

# Orangeburg Democrat.

A Paper for the People.

Postoffice Hours.

Open from half-past 8 to 10 o'clock A. M., and from half-past 10 A. M. to 4 P. M.

Columbia mail closes at 10 A. M. and the Charleston mail at half-past 5 P. M.

On Tuesdays and Fridays a mail for Falderville, Vaness Ferry and Holly Hill closes at half-past 7 A. M.

On Fridays a mail for Knott's Mills, Witts Mills and Rishes' Store closes at half-past 2 P. M.

ORANGEBURG, S. C., MAY 21, 1880.

**NOTICE.**—We have made arrangements with the proprietors of the *News and Courier* to club their mammoth Weekly with the *Democrat* at \$3 per annum, for both papers, cash in advance.

**CORRESPONDENT WANTED.**—The *Columbia Register* wishes to obtain a regular correspondent at this place. Any one desiring to set will please communicate with that paper.

**CURE YOURSELF.** Take Hall's Hepatic Panacea for Dyspepsia, Indigestion, Sick and Nervous Headache, and all diseases arising from a torpid liver. It is purely vegetable, and satisfaction guaranteed or money refunded. Price 50 cts. per bottle. For sale by S. A. Reeves.

**A NEW GAME.**—The game of from 25 to 40 will puzzle the census-taker more than the little game of 13-15. He will be awfully puzzled when a maiden lady with cork-screw curls and false teeth tells him that she was "born in 1860, and he can count it up himself." He'll be ready to swear that she has jumped the "15" from the lower left hand corner.

**A TONGUE ONE.**—An exchange says an alligator twelve feet long was shot and killed near Jacksonville, Fla., and in its stomach "a well-preserved brickbat" was found. Since the fact has been established that Whitaker cut his own ears, we are prepared to believe almost anything, but this alligator story is too tough, and we will accept it only under protest.

**LORENZ'S BLUSH FACE POWDER.**—A harmless promoter of beauty, imparting to harsh, pallid, and bronzed complexions the fresh bloom of health and vigor. Being an article of such delicate fineness its skillful application produces a rich exquisite blush so true to nature that its use escapes detection by the closest observer. Price 25c per box. For sale by Dr. J. G. Wannamaker.

**RIGHT OR WRONG.**—Polly: Well Pat, what is it now? Would you rather look a bigger fool than ye are, or be a bigger fool than ye look? Pat: Sure now, my darlint, and I'll be both till I find which side of the argument yer on yerself, whin, by jabbers. I'll join ye, right or wrong. The above pretty fully defines the position of the average politician. They'll be anything for office, right or wrong.

**SOMETHING NEW.**—The ladies of the Lutheran Church propose having a moonlight picnic next Tuesday evening at the fair grounds for the benefit of that church. This is something new in Orangeburg, and no doubt will be enjoyed by our young people. Admission ten cents, children five cents. Ice cream and other refreshments will be sold by the ladies during the evening. We trust the entertainment will be a grand success.

**NOMINATIONS.**—The following gentlemen have been nominated through our advertising columns for positions on the Democratic ticket of this county: Messrs. Robert Copes and Harpin Riggs, for Clerk of Court, Mr. C. B. Glover, Judge of Probate, and Hon. J. W. Moseley, for Sheriff. These gentlemen are eminently qualified and fitted for the duties of the offices to which they have been nominated and the county will suffer nothing at their hands if elected.

**FAIR.**—It is determined by the St. Paul's Methodist Sunday School to hold a Fair early in June, the proceeds of which will be appropriated to the purchase of an organ for the school and for other necessary purposes. The committee of ladies and gentlemen of arrangements will meet in the church this afternoon at 5 o'clock. Any friend of the Sunday School cause who desires to give us a helping hand will please apply to Rev. O. A. Darby, pastor, or H. G. Sheidan, Superintendent.

**MAYNED SOLDIERS.**—Any citizen of the State who lost an arm or leg while in the service of the State during the Confederate war, and who has not previously received an artificial limb from other States, or the United States, is entitled to the benefit of the act passed by the late regular session of the Legislature, and should send his name to W. E. Stoney, Secretary of the Board to contract for and furnish artificial limbs, Columbia, S. C., on or before the first of July, and suitable blanks will be forwarded.

**HALL'S HEPATIC PANACEA.** The Liver is the king imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action all kinds of ailments are the natural results. The digestion of the food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. To keep the liver in a healthy condition take Hall's Hepatic Panacea. Only 50 cents per bottle. For sale by S. A. Reeves.

**BREVITIES.**—Knights of Honor will meet Monday night.

The manufacture of oleomargarine has made soap grease a scarce article.

Mrs. James Stokes will please accept our thanks for a lot of fine vegetables.

A dangerous \$100 counterfeit note is in circulation. We are on the look out for it.

