

New Jewelry Store.—We learn that Mr. H. Spahr, of Macon, Ga., will open a jewelry store in our town the latter part of this month.

True success results from true merit. Hall's Vegetable Sicilian Hair Renewer is placed before the public, resting solely on its own merits. Its success is already indisputable.

NEW ENTERPRISE.—We understand that the marble for the marble works to be established in our town by Mr. C. Mayhew, of Columbia, is already at the depot. This enterprise is another sign of progress for Orangeburg, and we wish its projector abundant success.

HOME AGAIN.—Mr. J. M. Danner, who has been in New York for some time purchasing a stock of goods for Mr. Geo. H. Cornelison, returned home on Monday last. Mr. Danner, during his trip was ill but has sufficiently recovered to be up and give his attention to business.

FINE SYRUP.—We acknowledge the receipt of a fine specimen of syrup made by Mr. T. L. Dantzer, of Vanover Ferry from the early amber cane. This syrup was made in three months from the time the seed was planted and yielded thirty four gallons from three-sixteenths of an acre. The taste and flavor are excellent.

COTTON PICKING.—Cotton picking is progressing rapidly and our farmers will soon be over the worst of the season. The September gales are yet to come and scientist say that the present month will be particularly threatening and destructive, because of certain unusual atmospheric phenomena that are to happen as the perihelion of Jupiter and opposition of Saturn.

ACCIDENT.—On Sunday Morning last the South bound train on the South Carolina Railroad ran over a broken rail one mile above Stilton, which, bending after the engine passed, threw five empty passenger coaches from the track. The cars were slightly damaged, and the road bed considerably injured. There was no passing of trains until Monday morning.

SAD DEATH.—We regret to record the death of Mrs. Lovie Edwards, wife of Mr. F. D. Edwards of Branchville, which occurred on Tuesday evening last from a severe attack of Bilious Fever. Mrs. Edwards was just in the prime of life with many days of happiness before her. She leaves a husband and two little children to suffer their loss of so dear a companion and mother.

A delegate to the Republican Convention from Darlington County was arrested at Florence on his way to the Convention for obtaining goods under false pretence, and is now in jail. If starting to a Radical Convention had such a bad effect upon a delegate we shudder to think of the consequences had he taken part in its deliberations. That fellow was destined to be the companion of thieves any how, so his being jailed needn't worry him much.

A FREAK OF NATURE.—We saw at Branchville on Wednesday last at the drug store of Dr. O. H. Ott, a corn stock which terminated at the top in a bunch of oats with blades and grain well defined, and at the base of the oats were several small ears of corn growing around the stock. This is certainly a strange freak of nature as there is no similarity in the two grains, both entirely different as to nature of growth and development. The stock grew on the farm of Mr. Fred Bruce.

TO THE MERCHANTS, FARMERS AND CITIZENS GENERALLY OF ORANGEBURG COUNTY.—We would respectfully call your attention to our large and well selected stock of Hats, Shoes, Clothing, Shirts, Socks, Stockings, Knives and Forks, (both Silver and Steel,) Pocket Knives, Whips, &c. Full Stock of Groceries, Tobacco at 33 cents. Also Large Assortment of Notions, &c. All of which can be bought at remarkably low prices, at the well known store of C. D. Kortjohn.

P. S.—No objections to sell to both Merchants and Farmers.

COMPOUND EXTRACT BUCHU, composed of buchu leaves, dandelion root, acetate potash, juniper berries, praeiza brava, and calinsonia root. All of which are highly valued diuretics, kidney stimulants and depurants. The failure of the act ons of the kidneys is a source of many distressing diseases. This medicine produces a hearty action of the kidneys, removes from the blood the urea and uric acid, which if allowed to remain and accumulate would induce rheumatism, gouty affections, pains in back and loins. This valuable medicine is for sale by Dr. J. G. Wannamaker. Price 75 cents per bottle.

Dors.—The weather has been wisherl for the last day or two.

For gentlemen's furnishing goods including some of the best Unlaundried Shirts go to J. I. Sorrentue.

Boliver believes in the shot-gun policy. But the negroes must manage the gun while he manages his office.

In the yard of Col. Mortimer Glover is a pear tree in full bloom at this time, exhibiting all the beauty and life of early spring.

For lamps of every description go to J. I. Sorrentue, the largest and best selected stock at lowest prices to found there.

The Rev. W. R. Richardson preached an eloquent and instructive sermon at St. Paul's Methodist Church last Sunday morning.

Let every Democrat in the county now go to work, and see by his aid, what a majority can be rolled up for our ticket in November.

The Rev. W. R. Richardson and his beautiful young bride have been in town several days on a visit to Mrs. Richardson's parents.

