The Best Test-

If you want to have the benefits of Democratic government practically demonstrated go to the tax office to pay your taxes. Everybaly comes away surprised and delighte l at the smallness of their bill. Figures don't lie. You may in lulge as much as you please, in 'generalities, but this is figuring the thing out.

We know a man who-e property has been the same for the past ten years, and who paid \$29.50 under the Radical regime, paid \$3.60 on Tuesday under Democratic rule. This is coming down to hard pan pretty rapidly. It only shows how cheap we can run the government minus the Radical stealing.

The Right Spirit -

The colored people in the Bill Swamp community are endeavoring to eract an arbor for religious worship, and V. D. Bowman and T. K. Sasportas have been appointed a committee to so icit aid. We are glad to hear from them that the whites of Orangeburg, Rowesville, Jamison's, Lewisville, and in fact, of all the intervening country are responding liberally. We commend this spirit and feel satisfied that its existence is more universal than is generally believed.

The Grange Alive-

On Monday night a car load of 22 head of mules and horses arrived for the Grangers, and were taken in charge by Dr. W. S. Barton, This shows life in the order, and if a more united spirit was manifested, savings in every line could be effected. A few dollars saved on a single item may be regarded as triffing, but when we count up the dollars saved on n any items it tells.

Dr. Barton informs us that in this transaction at least 30 per cent has been saved, and that Middlepen alone has saved by it \$350

Inciden s of the Fair

Have not been witnessed; but such unparralleled crowds at C. D. Kortjohn's have never been seen. Strangers visiting town wou'd ask, "Is that the Fair going on there," so enthusiastic and delighted were the customers of this underselling merchant in their exclamations of joy at the bargains they were getting. Calicos, homespuns, bleachings, shirtings, shawls, clothing, hats, boots and shoes, groceries and knick knacks, and the thousand electerus only known in Kortjohn's store, went into the hands of eager parchasers; and yet the shelves were replenished as they were emptied! Were he pos. sessed with an Aladdin's lamp, he could not perform so many astonishing feats of low selling. It is the marvel of the age, this new life of Fortjohn's. He seems reckless of his future, and is determined to make his fellow man happy. Long may he live to bless those who have but a tew dimes with which to make their families happy! Remember his wonderful auctions.

Casualties-

A damper was thrown over the Fair yesterday by the falling of a window shutter from the second story of the building, cutting a colore ! man in the head, from the effects of which he is lying in an insensible condition with apparently little hopes

boy. Drs. T. K. Keller, W. S. Barton, M. G. Salley and others were promptly on the spot rendering every possible medical attention. June Smith was the name of the injure!

Another fatal accident oc curred in Vances Township near Mr. John Tates' place on the Santee. A colored man and woman were playing with a loaded gun which went off discharging the whole load into the woman from the effects of which she died be fore Dr. A. C. Baxter, who was called in, could reach the spot.

The Tournament

As we go to press we gather the acts in reference to the Tournament of Capt. Hayden's Company, which took place at the Fair yesterday ▲ very creditable number of Knights entered the contest, and the prizes were wun as follows:

1st. Prize, Knight Perseverance, G. B Kittrell, \$20 in gold

2nd. Prize, Black Knight, W. J. Kittrell, \$10 in silver. 3rd. Prize Knight - F.

Garick, \$5 in silver.

Miss Julia Carson was rowned Queen by the successful Knight, wearing her honors with marked dignity and grace. She was attended by Misses Ida Houser and Kitrell as Maids of Honor.

Tin Cup was received by Mr. Frank Jennings with as much grace and good humor as if it was lined with gold and bestudled with dia-

A Stroll Through the Fair

On Wednesday afternoon, the first day of the Exhibition, we enjoyed a stroll through the Fair, and felt gratified at the prospects of the occasion. We were informed by the chief clerk, Mr. L H. Wannamaker that 825 entries had been made, which is in advance of previous years. There is much more d versity than usual, and upon the whole the Exhibition is deemed very satisfactory. In the short stay that we made it was impossible to make a proper examination of the various departments, and therefore our rea lers must indulge us until the next issue for a fuit report.

In the stock department some very fair specimens of cattle, hogs, sheep and horses are to be seen.

In the mechanical line we were attracted by an casy chair, a specimen of the ingenuity of Dr. W. S. Barton, which could be arranged by a simple contrivance to sait any posture that may be desired. We sat in it, and it felt like an editor's easy chair. In the same line we were much please I with a specimen of Mr Kimmy's workmanship in a mo t convenient and useful safe. Mr. Kimmy seems to make a specialty of such jobs and succeeds well.

Upstairs we cou'd not begin to see every thing, but our attention was called to an interesting relic exhibited by Mr. W. C. Moss in the shape of an ancient newspaper ca'led the "Jazette and Advertiser" published in Charleston, July '4th 1792. It contains some curious and interesting reading.

Mr. George Schiffley was very kind in showing us the White Sewing machine exhibited by Mr. Henry Kohn, which did some splendid work. The Domestic and the New Wilson exhibited by Mr Theodore Kohn are both formidable competitors.

We only mention these things in passing, and do not mean them as a report of the bair. Yesterday the Tournament was the attraction and crowds were pouring into town. To day the Glass Ball Practice will come off and the Premiums will be awarded. Next week we will give the result when we hope to be able to report a successful affair in every way.

EARTHQUAKE. - The Winnsboro "News" says there was a distinct shock of an earthquake felt in that town about 8 o'clock on Sunday evening last. In some localities it sounded like a mere thump or thud; in others there was a rattling sound, lasting several seconds.

Do We Believe in Witchcraft;?

"I take the position that we do not, in its broad sense, said a gentleman of years and experience, and yet we find many of the present day carrying a Buckeye in their pocket through a 'ind of superstition when they might be relieved by a few applications of Tabler's Buckeye Pile Cintment." This Cintment is made from the Buckeye, and is recommended for nothing else but Piles. Try it. It will cure you. Price 50 cents a bottle. For sale by Dr. J. G. Wannamaker.

Taken in the Act.

Sister Jones called on Elder Smith a few evenings since. Being a next door neigh-bor, she entered his study unannounced and was greatly shocked at seeing him taking a drink from a suspicious looking bottle. He noticed her look of inquiry, and said: "This, Sister Jones, is Tabler's Portaline, or Vegetable Liver Powder, the only remedy I have ever found for the many troubles arising from a disordered Liver. I can recommend it." Price 50 cents. For sale by Dr. J. G. Wannamaker.
