## LOCAL ITEMS OF INTEREST.

### AFFAIRS CAUGHT BY OUR LOCAL REPORTER AND NOTED.

Written in Condensed Form and Printed in Like Manner for the Sake of Our Busy Readers.

The tobacco curing season is on. Corn and grits are advancing daily in price.

A coat of paint helps the looks of Capt. Kennedy's store.

Kingstree is now one of the healthiest towns in the State.

Clarence Jacobs has a pet coon. He is training it for a mascot.

Mr. Leon C. Dove visited Charleston a day or two last week.

The cotton crop prospect is slightly better, but corn is almost a failure.

The excessive heat of last week has been tempered by pleasant and refreshing breezes.

Wanted—A herd of cattle to eat down the weeds on Main Street and the court house square.

The Misses Jacobs, accompanied by Miss Gwinna, of Macon, Ga., left this week for Pawley's Island.

Miss Emma Watson, of Salters, spent several days at the Coleman House last week, the guest of Mrs. C. M. Chandler.

The summer school begins next Monday to continue until August 17. The names of the teachers have not yet been announced.

Mr. Wallace Jones, Jr., of Lake City, appeared before the board of examiners Monday to stand the examination for the Charleston College scholarship.

Several young people took in the Darlington excursion Thursday. There were about 216 pleasure-seekers aboard, and a good time generally is reported.

On Wednesday of last week Mr. and Mrs. Percy Kinder lost their infant child, and on the Friday following Mr. and Mrs. S. C. Anderson suffered a similar bereavement.

Mr. James Henry Hawkins, of Charleston, was in town last week a day or two shaking hands with his many friends of both sexes. Mr. Hawkins contemplates a trip to the Pan American at an early date.

Our old friend, Mr. S. J. Tharpe, of Bensen, presented us last week with some delicious sweet cider and a lot of fine apples. Our appreciation of the gift is exceeded only by the thoughtful kindness which prompted it.

Mr. Hey T. McClary, who is in business with his brother in Georgetown, came up last week to spend his vacation at his old home. Before leaving Georgetown he was suffering from an attack of fever, but our salubrious atmosphere soon set him straight again.

There is a vacancy in this county for a scholarship at the South Carolina Military Academy. For particulars as to time of examination, requirements, etc., write to C. S. Gadsden, chairman of the board of visitors, Charleston, S. C. The notice of vacancy appears in this issue.

The Georgetown boys crossed bats with a team from Kingstree yesterday afternoon, and while our boys did not cover themselves with glory they did a little better than when they played with Lake City last week. They took the game from Kingstree by a score of 4 to 8 in favor of Georgetown. A good game is promised to-day.—Georgetown Times, July 17.

The Kingstree baseball team went to Georgetown Tuesday to play two games of ball with the Rice-eaters on Wednesday and Thursday. The line-up is as follows: Gilland, W. p; Scott, J. F. 1b; Jacobs, c; Gilland, D. 2b; Scott, W. rf; McCutchen, ss; McIntosh, lf; Snider, 3b; Epps, c. Mr. R. E. Wallace, the manager, is confident of repeating the dose given Georgetown by Lake City last week.

It is refreshing this year, in the midst of complaints of disastrous crop prospects, to take a look at the farm of Mr. John M. Nexsen, of Buggy Swamp, while adjoining him Mr. "Bush" Nexsen has a field of probably the finest cotton in the county—at least it easily exceeds any we have seen this year. Mr. Willie I. Nexsen also has a field of corn that is hard to beat. There are few better farmers anywhere than these Nexsen brothers.

An examination of applicants for the vacant scholarship at Winthrop College was held in the court house last Friday. Seven young ladies appeared before the board, viz: Misses Martha Gourdin, Esther Gordon, Hallie Graham, Martha Epps, Dora Epps, Eloise Cooper and Bertha Morris. The papers have been forwarded to Winthrop College and the faculty will pass upon them, when the name of the fortunate one will be announced.

Our esteemed Lake City correspondent gave an excellent write up this week of the Lake City-Georgetown games of baseball. As we had already in type an extended account clipped from the Georgetown Outlook and our columns were very much crowded, we were compelled to leave out that part of his letter, although we regretted very much to have to do so.

A gentleman who has recently traveled in that direction states that the Black river road up to the Manning fork, just a few miles from town, is a disgrace to the county. All along the road are great holes and wash-outs, some of them ten feet deep, making it really dangerous to travel over this highway. At some places he had to leave the road altogether and drive in the woods.

Prof. R. D. Epps, of this county, has been appointed by State Superintendent McMahan to a position as instructor in the Philippine Islands. This is a splendid appointment, the position being lucrative and much sought after. It is also a high compliment to Prof. Epps, as there were only two appointments made from this State. While we congratulate our friend on his good fortune we feel sure that no young man in the State could fill the appointment more creditably than he will.

### More Telephone Talk.

The telephone line from Manning to Kingstree, the building of which was reported in the THE RECORD some time ago, has been somewhat delayed until recently by the water on the ground, but we understand that work has been resumed and the line will be completed to this place in the very near future. Thus our first line will be a long distance one. The building of this line is due to the public spirit and progressiveness of Messrs. Thomas & Bradham, the enterprising sales stable and livery men of Manning and Kingstree.

Our next telephone connection will probably be with Salters Depot. A little energy and money expended would give us this connection, which with the Manning line would do much to place us in telephonic touch with the outside world. Messrs. Liffage, Hamer and Ferrell came over from Salters last Thursday, and in talking up this line easily showed the feasibility of it. The people of Salters are anxious for the connection and with a little aid on the part of the citizens of Kingstree the line would soon be built. The project deserves encouragement and we hope the business men of the town will show their good will toward it by subscribing to it. A small amount from every business man in town would be sufficient to pay our part of the expense of building the line. Mr. George S. Barr will receive subscriptions from anyone who wishes to contribute, or if left at this office the money will be turned over to the proper parties.
