

LOCAL

For Mayor J. W. MOSELEY. For Aldermen J. S. ALBERGOTTI. J. C. DICKSON. W. M. SAIN. JOSEPH STRAUS.

Mr. Copes Will be at Corbettsville on September 30th. See notice.

A Fancy Fair— We are informed that the Edisto Rifles have in view a Fancy Fair about the middle of next month.

Only One Dollar For the TIMES for one year. Subscribe and be posted in the news of the day.

That's Right— Council is now engaged in having the road to the depot worked and leveled. A railing is also suggested along the Railroad.

Encouraging— We were very much gratified at the opening of the schools on Monday. The prospect seems to be brighter than usual.

Dr. Duker's Store And residence on Main and Market streets is nearly completed, and presents an attractive front. Such buildings improve our town.

Attention Is called to the communication of "Red Cats" in another column, which gives the figures in the cultivation of a crop, and will therefore be of profit and interest.

A Fire Was observed on Saturday night, supposed to be in the Northern suburbs of the town. It proved to be the burning of the house of a colored man by the name of Collins, about one mile from the Court House.

Home Again— Dr. Eilat, whose trip to the mountains we have already mentioned, returned home on Monday and we are pleased to announce that he has been much benefited by the jaunt.

Our Thanks Are due to our correspondents for their kind attention for months past. Send us the news from every part of the County. Communications left with us on Saturday or Monday of each week would be best.

The Sugar Refinery, Through the enterprise of Mr. Correlson, will be in operation to-day. Mr. Straus has been arranging the machinery, and on a visit to the spot on Wednesday, we learned that the work was nearing completion.

Atlanta Medical College— This college has an advertisement in another column. We know of no similar institution that can offer advantages superior to this one, and therefore do not hesitate to recommend it to students or physicians.

Fish and Oysters— Mr. Z. J. King informs us that he will have on Saturday, the above delicacies prepared for the table, also just in, a case of champagne beer, besides other goods in his line, all of which he is finishing at living prices.

Personal— We were glad to meet on our streets friend L. H. Wannamaker, who has just returned from a trip to the mountains for his health, apparently much benefited.

Closed Down— We are informed that the County Commissioners, in consequence of the frequent appeals to them for the use of the Court House, and the risk run on account of insurance, have decided not to allow it to be used again for any other than Court purposes.

Cornelson— Mr. John Danner who has been North laying in supplies for this mammoth house, returned on last Thursday after laying in one of the best and largest stocks of merchandise ever brought to Orangeburg. We stepped in on Wednesday afternoon and found the whole force busy unpacking. Friend Danner says that he is prepared to supply the County with the best articles at the lowest figures, having made bargains every where. Now is the time to call and make investments.

A Deer Hunt In the Fork on the 1st of September about 11 miles from Orangeburg, resulted in the killing of a fine deer. The party consisted of John Bonnet, Barney Williamson, John North, Barney Livingston and Joseph Kennerly.

Read! Read!! Eros' change of advertisement in to days issue. He has on hand a splendid stock of merchandise and confectionery, and will fix wedding cakes at the shortest notice. Hot meals and hot coffee will also be furnished hereafter for ladies.

German Chamomile Tonic— A tonic that at once invigorates the Liver and Digestive Organs, regulates the Bowels; acts upon the Kidneys, opens the Pores of the Skin and for all Impurities of the Blood, it is unsurpassed. Trial bottles 10 cents. For sale only by Dr. J. G. Wannamaker.

C. D. Kortjohn Who returned from the North a few days ago, where he has been making purchases for the benefit of his customers, is receiving every day fresh and varied assortments of merchandise, all of which he is offering at fabulously low prices. Give him a call and save money.

A Texas View of it— There has been considerable discussion as to whether Mr. Sprague, the shot gun, or both were loaded at Narragansett Pier. Whereupon the Galveston "News" remarks that it is "singular to say that only Conkling, who all admit was not loaded, "went off."

W. P. Robinson. The seed and clock man of the town, is always ready in his line. He has a fine assortment of fresh turnips and other seeds on hand, and farmers would do well to note the fact and supply themselves at once. He will attend to your chronometer too, without which no household can be well regulated.

Feed Cutter— Messrs. Edwards & Thompson, at Mr. J. C. Pike's store, have only a few of the new Virginia feed cutters left. The demand for this new machine is so great that it will be impossible for them to obtain another lot this season and we would advise those in want of a first class feed cutter to call on them immediately.

Prof. W. W. Legare— We noticed in our last the visit of this accomplished gentleman and distinguished educator to his old home at Orangeburg. We have since been favored with a catalogue of the institution which he represents, the Adger College of Wallhalla, and we feel no hesitancy in heartily recommending it to the patronage of the young men of our county and State.

