

A Lesson About Cotton.

Here are some facts about cotton that every one interested in the production of cotton would do well to study.

The 2,000,000 bale crop of 1894-95 sold for \$228,000,000.

The 7,000,000 bales produced in 1895-96, sold for \$202,000,000.

The crop of 1896-97 amounted to 8,700,000 bales, sold for \$227,000,000.

Or the big crop of 1894-95 sold for \$24,000,000 less than the succeeding year's crop, although it was nearly 3,000,000 bales larger.

The crop of 1896-97 sold for \$193,000,000 more and was over 1,000,000 bales less. Thus it will appear that the larger the crop the less it sells for, and a 7,000,000 bale crop is really worth more to producers than a 10,000,000 bale crop.—Exchange.

Or the more cotton the less money a verification of the well known law of inverse proportion.

Moral—Plant more corn, sow more wheat, raise more to eat.

No Wonder It Failed.

Quad-1 see that ladies' paper, the New Woman, has proved a failure.

Dash—That so? What was the trouble?

Quad—Well, as I understand it, only lady reporters were employed, and, of course, they told all they knew before the paper came out, and then no one wanted to read it.

A Nonsensical Notion.

Some folks actually believe that they can cure skin diseases through their stomachs. It is about on the face—about the face of the man who believes, too, because his disease says that there. Says those who have tried it. It is the only safe and certain cure for Eczema, Ringworm, Scabies and other skin irritations. Good for Dandruff, too. At drug stores, 50 cents, or by mail from J. T. Sturges, Savannah, Ga.

Some men who possess neither gold nor silver have lots of brass.

Dyspepsia, Indigestion and all stomach troubles cured by Taylor's Peppermint Cure. Balm, bottle mailed free. Write Dr. Taylor, M. G. Co., Savannah, Ga.

The battleship Kentucky took water in those launching ceremonies.

Educate Your Bowels With Cascara.

Candy Cathartic, cure constipation forever. 20c, 50c. If C. C. fail, druggists refund money.

The dollar you pay back looks twice as large as the one you borrowed.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All Druggists refund money if it fails to cure. 50c.

Come to think of it, a worthless man could not be worth less, anyhow.

Mr. Winslow's Soothing Syrup for children's teething, softens the gums, reduces inflammation, allays pain, cures colic, 25c a bottle.

It is wicked to bet and lose, for a man has no moral right to be wrong.

To Cure Constipation Forever.

Take Cascara Candy Cathartic. 10c or 25c. If C. C. fail to cure, druggists refund money.

Everything seems to get round in a sewing circle.

Lyon & Co's Pick Leaf Extra Smoking Tobacco is made from the purest, ripest, sweetest leaf grown in the Golden Belt of N. C.

Whenever the counterfeiter needs money bad he makes it.

Chew Star Tobacco—The Best. Smoke Sledge Cigarettes.

A man may be fast asleep, but rather slow when awake.

Don't Tobacco Spit and Smoke Your Life Away.

To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or \$1. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.

Love and sea sickness may be felt, but they cannot be denied.

Fits permanently cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. 23 trial bottles and treatise free. Dr. R. H. KLINE, L. 531 Arch St., Philadelphia, Pa.

A man resembles a ball of twine when he is wrapped up in himself.

Land and a Living.

Are best and cheapest in the New South. Land \$2 to \$5 per acre. Easy Terms. Good schools and churches. No blizzards. No cold waves. Now illustrated paper, "Land and a Living," 3 months, for 10 cents, in stamps. W. C. RYANSON, G. P. A., Queen & Crescent Roads, Cincinnati.

In Australia spring begins August 20th, summer November 20th, autumn February 20th, and winter May 20th.

Spring Medicine

A Good Blood Purifier a Necessity Now

Hood's Sarsaparilla Unequaled for Making Rich, Red Blood

The necessity for taking a good Spring Medicine to purify the blood and build up the system is based upon natural and unavoidable causes. In cold weather there has been less perspiration and impurities have not passed out of the system as they should. Food has consisted largely of rich, fatty substances, and there has been less opportunity for outdoor exercise. The result is, the blood is loaded with impurities and these must be promptly expelled or health will be endangered. Hood's Sarsaparilla is the best Spring Medicine because it is the best blood purifier and tonic. It thoroughly purifies the blood and gives vigor and vitality.

Hood's Sarsaparilla

Is America's Greatest Medicine. Six six for \$3.

Hood's Pills are the favorite cathartic. All druggists, 25c.

