THE GLORIOUS FOURTH .- This national holiday was celebrated by the colored people who came into town in pretty considerable numbers and amused themselves with a band of mu sic and other diversions. They wound up the whole with a big dance at night at the Engine house.

BLOCKING THE POST OFFICE.-Webster and his attaches were start led on last Thursday by the arrival of about a ton of mail for Congress man Dibble in the shape of official documents which had accumulated in Washington for him. They had to be conveyed from the post office in two cart loads.

A FINE GAME.—A very spirited game of base ball was played on last sy club. It was said to be the best game of the season. The score stood 14 to 15 in favor of the Columbia club. The victors had little to boast over, the contest being so close, that all hands could feel victorious.

A MARK OF RESPECT .- The Edisto Rifles were mustering for parade and target practice on the 4th in accord- more good citizens, Mr. Wilkes awthe sinking condition of President Garfield he affair was indefinitely pas one now occupied by Mr Speigel, and distinguished sufferer.

A RUNAWAY. - A couple of horses ran away with a wagon of Mrs. Danner's on Glover street on the 4th, throwing out a little boy who was driving, and running over him, upsetting the wagon in the ditch and doing other things too marvelous to mention, and yet, strange to say, no damage was bone. It was a regular 4th of July demonstration.

STATE GRANGE.—Col. T. W. Holdoway writes to Capt E. J. Felder that the Summer meeting of the State on July 26th. Representatives of Pomonas, will be admitted on the same footing as the delegates of other granges. Dr. Summers of Orange burg is appointed to deliver an address or essay on some agricultural subject. We hope all the farmers who can, will attend this meeting.

A Good Work .- The Sunday s. hool sorganized by Mr. C. S. Ball, called the "Factory Chapel" school, we are iglad to hear is flourishing. A large number of boys and girls have joined and a number of grown persons have reported for the formation of a Bibl. elass. There is great interest manifested, which is encouraging. Mr. Bull would be glad to receive books papers &c as donations from any source for the benefit of the school.

THE COLORED NORMAL INSTITUTE .-The exercises of this Institute commenced in Columbia on Tuesday under very favorable auspices. Prof. Montgomery and his assistants were promptly at their post. Upwards of fifty teachers were present from various parts of the State, and others are coming in daily. The expenses are only \$2.50 per week. We hope Orangeburg will be well represented. Let our colored teachers look to their interest in this matter. The Institute will not close until the 20, h.

exhibition of Mr. II. G. Sheridan's school took place, according to ap-pointment on last Thursday evening. at the Fair Building. The exercises commenced about 9 o'clock before a full audience, and the children did their part in endeavoring to excel, and to contribute to the general entertainment. It was pleasant to see the interest manifested in the school both on the part of children and parents. The Edisto Band was out in full force and contributed in no small degree to the evening's pleasure by delightful music

AT ASHVILLE.-Orangeburg was represented at Ashville in the shooting match this week by the following good shots: Dr. M. G. Salley, J. A. Salley, D. E. Smoak, William Sain, W. J. DeTreville and P. G. Cannon. The following also attended as visitors: B. Frank Slater, E. F. Slater, Frank DeMars, Dr. B. B. Lee, W. C. Bull, R. F. Bryant and C. P. Brunson. If there were any others, we have not been able to ascertain their names. Seven teams were entered for the grand shooting on the first day. North Carolina carried off the first prize; Spartanburg and Ashville divided the second prize, and Orange burg carried off the third prize.

THE NEW DAILY .- The Charleston Herald, the new daily, that was promised to the public some months ago, made its first appearance on the 4th of July. The Salutatory is well and gracefully written, showing an able editorship behind the curtain. The paper is issued from the Sunday Times office under the management of J. W. DeLano Esq. Its politics may be best stated in the following extract from the leading editorial; "With these views, we are necessarily Independent. No clique nor party own our free thoughts. We shall tell the truth about men and measures, and offer to the highest, as well as to the humblest, an honest, fearless and ready medium of public expression."

THE AMERICAN SENTRY.-We have received several copies of the paper of the above name, published in New York. It is of the National or Greenback creed, and, outside of its politics, it is a very readable paper, and again. says some good things.

THE NEW TRUCK COMING .- The Elliots have ordered a new truck which is expected to arrive in a very short time. It will be a great acquisitien to the fire department The company deserves credit for the suc cessful effort to make the organization useful, and in keeping up with the growth of the town.

RATES TO STATE GRANGE.-Col. T. W. Holloway, Secretary of the State Agricultural Society, writes us that the rates on all the railways to Summer meeting of the State Grange at Greenville, July 26th, will be three cents per mile each way." Thursdny evening between the Col-umbia club and the Orangeburg Dai-to the 26th of July inclusive. They to the 26th of July inclusive. They will be good to return until August

A PROFITABLE CHANGE .- Mr. Robt Copes and Mr. Wilkes Sawyer made an exchange of property vesterday which results profitably to Orange. burg in the accession probably of two ance with previous appointment, yer and his son. By the bargain which when, intelligence having arrived of was consummated yesterday M Copes gets two stores on Main Street, the poned as a mark of respect for the the other by a colored association; and Mr Sawyer gets the farm of about 230 acres, known as the Whaley farm, lying on each side of the railroad, partly within and partly without the corporate limits

A STABBING AFFAIR. - On the 4th of July two colored men, Harvey Council and Emanuel Muldrow, belonging to the turpentine farms got into an altercation about some woman, and finally proposed to go out to a quiet spot on the out skirts of the town and fight the matter out. When they arrived at the appointed spot Muldrow drew his knife, and we hear, also a pistol, upon which Council said he was not armed, that he proposed a fair fight, and that if Muldrow did not put his arms up'te refus edio fight. They then walked back to the town, and when they got near Straus & Street's Mill words again | East. arose between them, and Mulfrow drew his knife and stabbed Council so severely in the breast near the Reeves' drug store for medical atten-School Exhibition.-The closing tion, and is not expected to live. is said that Council, the wounded man, killed a man about two years ago for which he was tried, but acquitted. > FIRE AT FULDERVILLE.—The intel ligence reached our town on last Friday that the residence of J. H. Felder Esq., was completely destroyed by fire not many hours before the dawn of the day. Happening at such a time, all the members of the family were in deep slumber, and were not aroused to their dangerous condition until the dining room attached to the dwelling, in which the flames were discovered, had fallen in. Mr. Felder, we are teld, with remarkable presence of mind, as soon as she saw the situation, ran up the stairs which were almost obstructed by the smoke and flames, and awoke the boys who were sleeping in the second story, thus rescuing them from a rather perilous condition. There was no time left but for the inmates to escape for their lives, and evorything was lost, even to the money that was put away. Besides the house we are told that the smoke-house, with all the provisions, was completely destroyed. We believe there was no insurance, and therefore it is a total loss to Mr. Felder, who has our deepest sympathy, and we can say that of the whole community in his great misfortune.
