Notes.

The owner of the Gettysburg battle-field has filed a claim before the Congressional committee for the rent of the ground while the battle was fought.

This appears to be a good advice from the Boston Transcript: "Play possum if you would win potatoes; play clubs if you would deal with a villain; play hearts if you would win friendship; play diamonds if you would own a woman."

The criminal calendar of the country is increasing at a fearful rate, and penitentiaries are well filled and scaffolds are well supplied and architects of the crimes invited by strong drink.

"Let me look at a revolver," said a man who walked into a store at Sandstone, Mo., and a weapon was shown to him.

Grant has resurrected his old song "Let us have peace" and is piping it throughout Illinois. We have had some of that peace and do not want any more of it.

Marshfield, Mo., was visited by a most terrific hurricane on the night of the 18th instant, and one half of the town levelled with the ground.

The Greenville and Columbia Railroad was sold in Columbia last week for \$2,900,400. Mayor Courtney, of Charleston, was the purchaser.

The New York Express says it is now reported that Gen. Grant will withdraw the moment he is satisfied that Tilden will not capture the Cincinnati nomination.

William S. Bates, who killed Stephen W. Bush on Christmas eve last, suffered the extreme penalty of the law at Barnwell Courthouse on the 16th instant.

An exchange very thoughtfully remarks that the "spectacle of an elderly Senator from a sovereign State dodging behind the marble pillars and through the stately corridors of the Capitol to keep out of sight of a fearful woman who claims him as the unacknowledging parent of a musical infant in her arms, is not calculated to enhance the respect in which the United States Senate is held by newspaper correspondents and gallery visitors."

The Presidential contest of 1876 was the most exciting, especially in the South, of any that we have had since the war.

which swayed the popular heart in times of log cabins and hard cider. Poles and banners and barbecues ruled the hour. People buzzed for Tilden with a wild fervency that must have surprised the cold phlegmatic citizen of Gramercy Park himself.

The American Cultivator says it may be a comparatively slow operation to milk one cow in five minutes, while on the other hand ten minutes time might be called a quick operation in milking another.

The Whitaker Outrage. One of the most fearful experiments growing out of the results of the late war is the attempt to educate white and colored youths at the same institutions of learning, subject to the same regulations and discipline.

both entitled to the confidence of the public and possess it, each especially in his own section of the State; but as a matter of preference we would rather see Gen. Haggood the standard bearer of Democracy during the present campaign than Gen. Gary or any body else.

The Radical Programme. All the late meetings of the Radical party throughout the State and the speeches made upon every occasion by their leaders, indicate a determination to put a full State ticket in the field, and nothing will prevent it except a spirit of indifference on the part of the masses.

Did Conkling Lie? The Springfield Republican, chief organ of the Edmunds boom, thus rubs it into Conkling.

Judge Wallace Declines. In a letter to the Anderson Intelligencer, Judge W. H. Wallace says in relation to his nomination for Governor: "Having considered the matter, and having reached a determinate conclusion, I feel it to be due my friends that I should at once declare that, for reasons it cannot interest the public to know, I cannot allow my name to be presented to the Convention for nomination."

Dr. L. C. Kennedy. The death of few men, in the private walks of life, strikes a deeper cord of sympathy throughout an extended acquaintance over the State than that of Dr. L. C. Kennedy, late of Spartanburg, and the lives of few men have been so eventful and completely filled up with acts of kindness and honor.

How Watches are Made. IT will be apparent to any one who examines a SOLID GOLD WATCH, that aside from the necessary thickness for engraving and polishing, a large proportion of the precious metal used, is needed to stiffen and hold the engraved portions in place, and supply the necessary solidity and strength. The surplus gold is actually needless so far as UTILITY and beauty are concerned. In JAMES BOSS' PATENT GOLD WATCH CASES this waste of precious metal is overcome. THE SAME SOLIDITY AND STRENGTH produced at one-third of the cost of the usual cost of solid cases. The process is of the most simple nature, as follows: a plate of nickel composition metal, specially adapted to the purpose, has two plates of SOLID GOLD soldered one on each side. The three are then passed between heavy rollers, and the result is a strip of heavy plated composition, from which the cases, backs, centres, bezels, &c., are cut and shaped by suitable dies and formers. The gold in these cases is sufficiently thick to admit of all kinds of chasing, engraving and enamelling; the engraved cases have been carried until worn perfectly smooth by time and use without removing the gold.

THIS IS THE ONLY CASE MADE WITH TWO PLATES OF SOLID GOLD AND WARRANTED BY SPECIAL CERTIFICATE. For sale by J. Jewellers. Ask for Illustrated Catalogue, and see warrant. March 12, 1880-1y
