Our Sunday Rambles

METHODIST CHURCH—Rev. O. A. Darby, took as his morning theme the obedience displayed by Abraham in offering up his son Isaac as a sacrifice upon the altar. He showed that the object of God in giving this command, seemingly so hard, was first to try the patriarchs faith and thereby do him good; and secondly to give the world an example of faith and obedience, and thereby do others good. He then showed how faithfully Abraham fulfilled the command of God in every particular.

First, his resignation. He never murmured or said a word although his beloved son was to be the victim, but meekly submitted to God's will.

Secondly, his promptness. He made no delay, but proceeded at the first dawn of day to execute the command delivered to him by the angel of the Lord.

Thirdly, he kept his trouble to himself, fearing that publicity might thwart the execution of God's will.

Lastly, he persevered to the end, and quailed not at difficulties. When finally a lamb was provided for the sacrifice instead of his son Abraham called the place Jehovah jireh, the Lord will provide.

The lessons impressed by the sermon were, resignation to God's will under all difficulties, promptness in doing our duty, heroism in bearing our troubles by ourselves, and perseverance and firmness in the path of rectitude.

PRESBYTERIAN CHURCH—In the afternoon Rev. J. D. A. Brown delivered an address in the interest of foreign missions. Interesting particulars were given showing the progress of missions under the auspices of this Church in Brazil. At one Church in this country as an indication of the success of the cause, \$450 were raised by the members, and the same amount by a society organized among the ladies of the Church. The money so raised was applied to the support of the Church, and the employing of a bible reader. We were urged to redoubled efforts for the promotion of this important cause.

LUTHERAN CHURCH—In the evening Rev. J. F. Kiser preached from the words, "And as Moses lifted up the serpent in the wilderness, even so must the son of man be lifted up." The preacher showed the analogy between the brazen serpent which was lifted up in the wilderness, and which if the Israelites merely looked upon would cure them of the bites of the serpents which were sent to scourge them, and the Savior who was placed upon the cross to save sinners from the result of their sins. In either case a simple look was necessary but it must be the look of faith. Christ is now lifted up before us; let us look to Him and be saved.

The Sign

Of foaming beer can be seen all over our town.

Ice Cream

Can be had at Eros' fashionable saloon, which is now thoroughly fixed up for visitors. See his advertisement.

Alive

T. Kohn advertises a splendid lot of clothing and dry goods in to-day's issue. Go around and be suited at this fashionable emporium.

The "California Store"

Kept by Messrs. Sorentrue & Loryea, is well stocked with fresh goods. Read the advertisement, and drop in for bargains.

The Frost

On last Thursday and Friday destroyed all the gardens in this vicinity, but what is still worse the fruit crop is supposed to be entirely ruined.

Dr. Prices

Cream Baking Powder—for purity, strength and healthfulness it stands alone. For sale by Dr. J. G. Wannamaker.

That Well

In the Court House square ought to be attended to. It has already been the subject of an essay; and we now suggest that one of Mr. Merony's elevators be put in it.

Puffing

There's no danger of an editor being "puffed up," for he spends himself in puffing others.

Distinguished Counsel

Gen. M. C. Butler and Hon. M. P. O'Connor have arrived in Charleston to take part in the defence of the prosecuted Democrats.

Early

We learn that Mr. Joseph Street, of Georges Station, has already eaten Irish potatoes of this year's growth, out of his garden. Beat that if you can!

Muzzle your Dogs

We call attention to the Ordinance of the Town Council published elsewhere, requiring that all dogs running at large on the street must be muzzled, or they will be shot.

The Young Americans

Turned out in usual force on Tuesday afternoon for monthly parade. A trial of speed in running and swimming water was made, and the time was remarkably good.

The Trial

At the request of our County Chairman, Gen. Izlar, one of the counsel selected by the bar to defend the Democratic prisoners, proceeded to Charleston on Wednesday night to look after their interest.

Knights of Honor

The members of Orangeburg Lodge No. 1462 K. of H. are requested to attend a meeting of their Lodge on Monday evening next at 7:30 o'clock. A full meeting is desired. J. L. HEIDTMAN, Reporter.

