

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

There are no prospects of spring visible. Only a few peach blossoms have as yet put forth. We hope for a plectaneous fruit crop.

Mrs. W. S. Brockinton, of this section, paid a visit to Manuing last week. Mrs. Martha Allsbrook accompanying her.

Mrs. Mary Nesmith, who with her husband (the late John F. Nesmith) moved from this section some twelve or fifteen years since, is paying an extended visit to relatives at this place.

Rev. Mr. Wardlaw preached at the school house near here last Sunday afternoon to quite a crowd. A terrific thunder cloud came up during services and lasted for some time, causing most of the congregation to get a wetting returning home. Mr. Wardlaw's visits are welcome and we hope soon to have him preach for us again.

"Whippoorwill" is talking through his hat as usual. He says that if "Nightingale" did not restrain his curiosity he would meet the fate of the cat that died of curiosity. The natural conclusion would be that the cat had attacked "Whippoorwill" and been killed in a duel. "Nightingale" knows of no cat making history, nor does he ever expect to hear that "Whippoorwill" makes it unless in an encounter with a feline. "Whippoorwill" wants to know from what dirty pool "Nightingale" imbibes his knowledge of him. Well, "Whippoorwill", I did not know that you stayed in dirty pools so much that that was the best place to gain any news about you. You know the adage, "It's a dirty bird that fouls its own nest." Since "Whippoorwill" knows so much about adages I suppose he knows the one that says: "Gray wolves never die, but are transformed into whippoorwills."

NIGHTINGALE.

[We apologize to our readers for devoting so much space to the idle controversy between the correspondents "Whippoorwill" and "Nightingale." Each one has had a show and we decline to publish anything more on the subject. The Record is not published as a vehicle for exchanging personalities and its columns will not be thus abused. Farmers are pushing their war in this section.

Corn planting has begun, and will soon be the order of the day. Cold weather still continues and peach trees have just started to blossom. It is very late for them, but it is for the best.

Some farmers have planted their watermelon seed.

Messrs. Rollie Cox and Otwell Altman, two young men of Vox who have been at work for the A. C. L. Co. at Georgetown, passed here last Friday on their home.

Miss Palmira Vause is visiting her brother, Mr. W. M. Vause, at Cades.

News is scarce in this section, everybody being so busy at work.

Ego.

Messrs. Cooper Bros., placed some 6 or 7 hundred bales of cotton on the market here on Monday and up to this writing have been unable to sell it. Messrs. Inman & Co., A. Sprunt & Sons, and J. H. Sloan, each sent a representative here to try to buy it, but we understand the highest bid made for it was 7 1/2 cts., which the Messrs. Cooper Bros. declined and have concluded to haul and store and hold for higher prices, which it may reach about planting time, as it generally goes up a little each season just about that particular time. Messrs. Mullins, McCull and Merritt represented the three cotton exporters above in the order named.

We were pleased to meet on our streets Monday, D D Rhem, Esq., of Rhems, S. C. Mr Rhem is a member of the firm F. Rhem & Sons, and he is recognized as one of the leading and most progressive merchants of our day. The Messrs. Rhem keep store in the country, but their stock of goods and manner of conducting business would do credit to any city in the State. We do not like to hear about losing any portion of Williamsburg county, but the writer is rather inclined to favor smaller counties and we look for Rhems, S. C., to be a county seat, at no very distant day, taking portions of Williamsburg, Marion, Florence and Georgetown counties.

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI

strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Cross, Corner, Mich. "When I commenced using Wine of Cardui I was hardly able to walk across the house. Two weeks after I walked half a mile. I picked strawberries. When my other child was born I suffered with labor pains 24 hours, and had to raise him on a bottle because I had no milk. After using the Wine during pregnancy I gave birth last month to a baby girl, and was in labor only two hours, with but little pain and I have plenty of milk. For this great improvement in my health I thank God and Wine of Cardui."

Masonic Lodge at Gourdin's.

Past Master Louis Jacobs, accompanied by Messrs. R. K. Wallace, E. L. Hirsch and L. P. Kinder, visited Gourdin's on the 12th inst for the purpose of constituting a new Masonic lodge at that point and installing its officers. This lodge is named Gourdin's Lodge, and numbered 242 on the official register of the Most Worshipful Grand Lodge of South Carolina, and its charter was granted at the regular communication of that body in December last.

The visiting brethren report having had a very pleasant time and most hospitable treatment.

The following officers were elected and those who were present installed to serve during the present year: B. E. Clarkson, W. M.; R. H. Pittman, S. W.; T. M. Kellehan, J. W.; M. Behrman, treas.; T. A. Nettles, sec.; J. W. Holliday, S. D.; T. J. Wilder, J. D.; S. P. Cooper, Tiler.

Several visiting brethren were present, prominent among them being Dr. Robt. Henry and Dr. Isaac W. Graham, both pastmasters of Mount Hope Lodge, No. 128. In the language of the Masonic ritual, may the Supreme Architect of the universe prosper, direct and counsel this new lodge in all their doings; may prosperity and love prevail and every moral and social virtue cement them.

Prof. Ivison, of Lonaconing, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat.