We have not heard of a candidate for County Commissioner. Why is this thusly?

Unhappy is the man for whom his own mother had not made all other mothers venerable.

Orangeburg Division, S. of T., is increasing in numbers, and the members are encouraged.

Dull times makes light work for our merchants and politics are being fully discussed in the stores.

An Indiana girl who was suddenly kissed at a party has suddenly become insane. What a foolish girl!

At the request of clerks the merchants of Union have decided to close their stores at 6 o'clock in the evening, except Saturdays.

We are glad to report that Rev. R. J. Edwards has recovered from his illness sufficiently to be out, and Mrs. Edwards is improving slowly.

The vanity of loving fine clothes and new fashions, and valuing ourselves by them is one of the most childish pieces of folly that can be.

Never ask the editor or printers who wrote the communications appearing in the paper. The chances are that it is none of your business.

The dwelling of Mr. J. N. Hook, of this county, was destroyed by fire on Wednesday night last. The cause of the fire is supposed to be accidental.

Madame Demorest's Fashions for the summer just out, call or send for Catalogue to Theodore Kohn. Be sure and don't forget as they are beautiful.

When Brutus and Cassius were boys the girls used to say that Brutus was such a nice fellow, but they preferred Cassius. The girls haven't changed one bit.

We regret to learn of the extreme illness of Mrs. T. C. Hubbell, and hope the means employed for her restoration to health may be blessed with the best results.

When the affectionate father of five grown daughters calls at the hardware store for an extra stout pair of gate hinges, it means the summer campaign has opened.

The Sunday School of St. Paul's Methodist Church contemplate holding a fair soon for the purpose of raising funds to purchase an organ for the school.

Joe McBeth desires it to be known far and wide that he considers himself the champion bootblack of the county, and when it comes to liding "reeleye" he 'aint far behind the champion.

We have received an invitation to go on an excursion down the Hudson from Foughteepie to New York. That does pretty well, but how in the blazes are we to get to Foughteepie? is the question.

Twinkle, twinkle little star, and light the way of yonder pedestrian to the drug store of Dr. J. G. Wannamaker to buy a bottle of Coussens Lightning Lintiment to cure his rheumatism, lame back. Price 50 cents. 1

Quite a number of pretty young ladies from Charleston and other places are visiting Orangeburg at the present time. We hope their stay in our midst will be as pleasant to them as their visit is gratifying to their friends.

It is a notable fact, that anything from abroad is of greater value than that which we have at home. Some people would go to Charleston to buy a paper of pins, if it did not necessitate an outlay beyond their visible means.

You may not believe it, but try it and you will be convinced that Potatoes, or Tabler's Vegetable Liver Powder is the best medicine in the world to regulate the stomach and liver. Price 50 cents. For sale by Dr. J. G. Wannamaker.

Mr. Jos. Eros requests us to state that parties wishing ice on Sunday can procure it two hours before and two hours after church. Also, parties wishing ice cream on Sunday must leave their orders with him by ten o'clock Saturday evening.

There is no excuse for those who drag their weary and disordered bodies into our company, when a few doses of Ayer's Sarsaparilla would cleanse their murky blood and restore their health and vigor. Ye muddy victims of bilious disease, have some regard for your neighbors, if not for yourselves.

Rev. T. B. Boyd.—On last Sunday evening the Methodist pulpit of our town was occupied by Rev. T. B. Boyd, formerly a citizen and merchant of the town. Mr. Boyd has recently entered the ministry and already gives promise of great usefulness to the church of his choice. His sermon on Sunday night was full of fervent zeal, well delivered and indicated a degree of ability which few young preachers are able to bring to the service of the church. Its effect upon the large congregation in attendance was very marked and especially so upon those who were his associates in former days. Well educated, possessed of more than ordinary talent and of a winning address, Mr. Boyd bids fair to be an ornament to the church and a faithful laborer in the vineyard of his Master. We bid him God speed.

**ESCAPED.**—On Tuesday morning last Mr. Peel, the jailor, brought two prisoners down to get water. One of them, Cherry Butler, was allowed to go to the well and the other kept in the house. While getting the water Butler dodged around the well and ran. Mr. Peel fired at him twice, evidently with effect as the prisoner fell and seemed unable to go further. The prisoner, kept in the house, was returned to his room and afterward search was made for Cherry Butler but to no purpose. He made good his escape and is now at large.

**CRITICISING NEWSPAPERS.**—It is a very easy matter to criticize a newspaper, but to publish one, so as to interest, amuse and instruct the public, is no small undertaking. Those who are so prone to find fault with every little item which does not suit their critical and exalted ideas, should buy type, ink and paper and publish an organ of their own. Let them try it for three months only, and if it don't give them some new ideas of the newspaper business, then we are no judge of human nature. The conceit would be taken out of such individuals so quickly that they would hardly know what was the matter with them or whether they stood on their hands or their feet.