Maj. W. V. Izlar has accepted a position at the store of Mr. G. H. Cornelison, where he will be pleased to see and serve his friends.

Alonzo wanted to be Comptroller General but the darkeys said they couldn't swallow him, so his ambition must remain unsatisfied.

Read the advertisement of Mr. G. H. Cornelison in this issue, and then call at his store and see the many good things that he has in stock.

Our friend, Joseph Eros, has on hand a full supply of candies, fruit, cake, nuts, &c. Also, a full line of segars, pipes, tobacco, &c. Give him a call.

The new Methodist Church at Jamison's was dedicated last Sunday; the sermon on the occasion was preached by the Rev. W. W. Duncan. This church will be known as New Prospect.

Read the announcement of Mr. Theodore Kohn in another column. He is now opening a very large and complete stock of goods. The ladies specially are invited to visit this establishment.

Mr. J. C. Pike has secured the services of Mr. B. P. Izlar as salesman. Mr. Izlar would be pleased to have his friends call at the above establishment where he will take pleasure in serving them.

Our young and talented friend, T. M. Gilland, Esq., of Kingtree, has been placed in nomination before the Democratic primaries of Williamsburg County for a seat in the legislature. We hope he will be elected.

The Rev. J. F. Kiser's school opens next Monday. Mr. Kiser is a gentleman of education and refinement, and we have no hesitation in recommending him to our people as in every way fully qualified to instruct their children.

A bunch of eight keys, with a plate marked H. A. L. Pawloski, Greenville, S. C., 1871, was found in the yard of the fair building on Monday last. The owner can get the same by applying at this office and paying for this notice.

Of in the stilly night the sufferer with piles wondered where he could obtain relief until he sought and found it in Tabler's Buckeye Pile Ointment, certainly the best remedy for piles. Price 50c. For sale by Dr. J. G. Wannamaker.

Henry Kohn requests us to state to his numerous customers that he is too busy to write an advertisement this week, but that he will let them know next week through these columns the contents of his immense stock. So look out.

If Sidney Smith, whose genial nature was a well-spring of pleasure to his friends, had suffered with an inactive liver he would have used Portialle, or Tabler's Vegetable Liver Powder. Price 50c. For sale by Dr. J. G. Wannamaker.

The many friends of the Rev. W. W. Duncan were sadly disappointed at not having the pleasure of hearing him preach at the Methodist Church last Sunday evening as was expected. This gifted divine has a host of admirers in Orangeburg.

We heard a Democrat say the other day that Boliver liked to have the newspapers notice his misdeeds. We are really glad to hear this, as we consider it our duty to give him a touch up occasionally, and if he likes it our duty becomes more pleasant.

Consignees at the South Carolina Rail depot for unclaimed freight: Z. McCord, J. H. Staley, J. S. Staley, C. E. Gardner, S. Schiffman, J. Jones & Co., Order C. M., E. M. Parler, Dr. J. W. Summers, W. O. Livingston, J. H. Fordham, L. H. Dantzier, H. Johnson.

EDGEFIELD Co., S. C., April 9, 1879.—Dr. L. T. Hill:—I hereby certify that I have used your Hepatic Pannacea, for diseases of Liver and Dyspepsia. I can safely say that it has benefited me more than any other medicine I have ever taken. E. P. Addison. For sale by S. A. Reeves.

A RADICAL HONORED.—The Abbeville Medium says it is stated that the Trustees of the South Carolina University have offered a professorship in Claffin University to ex-Associate Justice Wright. It will be remembered that Wright was charged with drunkenness before the Legislature of 1877 and steps were taken to impeach him when he resigned. Now he is to be elevated to a very responsible position by the Democrats. The colored youth of the State are to be put under his care and guidance and will look up to him as a standard for their morals and principles. Will they be elevated and enlightened by his instructions? It strikes us that the Legislature of 1877 did Wright a great injustice or the Trustees have made a serious mistake. What have they to say for themselves "why sentence should not be passed upon him?"

GOOD CROPS.—We accompanied the Washington Grange committee a few weeks ago on their round of visiting a few of the crops in the Middle St. Matthews section, and were astonished to find what progress in farming had been made in a few years. Science and practical sense have combined in making this one of the most advanced sections of our country. The crops were the best we had seen this season and sufficiently advanced to be beyond the reach of ordinary casualties. Home made manures and commercial fertilizers judiciously composted have made a bale of cotton to the acre, and twenty bushels of corn per acre quite a common yield. On a crop of one hundred acres of cotton planted by Mr. D. H. Rush, the majority of the Committee gave him an estimate of ninety five bales; On fifty seven acres of cotton planted by Dr. J. W. Summers, 1,070 pounds per acre or fifty bales, and on forty three acres of corn, one thousand bushels; and on a crop of some sixty acres planted by Mr. Geo. D. Rast 1,040 pounds per acre and 23 bushels corn per acre. This is certainly a most gratifying showing for our farmers and county and we think compares favorably with any other. One of the most pleasant features of these visits is a superb dinner furnished in the main of things raised on the farm.