SEND FOR A BICYCLE

Write for our new book "How to Buy a Bicycle" and make money. SPECIAL 25c BICYCLE. 25c bicycle made in most magnificent manner. Each "Wanderer" wheel, a powerful back of 25c. 25c to stamp while they last. H. F. BEAD CYCLE COMPANY, Chicago.

8 N. U. No. 14.—39.

PISO'S CURE FOR CURBS WHERE ALL ELSE FAILS

Best Cough Syrup. Tastes Good. Use in Time. Sold by druggists.

CONSUMPTION

CONGRESS WANTS WAR.

Many Resolutions Introduced Looking to That End.

HOUSE TAKES A FIRM STAND.

McKinley Has Been Given Reasonable Time and Congress May Now Exercise Its Function.

THE SENATE.

68TH DAY.—A scene of intense interest was presented in the Senate when the President's message, transmitting the findings of the Maine court of inquiry was received. The galleries were packed to the doors, and the attendance of Senators was quite as large as it has been at any time during the present session. Eager to ascertain the full findings of the court, scores of the members of the House, after adjournment of that body, had hurried to the Senate chamber, and the floor was crowded with them. When the reading of the President's message was begun a hush so marked fell over the chamber that one literally might have heard a pin fall. Throughout the reading of both the message and the finding of the court there was not the slightest demonstration. The documents were referred to the committee on foreign relations. Following closely upon the message and findings, came the speech of Money, of Mississippi, on his recent observations in Cuba and the deductions from them he had made. His speech was along the same lines as those of Senators Proctor, Gallinger and Thurston. Upon the announcement of Representative Simpkins' death, the Senate adjourned.

69TH DAY.—Interest in the Cuban situation—the interest might almost be termed excitement, so intense was it—reached a climax in the proceedings of the Senate to-day. As on previous days of the discussion of the Cuban question, thousands of people flocked to the galleries. Within five minutes after the Senate convened, Allen, of Nebraska, introduced a resolution recognizing the independence of the Cuban republic. This was followed by a resolution proposed by Rawlins, of Utah, declaring war against the kingdom of Spain, Foraker, of Ohio, then introduced a resolution for such intervention in the Cuban war as would bring about the independence of the Cubans. Following this came a resolution by Mr. Frye, of Maine, demanding that Cuba be made free. The resolutions followed one another so rapidly as almost to stun the auditors, both Senators and spectators. This was the condition when the Vice-President recognized Mr. Mason, of Illinois, for his announced speech on the President's message transmitting to Congress the findings of the Maine court of inquiry. Mr. Mason read his speech from manuscript, but it was delivered with all the vigor and fire of which he is capable. The intensity of the feeling of those in the galleries was evidenced by the storm of applause which was elicited by his declaration that he was for war. Vice-President Hobart had difficulty in suppressing the demonstration. After Mason's speech the Senate passed seven-four private pension bills and followed this order with eulogies on the late Senator Earle, of South Carolina, one of the most remarkable of which was pronounced by Tillman, a long time political opponent of General Earle. Morrill, of Vermont, from the finance committee, reported a joint resolution providing for the importation, free of duty, of military supplies secured abroad into the United States and asked for its immediate consideration. It was passed.

70TH DAY.—In the Senate Cafeteria, of Louisiana, concluded his speech on the national quarantine bill, after which the measure making four provisions for a civil government for Alaska was passed. Frye reported from the committee on foreign relations the Senate resolutions: "That the President be requested, if not incompatible with public interest, to transmit to the Senate all of the consular correspondence relating to the conduct of the war on the island of Cuba, the condition of the people and other matters relating thereto." He asked that the resolution lie on the table, when he would ask for its consideration.

71ST DAY.—In the Senate, Hawley, of Connecticut, presented in amended form the joint resolution offered by Bacon, of Georgia, concerning the erection of temporary fortifications. He said that the resolution as now amended met all objections that had been raised against the original one. It is as follows: "That in case of emergency, when in the opinion of the President the immediate erection of any temporary fort or fortification is deemed important and urgent, such temporary fort or fortification may be constructed on written consent of the owner of the land upon which such work is to be placed; and the requirements of section 355, of the revised statutes shall not be applicable in such cases." The resolution was passed.

72D DAY.—After a quiet session, during which the resolution offered the day before by Senator Chandler calling for the Cuban correspondence, was referred to the committee, and a secret session on the bill to purchase the Danish West Indian Island heretofore reported, the Senate adjourned until Monday.

THE HOUSE.

