

Democracy—the people rule; and their voice, whether mirrored in Convention or thunder at the polls, cannot be laid aside.

Some one wants to know if George Boliver is a carpet-bagger or scallawag. He is a pretty bad cross between the two, with a little sprinkling of nigger.

It took six drinks of mean whiskey backed by the news from Indiana, to raise enough "hail Columbia" feeling in one idiotic freedman to make him sing out hurrah for Garfield!

Do you see anything significant in the little clumps of Radicals standing around conversing in low whispers? They have not been out of their holes before, some of them, since '76.

Mr. W. M. Sain is building a fine dwelling on his lot, corner of Railroad Avenue and Five Notch Road. Contractor Tucker has the job and is making rapid headway already.

Prof. W. W. Duncan will preach at White House and Bethel at 11 o'clock A. M. and half-past 3 P. M. on the fourth Sunday in November instead of the fourth Sunday in this month as announced.

The Sunday School Missionary Society of St. Paul's Church will hold its monthly meeting in the Methodist Church on next Sunday afternoon at half-past 4 o'clock. The public are invited to attend.

If Sidney Smith, whose genial nature was a well-spring of pleasure to his friends, had suffered with an inactive liver he would have used Portaine, or Tabler's Vegetable Liver Powder. Price 50c. For sale by Dr. J. G. Wannamaker.

The news from Ohio and Indiana has had a most happy effect on Dr. Webster. It has completely cured him of the "dry grins," from which he had been suffering since the Maine election. You will have them worst than ever after the 2d of November, Doctor.

Democrats of Orangeburg! Fix your minds on 1,000 majority for the clean, straight Democratic ticket in your county, and work squarely up to it. Remember that South Carolina must follow, the foot steps of her sister States, and increase her Democratic majorities under Democratic rule.

Our thanks are due the committee of ladies of the Baptist church at Grams for an invitation to attend an entertainment given on the 13th instant. We regret not receiving the card in time to contribute something toward the success of the entertainment, at least by giving it the aid of our local column.

An enraged colored woman poured out bottles of wrath, in the shape of frantic jestures and vulgar anathemas on the heads of the colored Democrats in the procession on Tuesday. The farce continued until she saw the Middle Pen club numbering some fifty colored men in red jackets, when she left in disgust.

Several people have asked us what Lathrop was politically. We think he is a pure, unadulterated Radical. If he believes in that side its nobody's business, but let him come out like a man and show his hand, instead of trying to make people believe he is a Democrat in daytime, and at night sneak around and hobnob with negroes.

It does seem to us that every Democrat in the county can influence one Republican vote. Spot your man, show him by kind and gentle argument the benefits of Democratic rule and the evils of Republican government. Do this and the prosperity of ourselves, our families, our children, our county, our State and our Nation is safe.

Principles and not men. But a moment's reflection, and every man, good and true, in Orangeburg county and the State will put his foot on personal bickering, and throw his whole soul, strength and influence for our National State and County Ticket. We can win, we must win and we will win. Let every Democrat in the county and State and Nation form this conclusion, and victory on the 2d of November is certain. Remember Principles and not Men are at stake.

We understand that the Edisto, Rowesville, Branchville and Cow Castle Democratic clubs will have a grand rally and barbecue at some central point on the last Saturday of the present month which will be the 30th instant. Speakers will be present and the occasion is expected to be one of great interest to the Democratic voters of our county. Let there be a turnout that will do credit to the communities and honor to the county. White and colored citizens are invited to attend.

Dots.—Who said Indiana was going Democratic.

Boys, we feel badly about this Indiana business.

If you want to get fresh crackers of any sort always call at Jos. Eros.

Somebody chalked 329 on the post-office and other places on Tuesday morning.

For a really good segar or segar holder, pipes, smokers' articles call at Jos. Eros.

For fresh canned goods, potted meats, jellies, raisins, currants, citrons, dates go to Jos. Eros.

The fronts of the stores of Messrs. Henry and Theodore Kohn were appropriately decorated on Hagood's Day.