House Burnt

The residence and cotton house of Mr. Harmon Rush, near the State road were destroyed by fire on last Friday, not more than half of the contents being saved. The fire was supposed to have caught by a spark from the chimney.

Death

We regret to learn of the death of Mrs. Davis, the mother of Mr. J. W. Davis, who was recently killed in the unfortunate encounter which is well known to our people. She was buried on Monday morning, leaving a large circle of friends to mourn her loss.

The Weekly News

Is one of the most valuable papers in the State, and the efforts of Messrs. Riordan & Dawson for its continued improvement as evidenced by the prize story scheme and the handsome reward offered, deserves public acknowledgment. The paper is a complete condensation of the news of the week.

A Good Idea

Since writing our local on the pressing necessity of raising money to defray the expenses of our persecuted Democrats now on trial in Charleston, we understand that a concert will be held for the purpose on next Tuesday night in the basement of the Presbyterian Church. Let us make it a complete success.

Mexico and United States

Owing to their warm and delightful climates, their inhabitants grow sallow from torpid livers, indigestion and all diseases arising from a disordered stomach and bowels. They should of course at all times keep the liver active, and to our readers we recommend Tabler's Pile Ointment, or Vegetable Liver Powder. Taken in time will often save money and much suffering. Price 50 cents. For Sale by Dr. J. G. Wannamaker.

A Puzzle

If some of our juvenile readers wish a lot of instructive fun, they can find it in trying to see how many words and sentences can be made out of the word "Display," by using the seven letters in this word. Try it, and you will be surprised to see the number of words and sentences you can get. Report the result, and we will publish the name of the boy or girl who finds the greatest number.

Charming Handiwork

We had the pleasure in one of our local strolls of examining a most beautiful and ingenious piece of handiwork executed by Miss Albergotti, a daughter of Mr. T. W. Albergotti. It was a brooch and a pair of earrings made of the scales of fish caught in the Edisto River. The scales were beautifully polished, and presented a pearl-like appearance, the whole being tastefully arranged on silver wires. We appreciated the specimens the more from the fact that they are entirely home made. They can be seen at Mr. T. W. Albergotti's store.

Attention Edisto Rifles!

Attend a regular quarterly meeting of your Corps at Engine Hall, Tuesday evening, April 15th, at 7 o'clock. A punctual and prompt attendance is earnestly requested. Members will please come prepared to pay their dues.

By Order of Captain S. DIBBLE. G. A. NEUFFER, JR., Secretary.

The Young Men's Christian Association

At this place, have fitted up a neat apartment, conveniently situated on Russell street, which they use for a reading-room. This room is open every night in the week, excepting Sundays, and the public generally and the young men of the town especially are welcome to the advantages it affords. They have constantly on file the "Daily News and Courier," "Ladies Illustrated Paper and Sunday Magazine," "Orangeburg Times," "Orangeburg Democrat," and the "Southern Christian Advocate," "Wesleyan Advocate," "Religious Herald," "Southern Presbyterian," "Lutheran Visitor and Watchman," (Association paper.) There is also to be found a very fair collection of books, both secular and religious. The room is very neatly furnished, being carpeted, with walls decorated with appropriate mottoes. They have provided innocent amusements, such as "Chess" and "Drafts," and have in their room a neat parlor organ. All of these are sure to be used and enjoyed by any who may call. The Librarian is in attendance and will give all visitors a hearty welcome.

With due respect to the feelings of our young men, we would point them to this place for pleasure instead of those places of vice and wickedness, which are ever open and enticing to the youth of our land, and which entail misery and suffering upon those who visit them.

We take this opportunity of returning the thanks of this body of young men to the people for their liberality, and point them to this enterprise as its result.

The Democratic Cases Will come up in the U. S. Court in Charleston next week, and a number of our citizens arrested for partisan purposes will be forced to the metropolis to stand their trial.

We have alluded to this matter once before, and we again remind our readers that their cause is ours, and that it is our duty to stand by them. They have been brought into this difficulty in their efforts for the accomplishment of the victory which we are now enjoying, and which has shed its blessings, not only upon Democrats, but upon the citizens generally. It would be a disgrace upon the Democratic party if they are not supplied with the necessary means for their expenses. Can we expect men to risk themselves in future elections to check Radical intimidation and bull dozing if we do not stand by them now in the hour of their trial?