7TH DAY.—The reading of the President's message in the House was listened to with breathless interest by the members, and the spectators in the galleries, who were crowded like sardines in a box. Just one wave of applause swept from floor to ceiling, and then the death of Representative Simpkins, of Massachusetts, was announced, and the House adjourned. The message was referred to the committee on foreign relations. After the adjournment of the House there was considerable discussion over a proposed consolidation of the forces in the House who favor some form of immediate action on the Cuban issue. There was a strong feeling shown over the avoidance in the message of any outline of a definite administration policy, and a decided disposition apparent not to wait any further delay, nor resort to temporizing measures. The project to furnish ad libitum relief supplies to the

TOWN SWEEP AWAY.

Fully 200 People Drowned by a Flood in an Illinois Town.

A special to the St. Louis (Mo.) Republic from Girard, Ill., says: A telephone message has been received here from Shawneetown, Ill., saying that at 4:30 o'clock on the afternoon of the 3d the levee above the city broke and the city is inundated. The water has backed up for five miles and rushed down upon the city like a tidal wave. After the message was received telephone and telegraph communication with Shawneetown was suddenly cut off, which tends to confirm the report. Nothing more has been learned. It is rumored that over 200 lives were lost, although it is believed this estimate is too high.

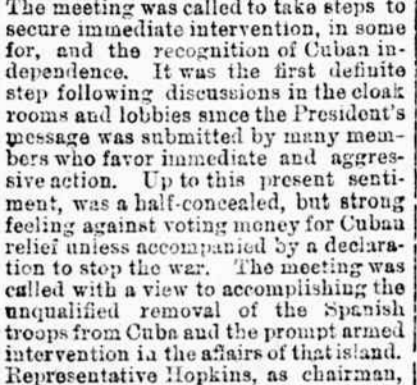

A special to the Louisville (Ky.) Courier-Journal from Evansville, Ind., says: The Shawneetown disaster will amount to over 500 dead, and possibly 1,000. The situation of the town was much like Jamestown, although the population was smaller. The town is now under twenty feet of water.

A girl never begins to think much of a man until after he has made her mad.

THE FIRST LIFEBOAT.

Very Different from the Complicated Vessel of To-Day.

The story of the lifeboat remains to be written. To do so now would be premature, inasmuch as, notwithstanding the large amount of ingenuity which has been lavished on the designing of a vessel which shall prove satisfactory, the thing desired yet remains to be achieved. The first lifeboat was, curiously enough, devised by a landsman, one Lionel Lukin, a coach-builder of Dunmow, in Essex, England. This man had lost some relatives in the foundering of a vessel at sea, and he set about designing a vessel which should be unsinkable. Among

THE FIRST LIFEBOAT.

those who took up the problem where Lukin left it was one Henry Greathead, a boatbuilder of South Shields, who worked continuously at the subject, and an order for the construction of what is practically the first specially constructed lifeboat was given to Greathead in 1805.

The first lifeboat was 36 feet long, and possessed a beam of 10 feet. It was rowed by 10 oars, double-banked, and it was the first vessel built in which the main features of all lifeboats were found. Thus, the stem and stern were alike, it had a curved keel, and it bulged greatly amidships.

Echoes.

In a cave in the Pantheon, at Rome, the guide, by striking the flap of his coat, makes a noise equal to a twelve-pound cannon's report. The singularity is noticed, in a lesser degree, in the Mammoth cave in Kentucky. In the cave of Smellin, near Viborg, in Finland, a cat or dog thrown in will make a screaming echo, lasting some minutes. Fingal's cave, on the Isle of Staffa, has also an abnormally developed echo.

The success of a battle depends quite as much on the courage and obedience of the soldiers as on the wisdom and generalship of the officers; and so the welfare of the world is more concerned in the faithful discharge of duty by the thousands who lead quiet and obscure lives than by the great achievements of the few gifted ones.

Beauty Is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascara, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascara's beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.

The stories of talkative barbers are often illustrated with original cuts.

Don't TRY to keep house without Blue Ribbon Baking Powder. At all Grocers. B. K. P. Company, Richmond, Virginia.

It is easier for a borrowed umbrella to keep lent than it is for the average man.

Piso's Cure for Consumption has no equal as a cough medicine. F. M. ABBOTT, 383 Seneca St., Buffalo, N. Y., M. F. 9, 1891.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

BALTIMORE, MICH 26th.

A writer in the Southern Progress, of Philadelphia, commenting upon the services of the Old Bay Line, says: I confess I find no little pleasure in taking the trip from Baltimore to Norfolk on one of the steamers of the Old Bay Line. Few transportation companies in this country have so favorable a hold on a fault-finding public as this corporation of the Chesapeake. The accommodations, the conveniences and the management of the steamer make a cordial recognition from a public too often entertained as cattle rather than human beings—always glad to receive a little more than they pay for. It is not easy to form an exact estimate of the number of passengers carried yearly by the Old Bay Line steamers, but I have been informed that it reaches nearly half a million. I think that fact is a better recommendation than any I could possibly write of the Old Bay Line.