LAYING A CORNER STONE.—According to previous announcement quite a crowd of citizen from the village and surrounding country of Branchville met on Wednesday last to witness the ceremony of laying the corner stone of the new Methodist Church. Notwithstanding the unfavorable weather buggies and wagons began to come in at an early hour and by eleven o'clock, the time for meeting, a large number had gathered and were waiting the ringing of the town bell. Rev. J. Berry opened the exercises by reading the bible and prayer, after which Rev. T. Raysor read a history of the town from its first settlement to the present time. This was a most amusing as well as entertaining paper, showing from what a small and insignificant beginning our little thriving sister town could boast. Rev. Dove Tiller and Capt. Hugo G. Sheridan made speeches on the occasion. The first reviewed the history of the Christian church and in a graphic manner pictured the different crises through which it passed before it reached its present position of influence in the world. The second speaker had scarcely entered upon his subject before the threatening clouds began to rain and force the audience to seek shelter as best they could. It was soon evident that the speaking could not be resumed and Dr. Raysor, the pastor, proceeded with the ceremony of laying the corner stone. The following articles were as carefully deposited as possible under the unfavorable circumstances: Copies of the Bible, Methodist Hymn Book and Discipline, Southern Christian Advocate, Christian Neighbor, church literature, Charleston News & Courier with Mr. Bayard's Columbia Speech, ORANGEBURG DEMOCRAT, and Orangeburg Times; Roll of Officers and members of the Branchville Baptist Sunday School, also of the Humility and Sardis, both Methodist, Sunday Schools; postal card and envelope of Mr. J. D. Ruoad, Dry Goods Dealer; Several pieces of coin, History of the Berry family that came from Ireland in 1757; A piece of Continental money (paper) 107 years old; a roll of Confederate money; Likenesses of the contractor, E. T. K. Smoak and of Mr. James Barton Berry, the father of the Church, with an Enlogy of the latter written by a lady of Branchville. This being over, dinner was announced and although the rain was pouring down, very nearly every body remained and paid his quarter for one of the best meals ever enjoyed on such occasions. It is said that forty dollars were realized by the table committee. The evening entertainment by the ladies was in full blast at the town hall when the writer of these notes got aboard the New York Express, for which his thanks are due Mr. Ligon, the courteous Railroad agent.

Mr. Jas. Van Tassel, who went North some time ago to improve his health, has just returned and brought with him a large stock of best Groceries and Liquors from New York which he is selling very cheap for the times.

SOMETHING THAT EVERYONE SHOULD KNOW.—The undersigned firm has purchased a large and convenient lot adjoining their store lot, which they have opened into one large yard and built thereon an elegant stable, 25 by 100 feet. Also, an accommodation house, comfortably arranged, to meet the wants of those who are compelled to camp in town over night. Whether they are customers or not, all are welcome to come and spend the night here, free of charge, as these conveniences have been built for all who may need them. They have also completed a splendid cotton platform, 20 by 80 feet, and are now prepared to buy all cotton offered them, for which they will pay the highest market price. Cash always in hand to pay for it. They use Fairbank's improved Southern cotton beam for weighing and guarantee weights and prices. This firm has also fitted up the entire upper story of their store for clothing, hats, &c., of which they have a large stock, carefully selected and bought at lowest cash figures, which enables them to sell far below most houses, and when quality is taken into consideration their prices will eclipse those of any house in Orangeburg. They intend giving up the whiskey business on January 1, (which they sell now only by the quart and gallon,) and have a stock of \$5,000 on hand, consisting of the various articles in the whiskey line, which they are now offering at prices that can't be beat in small quantities in any house in the United States. This is a broad assertion, but it is nevertheless true, as a trial will fully prove. D. E. Smoak & Co., of whom we speak, are always up to the times, and don't you forget it.

NINETY-SIX, S. C., April 14, 1879.—Dr. L. T. Hill.—I have been suffering from indigestion and dyspepsia for some time; had no appetite, and was very restless at night. I purchased a bottle of your Hepatic Pannacea, and was surprised how rapidly I improved after taking a few doses. I used one bottle, and now I rest well at night and have a good appetite. B. J. Spratt. For sale by S. A. Reeves.

1880. FALL OF 1880.

The following additions I was compelled to make to my general

STOCK OF MERCHANDISE
