During our absence from the city with the Press Association, we leave the editorial management of the Times with a friend, in whose hands we know that the interests of our patrons will be safe. His labors commence with this issue, and will continue probably two weeks. We hope to be so benefitted by our visit that when we return we will be able to wield our pen with fresh vigor in the battle.

See change in advertisement of P. A. Lefvendahl.

A good piano for sale cheap. See notice.

Dr. E. Cooke will preach at the Lutheran Church on Sunday morning at usual hour.

A communication has been received from "Kuffie" too late for this issue, but will appear in our next.

Refreshing showers fell three or four miles north of us on Wednesday afternoon.

Eureka Chapter No. 13 R. A. M. meets to-night. M. M. degree to be conferred.

The latest out—the steamer to be purchased for the Edisto is to have brick paddle wheels.

A lady of Columbia presented each of the Elliott boys with a handsome bouquet made to represent an E. They return thanks.

Mr. Jas. Van Tassel has gone on a trip North for his health. He will remain through the summer, and we hope, may return entirely restored.

While the editor of the Times is enjoying the Cincinnati trip our devil intends having a good time generally.

The father of our much esteemed friend, Rev. O. A. Darby, left for his home in Charleston, after spending some time in our town.

The Moonlight Pic Nic for the benefit of the Lutheran Church, will take place next Tuesday evening, 22d inst., at Fair Ground.

A few doses of Shriver's Indian Vermifuge, given in time, may save you many dollars in money and the life of your child.

The talk now is fence or no fence around our farms. Some say, without wishing to give offence, that no fence is a poor defense against offensive cattle. Which?

Dr. Barton's neat cottage near the Lutheran Church, is about completed and there is no fence around the Court House yet, nor are the new boxes around the trees whitewashed.

Again the angel of death has houn away one of our citizens. Mrs. Pilot, who resided with Maj. Hydrick, has been gathered to her rest. Be ye also ready.

A child of Mr. Jacob Cook, who resides on Bull Swamp, had its thigh broken by a fall one day last week. We hope the little sufferer is doing well.

Our young townsman, Mr. W. P. Brunson, we are sorry to learn, was suddenly attacked with illness while in Columbia. He reached home safely and is doing well.

A recent trip over in the Fork of Edisto in the neighborhood of Ebenezer Church we noticed the crops, both of corn and cotton are fine and in good condition.

A colored boy, about thirteen years old, was drowned while bathing in Housor's mill pond, on last Tuesday. He jumped from the pier head and became entangled among some logs which lay at the bottom.

The Colleton County Democratic Nominating Convention for County officers convenes July 20th. Let the best interest of our party be consulted and the best men be placed in the field. This, we believe will be done.

The Etiwan phosphate works suffered to the amount of \$21,000 from fire on last Saturday. The main buildings were saved by the excellent pumps at the works, which were equal to steam engines.

The child of Mr. Donald Joiner which has been so ill, we are pleased to learn is improving.

We are sorry that we cannot so report of Mr. R. M. Smith who continues quite sick.

A delegation of Orangeburg Firemen went to Columbia to take part in the tournament. They were the guests of the Phoenix Hook and Ladder Company of Columbia, who met them at the depot with a hearty welcome.

A mad dog was killed on our streets one day this week by Chief Cannon. This rabid animal had bitten several others before it was dispatched. We think they too should die else this trouble may continue indefinitely.

A negro man was killed by lightning on Mr. Noah Whetstone's plantation, on Bull Swamp, on Tuesday, while standing under a tree, and a white man, by the name of Caigler, under the same tree, was shocked severely.

The Edisto steamer is still spoken of, and we believe, from the character of the gentleman at the head of the enterprise, she will soon be "walking the waters like a thing of life." We hope to see it, and to enjoy a trip up the Edisto before the summer is ended.

The new buildings of Mr. Way and Mrs. Vice, on Russell Street, are in rapid progress, and will soon, under the magic touch of Capt. Bell, add another adornment to that portion of our city. We are pleased to note these evidences of thrift. There is room enough for more.

Rev. Wm. H. DaPrade delivered a fine sermon before the young ladies of the Columbia Female College on last Sunday morning. This was the commencement sermon. This school will soon enjoy the summer vacation, and the young ladies will be happy in their homes after a season of study and toil.