**THE METHODIST DISTRICT CONFERENCE.**—The Orangeburg District Conference of the M. E. Church, South, convened at St. Matthews on Wednesday evening, the 12th instant. The opening sermon was preached in the Methodist Church by Rev. John A. Moore, and on Thursday morning, at ten o'clock, the Presiding Elder, Rev. Manning Brown, called the Conference to order. The organization was completed by the election of Mr. John B. Wannamaker as Secretary, and the Conference entered at once upon the business before it.

Reports from the various points in the District represented the several interests of the church in a flourishing condition. Bishop W. M. Wightman arrived on Friday, and entered at once upon his duties as presiding officer of the Conference. His gentlemanly ways and his timely advice guided the members sagely and wisely through the remaining business of the Conference.

The following gentlemen were elected delegates to the Annual Conference to meet in Marion next winter: Rev. B. A. McKibben, Dr. J. W. Sumners, Mr. Jas. Stokes and Rev. John Inabiten; alternates, Messrs. J. E. Wannamaker and P. V. Dibble.

The matter of building a district parsonage on the church lot in Orangeburg was thoroughly discussed by the members, and it was decided to build the parsonage as soon as twelve hundred dollars were collected and in hand; and in this connection it was very distinctly stated that the building should not be commenced until that amount was actually in hand.

The discussion upon the different plans for raising funds for the various purposes of the church resulted in favor of assessments by the stewards as the most successful and satisfactory in its results. Blackville was selected as the place where the next Conference shall be held. After the usual resolutions of thanks to the citizens of St. Matthews, the railroad and the Baptist congregation, the Conference adjourned with the benediction.

On Saturday evening Rev. W. W. Duncan, of Wofford College, made a most excellent speech on religious education, in which he took sufficient latitude to administer a timely rebuke to politicians and to make some severe but deserved criticisms upon the times, political, criminal and social. Prof. Duncan was unusually forcible as well as felicitous in his remarks on that phase of character based upon a religious education which he believed to be the only hope of the country.

Rev. Wm. Martin preached on Saturday night, when he took occasion to present the Washington Street Church, Columbia, to the congregation.

Bishop Wightman preached one of his characteristic sermons on Sunday morning at 11 o'clock before the largest congregation, perhaps, ever assembled in St. Matthews. Feeble as the good Bishop appeared to be, he held the close attention of that large audience for more than an hour.

Dr. T. Rayson preached a most excellent sermon in the Baptist Church at the same hour to a full house. Indeed, we heard some of his hearers assert that the Doctor beat the Bishop.

A mass meeting of the children was held in the afternoon at half-past three o'clock when Prof. Duncan, Mr. L. B. Haynes and Rev. O. A. Darby made addresses.

At eight o'clock in the evening Prof. Duncan preached a missionary sermon before the Ladies' Missionary Society. This ended a series of meetings, the influence of which we hope may be felt and seen for years among the good people of St. Matthews.

Rev. Sidi J. Browne visited the Conference on Saturday. He looks well and seems strong enough to carry his little *Neighbor* triumphantly through many years, and by dint of many a hard battle to conquer peace at last.

**SHOOTING MATCH.**—The Columbia Yeoman says the Columbia Gun Club propose to have a glass ball shooting match during the week of the Democratic Convention, and to this end have extended invitations to like organizations of Charleston, Augusta, Newberry, Winnsboro, Greenville and Charlotte, requesting them to enter teams for the contest. Why was Orangeburg slighted? Perhaps our Columbia friends have heard of the skill of our boys and are afraid of them.

**FLORAL FAIR.**—The most criminal indifference we have ever witnessed in regard to any enterprise was that which manifested itself in the want of patronage to the recent Floral Fair intended to be held by the Orangeburg Agricultural and Mechanical Association at their building on Friday last. We are sure it was no lack of interest on the part of our people in the success of the fair, since they have ever been active in the promotion of all undertakings that have for their object the prosperity of the community; nor was it due to the scarcity of flowers or garden products, for this is the season when these abound in their greatest profusion; the only satisfactory theory to be found is that of indifference which waits for another to do what is every one's duty. It is criminal in as much as it leaves a duty unperformed and an important interest unsecured.