It is erroneous to suppose that the money is wanted to fee lawyers. They have already, as is clearly their duty, volunteered their services free of charge. The expenditure will be the traveling and board expenses of the principals and necessary witnesses, which, above, will not be any trifling sum.

It is to be raised, and the sooner we realize it the better. The re-

sponse, we understand, has not been adequate to the occasion. We hope some practical plan will be adopted, and that by the middle of the week the whole amount necessary will be obtained. Let not the citizens of the town, who are most directly interested, be laggard.

A Novelty

We noticed at Mr. Kirk Robinson's quite a novelty in the way of a lamp with a clock in the lower part of it, thus giving us light and time at once. The lamp is a very fine one and the two articles together cost very little more than either would separately.

Pomona Grange

The Annual meeting of this body composed of delegates from all the Granges of the County, met in the basement of the Presbyterian Church on last Saturday, where a very interesting and profitable session was held.

The following officers were elected to serve for the ensuing year:

- Dr. W. F. Barton, W. M., Z. E. Granling, Overseer, J. H. Felder, Lecturer, A. M. Salley, Steward, W. T. Muller, Assistant Steward, D. T. A. Elliott, Chaplain, S. M. Fahey, Treasurer, Kirk Robinson, Secretary, A. Jourdain, Gate Keeper, Mrs. C. M. Felder, Ceres, Mrs. M. A. Summers, Pomona, Mrs. A. L. Culter, Flora, Miss Livinia Felder, L. A. S., Executive Committee—Dr. J. W. Summers, F. H. Gramling, Dr. J. C. Holman.

The Committee to whom was entrusted the matters of the expediency and practicability of establishing a co-operative store, reported favorably, and the same Committee was charged with the duty of opening subscription books, and carrying out the plan. The matter was very freely and ably discussed and it is hoped for the interest of the Grange that the project will soon be consummated. Mr. J. H. Felder supported the measure in a strong speech.

After the business of the meeting was over the delegates, with their guests repaired to the tables, groaning with good things spread upon them for the gratification of the inner-man. It was at this juncture that the TIMES appeared upon the scene, thanks to the kind attention of Worthy Master Barton and Ex-Worthy Master, Capt. Ed. Felder, and was thus initiated into the fifth

The enjoyment of this degree impressed us very favorably with the organization, and convinced us that its members are far from want.

Social gatherings like these, cheer'd, too, by the presence of the ladies, tend in no small degree to relieve the solitude of the farmers' life, and should be encouraged.

Have You the Buckeye?

It is a well established fact, that Tabler's Buckeye Pile Ointment will cure, if used according to directions. The Aesculus Hippocastanum, or Horse Chestnut, commonly known as the Buckeye, has been highly esteemed for many years, owing to the fact, that it possesses virtues, lying in the bitter principle called Esculin, which can be utilized for the cure of Piles. Afflicted with that terrible disease use Tabler's Buckeye Pile Ointment, and be relieved. Price 50 cents. For Sale by Dr. J. G. Wannamaker.

DR. C. McLANE'S CELEBRATED LIVER PILLS.

FOR THE CURE OF Hepatitis, or Liver Complaint, BILIOUSNESS AND BILE HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequalled.

LIVER

This important organ being the first to be diseased, and the most difficult to cure, it is of the highest importance to have the liver and other important organs in the best of health. The liver is the seat of the bile, and if it becomes diseased, the bile is not separated from the blood, but enters the system, and causes a variety of symptoms, such as jaundice, cholera, and other diseases. The stomach becomes diseased, and the bowels are affected. Price 25 Cents and \$1.00 BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Diseases, is a thousand treated without the use of Mercury in some form. Mercury taints the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. The French Syphilis Cure, or Quinine, is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, as that will cure. Cases, \$20.00 will be paid by the proprietor, if Mercury or any ingredient not purely vegetable, and harmless can be found in it. Price by all Druggists \$1.00.