The horse of Mr. A. M. Salley ran away with his little son on Tuesday but fortunately did no harm to the child.

Cigars and tobacco of all qualities and prices by the box or by small quantities for sale low down at J. I. Sorrentrue.

Mr. T. W. Albergotti, the baker, had his store appropriately decorated on last Tuesday in honor of the meeting of the Democracy.

Genuine gosben butter at 30 cents per pound, and choice hams at 10 cents per pound at J. I. Sorrentrue. Give him a call.

Where else can you get nicer apples, oranges, nuts of all sorts, cabbages, onions, potatoes than at Jos. Eros' fruit store.

Henry Smith, a staunch and fearless colored Democrat, rode at the head of the column on Tuesday, carrying the banner of the Democracy.

The committee who have in charge the Young America Fair are requested to meet at the store of Mr. Henry Kohn this afternoon at four o'clock.

Webster denies putting a pistol in our postoffice box. Our devil says he did, and knowing the two, as well as we do, we are compelled to believe our devil.

Dr. Webster feels so good over the Indiana election that it is doubtful if he ever trades horses with another negro as long as he lives. We congratulate the negroes.

Boliver, Webster, Lathrop & Co. held a caucus in the postoffice on Wednesday night when important matters relative to the forthcoming ticket were discussed.

The election came off in Georgia last week, Colquitt's majority over Norwood is something over fifty thousand votes. There will be no effort to break that election.

Ready for inspection at Jos. Eros' the largest and most varied assortment of fine candies, put up in 1-4, 1-2, and 1 pound boxes. The only place to get candies always fresh, pure and at bottom prices.

On Tuesday night last a group of colored men at DeMar's corner were discussing the events of the day when William Brown, Edward Darlington and Primus Berwick indulged in the most abusive and incendiary language against the white people of our town. They cursed Senators Hampton and Butler in no unmeasured terms, stigmatized the Edisto Rifles as a set of damn cowards, who had signals to regulate their action—three taps of the church bell to meet, four taps to stand and five taps to run away.

When some bystander remarked that the citizens could obtain help in case of trouble, they replied that before help could arrive, Orangeburg would be made so hot from the flames that help could not come inside the town. It was asserted that the colored people had guns as well as the Edisto Rifles and could use them, but the brick bats on the Courthouse Square were enough to whip them with. The most bitter words were employed to express their hatred of the white people and the most violent threats made against the peace and safety of our citizens. This is but the outcropping of Boliver and Webster's teaching to the colored people and it is the duty of every good citizen, white and colored, to rebuke this inflammatory spirit wherever it may manifest itself. Such colored men as these should be made to understand that language of this sort cannot be indulged in with impunity, and if any thing happens to the citizens or town of Orangeburg, Boliver, Webster and Straker should be held to a strict account. The above facts are vouched for by several gentlemen who heard the conversation.

Compound Extract Buchu, composed of buchu leaves, dandelion root, acetate potash, juniper berries, praeiza brava, and calinsonia root. All of which are highly valued diuretic, kidney stimulants and depurants. The failure of the actions of the kidneys is a source of many distressing diseases. This medicine produces a hearty action of the kidneys, removes from the blood the urea and uric acid, which if allowed to remain and accumulate would induce rheumatism, gouty affections, pains in back and loins. This valuable medicine is for sale by Dr. J. G. Wannamaker. Price 75 cents per bottle.

In order that our colored people might know what manner of man Geo. Boliver is, who suffers no opportunity to pass unimproved which might secure him a vote, we give them the following piece of information obtained from one who was a witness of the occurrence. In one of his speeches at Branchville during the campaign of 1876 or 1878 when he had several white listeners, Mr. Boliver spoke with so little regard to truth and piled up falsehood upon falsehood with such brazen affrontery that a number of white gentlemen approached him when alone, and no colored person being near, and asked what made him tell the negroes so many lies when he knew he was lying all the time. Mr. Boliver very naively replied, "Why I'm obliged to lie to the d—m rascals or they want vote for me."