What Does it Mean?— Orangeburg was excluded from the benefits of the excursion trip to Charleston this week unless tickets were purchased from Columbia. It was certainly a short-sighted game on the part of the Railroad managers. We know of one merchant who intended to go to Charleston and spend \$3000, but who, in consequence of this unjust discrimination determined to turn his course to another market. Does this pay?

A Model Official— We had occasion last week to ride over the Five Notch Road as far as Four Holes, and we were struck with the unusually careful manner in which this section of road was worked. Upon inquiry we ascertained that it was done under the immediate supervision of Commissioner L. S. Connor. If he continues to perform his public duties in this way, we should not be surprised if he is made, not only a second, but even a third term— if he is not kept in office for life.

Religious— According to appointment, Bishop Howe visited our town last week, and preached two able and impressive sermons in the Episcopal Church last Sunday. The ceremony of confirmation took place in the morning. The delightful services of this church were enjoyed both morning and afternoon by large and appreciative congregations.

The Presbyterian Church was also re-opened on the same day, after a months absence on the part of the pastor, Rev. J. D. A. Brown, who, with his wife, has been recreating in the mountains. We are glad to hear that the trip has been beneficial.

Death— We are pained to learn of the sudden death of Mrs. J. M. Crosswell at her residence near Ft. Motte on Tuesday. A few years only have passed since the demise of her husband, and this dispensation now leaves the household bereft of both of its heads. Our sympathies are with the relatives and friends of the deceased who are left to mourn her departure.

Town Hall— We have heard several suggestions in this direction and mention them only as a matter of town talk.

As to whether the building of a Town Hall would be advisable we are not prepared to say. It will be noticed that the County Commissioners refuse to allow the Court House to be used in this capacity, and if they are responsible for the insurance individually we can't blame them. But it seems to us that it is a piece of folly, while this fine hall, paid for by our taxes, is standing, for us to be taxed to build another simply on account of this insurance difficulty. The tax payers of the County ought to have the use of the Court House whenever they want it, but of course we can't say a word against the County Commissioners for refusing it, as long as the insurance policy stands as it is. But we would ask, could not the policy be so arranged that the tax payers would have the risk, and the Court House could be made useful as well as ornamental?

Our Ticket— This is the only opportunity we will have of saying a word on this subject before the election which will take place next Tuesday.

The only regularly nominated ticket in the field is that put forward by the Democrats, and headed by Hon. J. W. Moseley.

It is said, with what truth we don't know, that another ticket is to be run under the leadership of Geo. Bolivar. But we can't see what effect this can have upon Democrats, unless it be upon such of them as competed with him and hired to him last year. Mr. Bolivar is a Republican and has never been anything else. Therefore his running, if he does, will make the fight a straight-out one; and he who is not for us will be against us. There can be no mixing.

The Democratic ticket was made up at a large meeting with great care, and with a special eye to the varied interests of the town. There can therefore be no objections to it, and, in fact, we have never heard of one.

The issue is more important than we are apt to conceive. The influence of success or defeat will extend beyond the limits of our town, and will be felt in future elections.

The Democratic ticket should be voted as a whole, and we hope no name will be scratched upon it. Such a course would be an injury to us as a party.

Let us then rally to the polls on Tuesday and make a determined effort in the interest of good government, and victory will assuredly result.

Critic's Farm— As announced in our last, we accepted an invitation to visit Critic's farm, for the purpose of witnessing his experiments, showing the virtue of straw, leaves, &c., in building up poor land, and even rendering immediate benefit to the crops. We were shown a field of 43 acres of corn on land built up in this manner with the aid of a little cotton seed which a few years ago produced the most ordinary crops, now laden with a crop of the heaviest corn, many of the stalks having two full ears, and the field promising a yield of 15 or 20 bushels to the acre.

We noticed that the peas in this corn were luxuriant, which leads us to the conclusion that Critic is right, that the failure of the peas in friend Duker's field was not due to the successive manuring with cotton seed, but to the lack of straw along with it.

We next examined a field of 43 acres of cotton, manured with raw straw out of the woods and 8 bushels of cotton seed to the acre, and the cotton ranks with the best we have seen in the County, equalling some of the most highly manured. To eight acres of this field salt was also added, and the difference was visibly in its favor.

Besides this we also visited Critic's rice, sorghum and sugar cane, all of which were doing well.

He has in all 100 acres under cultivation, and we were impressed with the fact that he has found the secret of success which is the making of the largest yield with the least expense and labor, and with yearly improving his land.

The writings of such men are valuable, and we commend his series of articles to the careful study of all who want to make farming a pleasure and success.