The directors had gone to some expense repairing the building for the occasion and making the necessary arrangements for the success of the exhibition, with the reasonable hope of realizing enough at least to defray these expenses. The failure to do so was a severe disappointment and threw such a damper over the spirits of the directors as will, in all probability, prove the death of Floral Fairs for years to come. In this much the community of Orangeburg is the loser. Not knowing the extent of the disappointment we proceeded to the Fair Building Friday morning about 11 o'clock and found only a handful of ladies and gentlemen discussing the propriety of abandoning the enterprise and returning the articles on exhibition to their owners. The prospect was indeed gloomy and perhaps the better wisdom prevailed when it was decided to close. In examining the articles we were peculiarly struck with their merit without a single exception. The largest collection of flowers was furnished by Mrs. W. N. Senoille, embracing choice varieties of Geraniums, and beautiful specimens of the Cigar plant, Begonia, Lantana, Fuchsia and other choice varieties of our hot-house plants. Mrs. J. L. Heildman was equally fortunate in her selection of Geraniums, Cactus, Pachia and a rare specimen of the Wax plant. A Calla Lily, Cactus and varieties of the Geranium furnished by Mrs. Kirk Robinson would have won the general praise of visitors; so likewise the specimen of Arabian Jassamine and Wax plant of Miss Leah Robinson.

Of the vegetables Mrs. E. R. Barton had the most extensive assortment including Beets, Cabbage, Onions, Cucumbers, etc., all of the present season's growth. Mrs. Emanuel Rickenbaker contributed largely in Cabbage, Turnips, Peas, Beans, etc. Her collection embraced about twenty-five varieties—all choice and well matured. Mrs. James Stokes had on exhibition the finest Turnips we have yet seen besides a splendid contribution of Beets, Onions, etc.

A basket of beautiful cut flowers was furnished by Mrs. Dr. Sall y; also a vase of wild flowers by Mrs. T. Muller. The largest and finest specimen of Hollyhock we have seen was the contribution of Miss Bettie Hartley. It has seldom been our good fortune to see so fine an exhibition of artistic taste and skill as we witnessed in a curiously wrought Lyre and Harp by Miss Annie Culler. These were made by extensive cuttings of wild and garden flowers, beautifully mingled.

Dr. W. F. Barton and Messrs. J. L. Moore, John Rowe and C. W. Cutler furnished most excellent samples of their Wheat and Oat crops which were perfectly free from rust, well matured and indicated a heavy yield of these grains.

**INSURANCE.**—The Mutual Endowment Assessment Association of Baltimore, Md., represented in our community by Mr. J. S. Albergotti, is one of the best societies in existence, managed by the best financial business men of Baltimore. Careful in its risks, not allowing policies in Charleston, New Orleans, Mobile, Memphis, or any epidemic region.

Though started two years ago, by this great care and strict medical examination its members have not been assessed to pay one death. Like the Knights of Honor, there is no advance in its rates. For instance, if you start between the ages of 21 and 45 years, you are assessed one dollar, and it remains the same if you live to be a hundred years old. We like the plan and have invested. Call on Mr. Albergotti, at the popular house of C. D. Kortjohn, and get all the information you want.

C., Oct. 10, 1879.

**How Watches are Made.** IT will be apparent to any one who will examine a SOLID GOLD WATCH, that aside from the necessary thickness for engraving and polishing, a large proportion of the precious metal used, is needed only to stiffen and hold the engraved portions in place, and supply the necessary solidity and strength. The surplus gold is actually needless so far as UTILITY and beauty are concerned. In JAMES BOSS' PATENT GOLD WATCH CASES this waste of precious metal is overcome, and the SAME SOLIDITY AND STRENGTH produced at from one-third to one-half of the usual cost of solid cases. The process is of the most simple nature, as follows: a plate of nickel composition metal, specially adapted to the purpose, has two plates of solid gold soldered one on each side. The three are then passed between polished steel rollers, and the result is a strip of heavy plated composition, from which the cases, backs, centers, bezels, &c., are cut and shaped by suitable dies and formers. The gold in these cases is sufficiently thick to admit of all kinds of chasing, engraving and enamelling; the engraved cases have been carried until worn perfectly smooth by time and use without removing the gold.

**THIS IS THE ONLY CASE MADE WITH TWO PLATES OF SOLID GOLD AND WARRANTED BY SPECIAL CERTIFICATE.** For sale by all Jewelers. Ask for Illustrated Catalogue, and to see warrant. March 12, 1880—ly

**Tax Notice.** OFFICE OF COUNTY TREASURER, ORANGEBURG COUNTY, ORANGEBURG, S. C., March 31, 1880. NOTICE is hereby given that I by myself or Deputy, will be at the following named places on the days specified for the purpose of collecting Taxes for the fiscal year commencing November 1st, 1879. Office hours from 8 A. M. to 2 P. M. My office will be open at the County Seat during the entire month of May thereby giving the Taxpayers a double opportunity to pay without penalties—no extension of time will be asked for.

Branchville, Saturday, May 1st, 1880. Lewisville, Monday, " 3rd, " Fort Motte, Tuesday, " 4th, " Cannon's store, Wednesday, May 5th. Ayers' Shop, Thursday, May 6th, 1880.