Dragging Music Into a Play.

"I once saw a raft scene in an English play," says a noted play actor. "Suddenly one of the shipwrecked party cried out: 'What's that I see floating toward us on the waves?' 'A grand piano,' shouted another. Then the piano was hauled up on to the raft and one of the furnishing castaways played a 'Rhapsodie Hongroise,' by Liszt. That cured me of 'dragging in music by the hair.'"

When a man begins to do wrong, he cannot answer for himself how far he may be carried on. He does not see beforehand, he cannot know where he will find himself after the sin is committed. One false step leads to another; one evil connection requires another.

Women and the Wheel.

From the Gazette, Delaware, Ohio.

The healthfulness of bicycle riding for women is still a disputed question between eminent physicians and health reformers. Used in moderation it solely creates for women a means of out-door exercise, the benefit of which all physicians concede. Used to excess, like any other pastime, its effect is likely to be dangerous.

The experience of Miss Bertha Reed, the seventeen-year-old daughter of Mr. J. R. Reed, 335 Lake St., Delaware, Ohio, may point a moral for parents who, like Mr. and Mrs. Reed, have experienced some concern for their daughters who are fond of wheeling. In the fall of '96 Miss Bertha who had ridden a great deal, began to fail in an alarming manner. She grew steadily paler and thinner, and it appeared she was going into consumption. Rest and quiet did her absolutely no good. A physician found her pulse at 104—a very high rate. Thinking this may have been due to temporary nervousness when he examined her, he watched her closely, but her pulse continued at that rate for two weeks. He was satisfied then, from her high pulse and steadily wasting condition that she was suffering from anemia or a bloodless condition of the body. She became extremely weak, and could not stand the least noise or excitement. In this condition of affairs they were recommended by Dr. Williams' Pink Pills for Pale People. They did so, and almost from the first dose Bertha began to improve. She continued to take the pills and was by means of those pills made entirely well, and more grateful people than her parents cannot be found in the whole State of Ohio. Dr. Williams' Pink Pills have proved a boon to womankind. Acting directly on the blood and nerves, they restore the requisite vitality to all parts of the body; creating functional regularity and perfect harmony throughout the nervous system. The pallor of the cheeks is changed to the delicate blush of health; the eyes brighten; the muscles grow elastic, ambition is created and good health returns.

GEORGIA LADIES

TELL THE TRUTH.

Miss Margaret Stance.

Bullards, Ga., writes: Eight years ago I had three children. Three months. Five Doctors attended me, but I continued to grow weak until I commenced taking Dr. M. A. Stimmans' Liver Medicine three times a day, and I was well before one package was taken. Have taken a few doses "Black Balm," but did not think it cleared my Liver as well as Dr. M. A. S. L. M.

Female Complaints.

There are two critical and even dangerous periods in female life, when the greatest care is necessary. The first when the girl passes from childhood to womanhood; if through ignorance or neglect this mysterious development is interfered with or thwarted, even in the smallest degree, they are liable to the malady frequently proving most serious, such as hysteria, fits or even consumption, while at the second period, called "change of life," there is often much distress and danger. At both these periods of life the Simmons Sarsaparilla is invaluable, and it is recommended that a dose should be taken twice a week for some time, to strengthen the system and strongly urge the use of Dr. M. A. Stimmans' Liver Medicine, a dose at bedtime.

R. J. Redock

Scrville, Ga., says: I have used Dr. M. A. Stimmans' Liver Medicine in my family for 30 years with success in many cases of Indigestion and Sour Stomach. I think it superior to "Rheford's Black Balm" and "Stimmans' Liver Medicine," and I shall recommend Dr. M. A. S. L. M. as long as I live.

Hysteria

Is caused by natural or acquired debility of constitution, mental suffering and anxiety, derangements of the sexual system, such as menstrual irregularities, delayed menstruation, or excessive sexual activity, or too strong sexual propensities. During a fit the patient's clothes should be loosened; she should have an abundance of fresh air, and the neck, wrists and ankles should be bathed with cold water to the head and face until the fit is over. Between the paroxysms Dr. M. A. Stimmans' Liver Medicine should be taken to correct the quality of the bowels, and a course of treatment with Dr. Stimmans' Sarsaparilla and Sarsaparilla is specially adapted to remove the uterine disorders.
