The first Union meeting of the Lexington Association was held on last Saturday and Sunday with Sandy Run Church in Lexington County, with encouraging success. A resolution was passed to hold three Union meetings within the bounds of the Association on the next 5th Sabbath.

Saleday passed off quietly with the exception of the putting up a prisoner for riotous conduct, who got off from the police by a sudden dash, but was soon recaptured. The crowd in town was not as large as usual which is accounted for by the application of the farmers to the demands of the field.

We regret to learn that Mr. Henry Rickenbaker, formerly of this County, died at Grahams on the 27th of February, in the 40th year of his age. He leaves a wife and two daughters to mourn his loss. We are glad to hear that he left behind him comforting assurances of his acceptance in the Master's kingdom.

The Union meeting of the Orangeburg Association was held during the latter part of last week, including Sunday, at the Baptist Church, in our town. Praching was heard from Revs. Prickett, Stoudeuvre and Parler, during the session. On Sunday morning the charity sermon was preached by Rev. W. R. Parler to a large and attentive congregation. A full account of the proceedings will appear in our next.

In the midst of the thorns the editor's pathway is sometimes cheered with flowers. On yesterday a beautiful bouquet of choice flowers was placed on our table as a present from a charming little girl in the County. We shall always remember little "Mamie," and if we are permitted to some future time, we will visit her cozy country garden, and acknowledge in person what we have so poorly done on paper.

We regret to learn of the sudden death of Mr. Samuel G. Oliver, of Centre Hill, in this County. On Monday he fell in a fit in the fire from the effects of which he died on Tuesday morning. He was in the 57th year of his age, and leaves a wife and son, besides a large circle of friends and relatives, to mourn his loss. He was highly respected in the community in which he lived, where his loss will be sorely felt. He died in peace. Our deepest sympathies are with the bereaved.

We had the pleasure of meeting Col. Ellison Keitt, of Newberry, the brother of the lamented Col. Lawrence M. Keitt, on Saturday in Lewisville. He also spent a day or two in our town. He is a gentleman of great vivacity and brilliancy of conversation, and while we could not agree with him in his Grant ideas, of which he talked freely, we were highly pleased with his honesty of sentiment and independence of expression.

The Mayor's Court this week has been somewhat livelier than usual. On Saleday the following cases were disposed of: Joe Macbeth, Frank Winsworth, Morgan Griffin and Joe Wells, charged with drunkenness and disorder, who were variously fined, according to the degree of the offense, from \$1 to \$2 50 or from 4 to 5 days in jail. During the other days of the week the following parties were also taken up and appropriately punished for "looking upon the wine" and being too noisy: Henry Bacon, John Gibson, A. McKinsy, Charles Reed, Ferguson and George Washington—but not the one that was "first in peace."

The sad intelligence reaches us of the death on Tuesday of Mrs. Rachel Reed of Bull Swamp. She has been for over ten years an earnest and consistent member of the Bull Swamp Church, and died in the comforting assurances of the religion which she professed, a religion which was not only a lamp to her pathway during life, but a star of comfort to her in the hour of dissolution. She leaves a husband and several children to mourn her loss, to whom we extend our deepest sympathies.

On Saturday a colored man, by the name of Joseph Wallace, living on Mr. Legare's plantation, a few miles from town, shot himself seriously with a pistol. He was attempting to cock it when it accidentally went off, striking him in the hand. Being excited by the accident, in the handling of it, it went off again, the ball taking effect in the neck or jaw which proved to be a very serious wound. Drs. Sauley and Hydrick were sent for, and at last accounts the unfortunate man is reported to be still living.

The ball given by the Edisto Rifles at the Fair Building, on last Thursday evening, was quite a success. The attendance was large, and the costumes were varied, attractive and in many cases, unique. Lewisville, Bamburg, Branchville, Blackville and other places were represented, and besides this, there were many visitors from the surrounding country. An excellent band of music was secured, and the dancing kept up till the wee hours. The young folks, and we venture to predict, some of the old ones too, enjoyed themselves hugely.