The fishing season is fairly opened, and it is no unusual sight to see more than a dozen followers of Isaac Walton on their way to the river every day, with "worm and fly," seeking therewith to entice some member of the finny tribe on shore. The result is, now and then, success, but oftener fisherman's luck.

The delegation from the Elliotts and Young Americas were magnificently entertained in Columbia by their neighbors. They made a most creditable and handsome appearance in line, and returned home much pleased with the hospitality and the pleasure they enjoyed while at the big Court House.

The Rev. W. L. Johnson was arrested by the Charleston police on Wednesday, for carrying four mockingbirds in one cage, in violation of the game laws of the State. He was released on the deposit of \$20 for his appearance before the Recorder's Court, but left the city, and so forfeited his bail.

Consignees for unclaimed freight at S. C. R. R. for week ending June 16, 1880:

J. H. Staley, W. Bennett, R. W. & A. A. McMichael, P. D. Tilly, J. M. Hughes & Bro., J. F. Gramling, B. Livingston, W. H. Dantzer, P. Livingston, A. D. Cumpsty, J. C. Holman, J. C. Jettcoat.

It is said that when ever you hear a man begin to talk about his friends urging him to run for office, right then you may set it down he's got it—the political itch—and he's got it bad. This fearful malady is spreading in one of our Counties but thank our stars that it has not reached us yet, that is not to any very alarming extent.

The Edisto Band was upon the streets serenading Tuesday night and furnished some choice music pro bono publico. For those who have been so short a time practising we do not think they can be beaten in the State. A little further perseverance on their part, and especially on the part of Mr. Owens who leads them and Orangeburg will have music to brag on in real earnest.

Orangeburg was in a depleted state on last Wednesday as regards inhabitants. We are informed that 90 of our citizens left that A. M. to attend the fireman's tournament at our Capitol. Among them were the following team of "shootists," some of whom are not easily beaten: Dr. M. G. Salley, Messrs. P. G. Cannon, Willie DeTreville, J. A. Salley, David Sailey, and Greer Albergott. There was some glass broken in Columbia and some pigeons killed, too, and Orangeburg brought home the second prize.

The attention of the County Commissioners is called to the old well, on Court House square. It is in a very dangerous condition, and to prevent accident it would be advisable to take some immediate steps to make it so safe that there will be no fears of some youngster being drowned or seriously injured by falling into it.

While cleanliness is next to godliness, and while we admire decency as much as any one, yet we have often heard that too much of a good thing is good for nothing. The boys keep Edisto river busy or Edisto river keep the boys busy, we don't know which, but entirely too much so for the health of the boys. The Board of Health should see to it.

We are informed that Jas. Hamilton killed a very large snake of the mecessan persuasion near the river which had caught and was in the act of swallowing an eel. Hitherto we had thought that these animals were of too friendly a nature and too close kin to indulge in any such cannibalistic tastes and amusements—to the snake.

A severe tornado passed through our county near St. Matthews on last Saturday afternoon, prostrating trees and fences. Persons at the depot were scarcely aware of the presence of a cloud upon the face of the sky and had no dream of the proximity of any thing like a storm, which was then raging within two or three miles of them until some farmers from the scene, brought information into town. This was about 4 P. M.

Mr. J. W. Barlow, a native of Clarendon County, will visit our town shortly. This gentleman is canvassing with great success, for the mackinaw pen. This pen holds ink for an indefinite period of time, and is very useful for travelers and men of all professions and trade. It is highly recommended by Hon. Hugh S. Thompson, and other prominent men, who are using them. A sine qua non for every census taker. Leave your orders with Mr. Barlow.

The Executive Committee of the Orangeburg Missionary Union have made the following appointments for Rev. T. M. Galphin:

Four Heles—Saturday before the 2d Sunday in July. Antioch—Saturday before the 3d Sunday in July. Providence—Saturday before the 1st Sunday in August. Amelia—Saturday before the 2d Sunday in August. Congaree—Saturday before the 3d Sunday in August.

The Fair of the Sunday School Children of the Methodist Church, though hurriedly gotten up, was a pleasant and successful affair. The spacious Court House Hall was tastefully decorated, and was well filled both evenings by bright and happy faces. Fortunately the Fair was held during the "hot spell," and the ladies in charge of the cake table, the ice-cream arbor, and the lemonade well did a driving business. The ladies, having charge of the fancy table, and the flower stand did well, but not being favored by the weather could not compete with their neighbors. The dinner given Friday was sumptuous and profitable. The net profits were almost two hundred dollars.

