regularly until I took three bottles. The cough gradually subsided, breathing became clear and easy, and for twelve months I have been in perfect health—no cough, no asthmetic affection, and I cheerfully attribute my cure to the use of the Globe Flower Sprup, and would recommend it to all similarly afflicted. My official and professional labors are particuofficial and professional labors are partieuthe Syrup on hand, and perhaps once a month take a dose of it, which I think keeps the lungs vigorous and healthy.

I have been thinking for some time that I would add my traffic or some time that I would add my traffic or some time that I would add my traffic or some time that

I would add my testimony to the virtues of the Globe Flower Syrup, and now take oc-casion to do so; and if you can make any use of the above so as to benefit the suffer-ing everywhere, you are at liberty to do so. Respectfully yours