We are pained to learn of the death, on last Thursday morning, of the only son of Mr. David Ball, in the seventeenth year of his age. He had been suffering for some time from liver complaint, which finally resulted in his death. In old age the grave may be contemplated as the end of the battle of life, and hailed as the period of rest for the weary pilgrim, but in the bloom and freshness of youth the contemplation of death is filled with sadness. The young man of whom we write was on the threshold of hope and promise, and was the only son of fond and doting parents. His demise is, therefore, a subject of peculiar sadness. But there is a ray that dissipates even the gloom of the grave, the ray of christian hope, which was happily manifested in the closing hours of our departed young friend, and will be a solid comfort to the aged and mourning parents.

Arthur C. Wightman, Esq., a son of Rev. J. T. Wightman, and a recent graduate of Wofford, has accepted the position of teacher of South Lyons' Academy, in St. Matthews, and entered upon the duties of his new charge on Monday. He is a young man of promise, and we congratulate the community of Lyons' Township on the acquisition of his services as teacher. The Trustees of this Academy have made a worthy effort, having built a new and commodious school house to which reference has already been made in our columns, and secured a good teacher, and we wish them abundant success. We see nothing to prevent every community from taking the same steps in the cause of education. We think it much better, other things being equal, to bring the schools to the children, instead of sending the children off to the schools, for the potent reason that they are kept within the pale of home influence. We are glad of this step in the right direction, and as the era of prosperity is dawning upon us we hope to see continued efforts to build up our schools at home.

The Orange Light Infantry held a very enthusiastic and encouraging meeting on Tuesday night. The members seem to manifest great interest in the organization, and are using means by which they will soon possess themselves of a handsome uniform. Young men from the town and country are solicited to come forward and unite themselves with the organization. We feel assured that the citizens, both far and near, will not hesitate to aid in the cause. We are pleased to see the wholesome and friendly rivalry which exists between this corps and the Edisto Rifles, and learn with much gratification that

the latter company will do all they can to aid the new company, remembering the generous liberality by which they have been successfully equipped by the ladies and other citizens. The ladies, too, will respond cheerfully, and whatever they undertake is sure to succeed. May they smile upon this young corps and give them a hearty send-off. By request, Mr. M. I. Browning addressed the corps at their meeting and his glowing words have done much to arouse the military spirit of our citizen's soldiery and to excite an esprit de corps which is so essential to success.

On Saturday morning an outrageous assault was made on Mrs. Byrd, about six miles from Georges Station by a one armed negro of desperate character. From the description he is believed to be the same person who committed a brutal assault upon another Mrs. Byrd near Branchville about a month ago, an account of which has already appeared in our paper. His outrages made him a terror to innocent women in the whole community.

On Saturday a regular hunt was organized and he was finally found about 4 o'clock Sunday morning. He was then taken to Mrs. Byrd, and being identified by her, confessed his crime. Some seventy men were present, and a vote was taken to decide what disposition should be taken of the prisoner. It being decided to let the law take its course, he was carried to Georges Station and lodged in the guard house.

An unsuccessful attempt was made on Sunday night to take him out of jail, the party being repulsed.

On Monday he was taken out of jail to be sent to Walterboro'. When about one and a half miles from Georges a party of seven or eight men took him from the officers, and carrying him to a secluded spot where a man was hung some fifty years ago, in the darkness of the night by the light of camp fires, a noose was fastened around the desperado's neck, and the rope fastened to a convenient limb. At the word two men pulled the buggy away on which the prisoner was standing, and his neck was immediately broken. A few pistol shots were then fired through his body, and after a few minutes the crowd, consisting of about 100 persons who had gradually gathered at the spot, quietly dispersed. At the last moment he confessed not only the assault upon Mrs. Byrd, but many other crimes he had committed, but expressed a hope that he had made his peace with his maker.

Do you want health? Why will ye die? Death, or what is worse, is the inevitable result of continued suspension of the menstrual flow. It is a condition which should not be trifled with. Immediate relief is the only safeguard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the "courses," Bradford's female regulator is the only sure remedy. Its acts by giving tone to the nervous centres, improving the blood and determining directly to the organs of menstruation. It is a legitimate prescription, and the most intelligent physicians use it. Prepared by Dr. J. Dradfield, Atlanta, Ga. \$1 50 per bottle. Sold by Drs. A. C. Duke and J. G. Wannamaker.

NOTICE. A. A., July 7, 1877. Dradfield's Female Regulator has been thoroughly tested by me in a great variety of cases, and I am fully convinced that it is unrivaled for all that class of diseases which it claims to cure. J. C. HUSS, M. D. mar 5 1m
