Editor County Record:

your last issue of connecting Lake be educated up to it. It is for the as one of the necessities when there run from Lake City to J S Mc- that I am pleading. Clams, thence to Moore's X Roads. Hebron, Gowdy's store, Mc-Elveen's McIntosh Bros., Mouzons postoffice and then to Kingstree. this would cover a live and progressive section of the county, and I think there would be but little difficulty in getting up enough money to build this route. The people on the line of railroad do not know how to appreciate a thing of this kind as they have access to the tele crap's. I think if THE RECORD would advocate this line, we can all get together and build it. I for one am willing to do my portion towards it. I would be glad if you could give us an estimate, Mr. Editor, of what it costs to build telephone lines. Think we can easily secure cypress poles of suffeient quantity along our Foute. I think your Lake City correspondent will agree with me that this is "the route." S. W. GOWDY.

[We think Mr. Gowdy's suggestion as to the route a sensible one and the line itself is a necessity. Let the people meet at the difterent places named by Mr. Gow dy, and see how much can be raised towards it, and the let one man from each section be appointed and meet some day and talk the matter over in Kingstree or Lake City, and we have no doubt it can be built very easily. We know little as to the cost of construction, but suppose the wire can be got for \$3 per mile, and outside of this The Health S'tuation.
