Death of Mrs. Agnes Rodgers.
Mrs. Agnes Rodgers, wife of Mr. Willie Rodgers, died at her home near Bloomingdale Monday night about one o'clock. Mrs. Rodgers was scarcely out of her twenties and had been married only a few years. Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty. If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

Do not force but assist the bowels to act. Strengthen and invigorate. Small and easy to take. D. C. Scott and Dr. W. V. Brockington.

MODERN SURGERY SURPASSED.

"While suffering from a bad case of piles I consulted a physician, who advised me to try a box of DeWitt's Witch Hazel Salve," says G. F. Carter, Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." A PHYSICIAN TESTIFIES.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that it did," says County Physician Geo. W. Scroggs, of Hall county, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails. D. C. Scott and W. V. Brockington.

Y., says: "Our little son five years old, has always been subject to croup, and so had have the attacks been that he would die. We had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For Sale by Dr. D. C. Scott.