Our colored citizens can think of this from now until the election, and determine whether they will support a man for any office whatever who believes them to be such "d—m rascals" that it is necessary to lie in order to secure their votes.

NATIONAL SURGICAL INSTITUTE.—One of the Surgeons of this old and notable Institute will visit Orangeburg, S. C. Nov. 1, and 2 inst. 1880 stopping at the Meroney House. The object of this visit is to give the afflicted an opportunity for examination at or near their homes, thus saving hopeless cases the expense of a trip to Atlanta. A careful examination will be made, and patients can learn if their cases are curable or can be benefited, and whether it will be necessary for them to visit the Institute. In such cases as can be cured, or treatment begun at home, arrangements can be made with our visiting Surgeon, and treatment commenced at once. Cases of Deformities and Chronic Diseases will be examined, such as Club Feet, Diseases of the Hip, Spine and Joints, Paralysis, Piles, Fistula, Catarh, Female and Private Diseases, and Diseases of the Eye, Ear, etc. Come early, as the visit is limited to the time stated. For circulars and full particulars, address, NATIONAL SURGICAL INSTITUTE, ATLANTA, GA. 31

We regret to announce the death of Margaret Ellen Rhoad, little daughter of Meldred S. and J. D. Rhoad, which occurred at Branchville S. C. on Wednesday morning, Oct. 6, 1880, of congestion. We knew this dear little girl and no sweeter flower was ever plucked from its mother's heart or dearer cord to bind a father's love severed than little Maggie. After a short illness of only a day and half, and in her ninth year, ninth month and ninth day, she was taken from the sorrows of earth to the joys of heaven to be an angel spirit ever hovering around the dear ones of her earthly home. We tender our warmest sympathy to the bereaved parents who feel the blow more keenly because of their absence from home during their child's sickness.

We clip the following from a letter recent published in the *New and Courier*: "We have one very peculiar establishment in this town. It is different from any other in the country. Mr. C. D. Kortjohn keeps a cheap cash store. Nothing goes out of his store without the money down. Mr. K. has agents in Charleston, Baltimore and New York, who make purchases for him, for cash, whenever bargains are offered. This enables him to sell at remarkably low figures. Mr. Kortjohn sells enormous quantities of goods at very low figures. In fact the most of his goods are sold for less money than they can be manufactured. These are facts, and we know what we are saying cannot be controverted."

One of prettiest banners, we noticed in the procession on Tuesday, was that of the Edisto Rifles bearing on one side the significant words: "Hagood, our Colonel in 1861. Hagood, our General in 1863. Hagood, our Commander-in-Chief in 1881," and on the other, "Edisto Rifles, 1854." The most laughable, and at the same time significant, was that of the Bull Swamp club with the picture of a powerful bull in pursuit of a carpet-bagger and about to lift that animal into the air. The motto, "Time to leave," was very suggestive. Senator Butler objected to it because the carpetbagger was represented as about to leave his hat. He would rather see him leave, hat and all.

After the speaking on Tuesday last in which the course of Mr. Geo. Boliver was severely criticised by Senator Butler and his noble utterances were yet ringing in the ears of our people, six young Democrats were invited by Boliver to drink with him at DeMar's Bar. Five consented and would have compromised their Democratic manhood had it not been for the timely rebuke given by the sixth. How can we ever expect to break the influence of Radical leaders if our young men, and old ones as well, continue to regard them as companions and not as enemies to our manhood and the civilization of our race?

Spratt. For sale by S. A. Reeves.

ALL over the eastern and western cities and towns, pavements and walls are chalked and painted over with the mystic number "329." It was thought at first that it was a reference to the estimated age of Susan B. Anthony, but the real significance lies in the fact that it is the number of dollars "borrowed" by Garfield of Oakes Ames.

TERRIBLE ATTACK.—No more deadly foe can possibly attack human beings than Bilious Fever. This is caused by bile not being properly distributed and carried off in consequence of a deranged state of liver. To cure and prevent these attacks take no medicine, but use Dr. Flag's improved Liver and Stomach Pad.
