

## LAKE CITY DEPARTMENT.

In charge of  
W. L. BASS, Esq.

Mrs. W. S. Lynch spent Sunday with her sister, Mrs. H. G. Askins.

Mr. J. L. Stuckey returned from Moncks Corner last Sunday.

Senator Williams came home from the senate Sunday last.

Miss Mabel Rollins returned home a few days ago from an extended visit in Florence.

Mrs. Henry Stack, of Pinewood, is on a visit to her parents, Mr. and Mrs. M. M. Rodgers.

Mrs. L. H. Grimsley and children went down to Lanes Sunday on a visit to Mr. and Mrs. Nettles, Mrs. Grimsley's parents.

Miss Lizzie, daughter of Mr. F. T. Moody, and Mr. Mack Webster were married on the 10th by Rev. J. M. Weaver at the latter's residence.

Mr. R. E. Morris, having finished his school in Marion county, is now at home. This is the second year he has had charge of that school.

Mr. J. B. Rollins, of Florence, was in town the early part of the week. He had been on a trip of two or three weeks in lower Williamsburg and Georgetown counties.

Mr. J. J. Morris spent several days last week at Harpers with his sister-in-law, who is very ill. He was accompanied by Miss Ella Morris. Mr. Morris returned Sunday.

It seems to be pretty well settled that we will have two new tobacco warehouses. They will be at the northeast and southeast corners of Acline Avenue and Dansing Street, just opposite each other.

We notice that Kingstree has three gasoline lamps on trial. We have had ten constant use for more than six months, and they have given us much satisfaction that the number will be largely increased before long, we understand.

Mr. S. Brillis, of whom we made mention last week, is now among us and will make his home here. He came in last week and immediately began preparations for opening up his stock of goods. In a few days his stock will be displayed for business.

In our article of last week on the "lowest bidder" business we did not think it at all necessary to state that we had no reference to Williamsburg county. We think it is well known that our county commissioners did not resort to the lowest bidder method in selecting their legal adviser, but went upon the merit plan, and we feel sure they made no mistake in their selection.

A man the typo got in his deadly work or the proof reader no work at all. Our little article last week on the death of Capt. Knight was sadly mutilated. We were made to say things we never dream of, and we sincerely hope no one will hold us responsible for the outrages committed on spelling in our column. We are a poor fellow, but we do know something of orthography.

Mrs. Woodbury took charge of the Lake City Hotel last Friday and will now conduct that business. We understand that Mrs. Rodgers will have another story of ten rooms, hall and double piazza added to the store building and the lower floor partitioned off into an office, dining room, etc. When completed the hotel will be transferred to this building. We wish Mrs. Woodbury success.

Mrs. L. H. Grimsley has given out the contract for a right large house to be built near the corner of Dansing street and Acline Avenue. The building will be two stories high, will contain twelve rooms and will be used as a boarding house. This is something that is very much needed, and we feel confident that Mrs. Grimsley will succeed in this undertaking. She has had considerable experience, and experience is a good thing to have in any business.

A party of Pythians went down to Kingstree last Wednesday on a visit to the lodge of that place. The party was composed of Messrs J. D. Ladd, D. M. Epps, C. D. Joyner, H. V. Ward, H. L. Whitlock, J. M. Nachman and R. M. Collins. They report that they were cordially welcomed by their Kingstree brethren, who made their visit a pleasant one indeed. Delicous oxen were served to the Knights and the three candidates who were initiated into the mysteries of the order were given plenty of goat riding, etc.

Messrs. Graham and Sauls will be in operations in a few days. The engine, boiler, etc., were received at Kingstree in place a few days ago. The engineering machine and the other machinery for making crates, caskets, hampers, etc., will be in place right away. The first work they will engage their attention with is strawberry crates and cups. They want to have a large quantity ordered by the opening of the season April 15, so that they will be

able to supply this market, which is no small undertaking. Last season as high as fifteen hundred crates and forty eight thousand cups were required in a day. There is a good demand here for the kind of enterprise these gentlemen are undertaking to establish, and we are confident they will succeed if their plan is conducted on anything like business principles and business methods. The warehouse and office will be in the business portion of town convenient to truck farmers. Our people ought to patronize this company. It is the little manufacturing concern that develop a country. We want men who will save the raw material by making it into useful and marketable articles, thus serving the double purpose of keeping the money at home and converting waste products into saleable articles.

### Married in Cherleston.

Mr. Allen Bradham, of Manning, so well and favorably known here among our young folks, took unto himself a wife on February 14, St. Valentine's day. Mr. Bradham was married to Miss Willie Wright, of Alabama, at the Calhoun Hotel, Charleston, S. C. Mr. Bradham is a young man of exemplary habits, and wherever known he always has a host of friends, and we were almost tempted to say that any young lady would do well to get him. Mr. Bradham is a nephew of our townsman W. P. Hawkins, and we wish this young couple a long life of unalloyed pleasure and happiness.

E. B. Munday, a lawyer of Henrietta, Texas, once probed a grave digger. He says: "My brother was very low with malarial fever and jaundice. This remedy expels malaria, kills disease germs and purifies the blood, aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. ### Pneumonia Can be Prevented

This disease always results from a cold or an attack of the grip and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of La Grippe of the past few years, and not a single case has ever been reported that did not recover or that resulted in pneumonia, which shows it to be a certain preventive of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cures of colds and grip. For sale by Dr. D. C. Scott.

### LA GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called la grippe," says L. F. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Dr. D. C. Scott.

Friends and umbrellas are seldom at hand in time of need.

### HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by Dr. D. C. Scott.