A very interesting game of base ball was played between Our Boys of Rowesville and the Juniors of our town which resulted in a victory for Orangeburg. Our Boys played a very creditable game indeed, and in a short time, with perseverance, will be hard to beat as batters and fielders. After the game was over our guests were conducted to the Fair Building where a bounteous supper was spread and enjoyed to the utmost by the contestants, who seemed to be as much at home with knife and fork as with ball and bat. How pleasant to see young life thus enjoying itself, and developing every resource of brain and muscle for future use in a different and more important sphere of life. A good crowd assembled to witness the contest, and doubtless each little maiden had her special favorite whom she wished to see heralded as the champion.

THEY FIX HIM ALL RIGHT.—New York, Feb. 6, 1880.—W. H. BARRETT, Druggist, Augusta, Ga: Please send me a box of Gilder's Liver Pills, by mail. Am sick and need them. They fix me all right every time.

J. W. WHITE. For sale by Dr. S. A. REECE.

We certainly can be excused if we pass a little beyond the custom in such cases made and provided, and say that it is "hot" instead of warm weather. The thermometer has reached 96 degrees in the shade. The "Palmette Yeoman" has the following for last Sunday:

"Yesterday was decidedly a hot day, as the following figures will show: A gentleman residing on upper Sumter street tells us his thermometer was 99° in the shade in an open hall, and that it went to 149° in the sun. A gentleman residing on Assembly street says his thermometer stood at 103° in the hall for six hours. Another gentleman, residing on east Washington street, informs us that in his hall-way, which is forty feet long and eight feet wide, his thermometer indicated 99° at 3 P. M. This shows that the heat was general and intense. To-day has been very nearly, if not quite, as warm as yesterday. A good rain is much needed."

The readers of this paper will appreciate our endeavors in keeping them posted as to prices, &c. As to the quality of our goods we ask the most careful examination and comparison. The grand boom in goods is over, and many who fancied "there was millions in it," by crowding their stores with goods at boom prices are taught a severe lesson, and like little boys when caught in bad tricks, promise not to do so any more, "and we hope they won't"; but Kor! John sells on as usual, cheap for cash, and invites you to call. For the next week we offer:

For School Commissioner. We announce for School Commissioner MR. STILES R. MELLICHAMP, the man who has held up the banner of Democracy through all the dark days of Radicalism without wavering, and who by profession and practical experience is the best man to take charge of the educational interest of our county. MANY VOTERS.

For Probate Judge. We take pleasure in presenting the name of B. P. IZLAR, Esq., for the office of Judge of Probate, subject to the action of the Democratic nominating Convention. He was a faithful Confederate Soldier, is now an humble citizen who has never held or sought office, and is in every way qualified by education and business experience for the discharge of the duties of the office for which he is named by. For Clerk of Court. Mr. Jos. F. ROBINS ON is hereby announced, by his many friends as a Candidate for the office of Clerk of Court, and his claims are subscribed to the County Democratic Convention, by the result of which he will abide. Should he receive at the hands of the people this office, it will be but what they intended to confer in 1878, and again in 1879. Let him not be deprived of what in 1878 was taken from him by force, and in 1879 by corruption and fraud. We believe him to be the choice of the people and know him to be honest, zealous and efficient. DEMOCRATS.

Editor Orangeburg Times: I hereby announce myself a Candidate for the office of Sheriff, and will submit to the results of the County Democratic Convention. Very Respectfully, J. W. MOSELEY. May 19th 1880.

For Judge of Probate. Please announce Mr. Charles B. Glover as a candidate for the above office. It is useless to say anything in his favor, as his ability is already displayed by the manner in which he has discharged the duties of that position during his term of office. We further urge our claim in his behalf on the ground, that the incumbent of that office ought to have considerable experience in the practice of law, as the office is not ministerial, but is beyond a doubt, judicial. Any persons, desiring to satisfy themselves on this point, can do so by referring to the Constitution of our State, "Article 4, Judicial Department, Sec. 20." Also Revised Statutes, pages 572 to 578, "Title 4, Probate Court," and to the "Rules of Court." In nominating Mr. Glover through your columns, we pledge him and ourselves, to abide by the decision of the Democratic County nominating Convention. MANY VOTERS.