Dr. Jones' Lecture— It was our pleasure on last Friday evening to hear a most eloquent and instructive lecture in the Methodist Church, on "Female Education," by Prof. Jones, of Columbia.

He is a graceful, witty and impressive lecturer, and withal his views are sound and practical. His lecture took a broad and varied scope with which we could not pretend to acquaint our readers in the limited space we have to devote to it. It was very much regretted that he was recorded so small an audience. His views on female education, especially in reference to physical development and culture, were excellent, and we hope, will have a tendency to dissipate some of the errors of the age. Our girls, and even our boys, are too much pampered. Every institution ought to have its gymnasium, and every female seminary its esthetic appliances. The aim of education should be a sound mind in a sound body.

He showed that one of the great results of proper education was the giving of man a mind of his own; and he gave a very wholesome warning to that class of men, who, when a political question arises, wait to know what their neighbors think before they venture to express an opinion of their own.

We cannot altogether agree with him however in the assertion that it is a Christian duty to keep up with the fashions. We would rather have a mind of our own on this subject instead of being the slave of the mantua maker and tailor. If a fashion is good, we say follow it, but if it is bad, have a mind of your own, and reject it. Let comfort and decency be the guide. Many of the fashions are excellent, and should be followed, but, if there are those who are so peculiarly constituted as to think it unnecessary to have a yard of skirt sweeping the streets or held up in their hands, why should they not have minds of their own, and be allowed to dispense with the luxury, without encroaching on the charge of violating a Christian duty? The same may be said of many other ridiculous fashions.

We repeat it, if a fashion is good don't be an old fogy, but have a mind of your own and follow it, but if it is bad, with the same independence, cast it away.

Upon the whole, Prof. Jones' lecture was one of the best we ever heard, and proved him to be a thorough scholar and practical thinker. We hope he will visit our town again, in which case we feel that we could assure him a flattering audience.

Do We Believe in Witchcraft? "I take the position that we do not, in its broad sense, said a gentleman of years and experience, and yet we find many of the present day carrying a Bockeye in their pocket through a land of superstition, when they might be relieved by a few applications of Taber's Bockeye File Ointment." This Ointment is made from the Bockeye, and is recommended for nothing else but Piles. Try it. It will cure you. Price 50 cents a bottle. For sale by Dr. J. G. Wannamaker.

Taken in the Act. Sister Jones called on Elder Smith a few evenings since. Being a next door neighbor, she entered his study unannounced, and was greatly shocked at seeing him taking a drink from a suspicious looking bottle. He noticed her look of inquiry, and said: "This, Sister Jones, is Taber's Portable or Vegetable Liver Powder, the only remedy I have ever found for the many troubles arising from a disordered Liver. I can recommend it." Price 50 cents. For sale by Dr. J. G. Wannamaker.

Market Reports. Corrected every week by Messrs. BULL & SCOVILLE.

Table with columns for COTTON (Middlings, Low Middlings, Ordinary) and PROVISIONS (Corn, New Corn, Peas, Potatoes, Rough Rice) with prices.

NOTICE. I will be at Corbettsville September 5th 1879, instead of Orangeburg Court House as previously advertised. ROBERT COPES, Treasurer Orangeburg County.

THE GENUINE DR. C. McLANE'S Celebrated American WORM SPECIFIC OR VERMIFUGE.

SYMPTOMS OF WORMS. The countenance is pale and leaden-colored, with occasional flushes, or a circumscribed spot on one or both cheeks; the eyes become dull; the pupils dilate; an azure semicircle runs along the lower eyelid; the nose is irritated, swells, and sometimes bleeds; a swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimsy or furrowed tongue; breath very foul, particularly in the morning; appetite variable, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy; not unfrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hicough; cough sometimes dry and convulsive; and accompanied by grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist, DR. C. McLANE'S VERMIFUGE will certainly effect a cure. IT DOES NOT CONTAIN MERCURY in any form; it is an innocent preparation, not capable of doing the slightest injury to the most tender infant. The genuine DR. McLANE'S VERMIFUGE bears the signatures of C. McLANE and FLEMING BROS. on the wrapper.

DR. C. McLANE'S LIVER PILLS are not recommended as a remedy "for all the ills that flesh is heir to," but in affection of the liver, and in all Bilious Complaints, Dyspepsia and Sick Headache, or diseases of that character, they stand without a rival.

AGUE AND FEVER. No better cathartic can be used preparatory to, or after taking Quinine. As a simple purgative they are unequalled. BEWARE OF IMITATIONS. The genuine are never sugar coated. Each box has a red wax seal on the lid with the impression DR. McLANE'S LIVER PILLS. Each wrapper bears the signatures of C. McLANE and FLEMING BROS. Insist upon having the genuine Dr. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name McLane, spelled differently but same pronunciation.
