TO SHELL THE TOWN.

Twenty-Four Hours Given The Vessels in Colon Harbor.

A VERY WARLIKE ATTITUDE

Consuls of Different Nations Give Notice That Protection Will Be Afforded on the Warships.

A Sunday night cable message from Colon, Colombia, says:

As a result of an exchange of notes between the United States gun-boat Machias and the General Pinzon, Ignacio Filaco, commanding the Pinzon, which has 600 men on board, has officially notified the American, British and French warships now in the harbor that he intends to bombard Colon at noon Monday, thus giving 24 hours' notice. The various consuls are notifying their respective fellow-citizens that refuge may be had on board the warships. To bombard the town of Colon, it is absolutely necessary to fire across the railroad tracks and the railroad employes probably will refuse to work. Lieutenant Commander McCrea, of the Machias, is the senior naval officer and was instructed from Washington regarding the threats to bombard. There is much excitement in Colon. The afternoon passenger train, which should have arrived here at 6 o'clock, had not arrived at 8.

Breastworks are being erected in the public thoroughfares of Panama. The town folk in the vicinity of these are hastily removing to safer places. All persons known to be Liberals are arrested on sight. The government has declared its intention to contest every inch of ground if an entrance to the city is effected. It is reported that some 70 persons who were wounded at Prequito were landed on the island of Taboga, Panama harbor, to avoid creating alarm in Panama. Taboga is about 8 miles from Panama. The government is very anxious that marines should be landed from the United States battleship Iowa, but Captain Perry, her commander, has not complied with this request.

The Boyaca returned to Panama a second time Saturday afternoon with General Alban and a few men. The government claims to have effected a landing at Chorrera, routing the enemy and recovering all the prisoners previously reported taken, with the exception of two. Among the number recovered, according to the government version, is the alcade of Taboga. The Liberal version of the incident is that the alcade was afraid to fight and when captured offered Domingo Diaz, the Liberal leader, \$1,000 if he would release him, that the offer was accepted and the alcade was allowed to go, after giving his word of honor not to attempt to escape. The Liberals also assert that General Alban effected a landing at Chorrera after the Liberals had withdrawn to join the Liberal forces marching to the Empire station.

It is asserted that the steamer Darien, which the Liberals recently captured from the government, escaped the Boyaca under cover of night, but it is generally believed that she was sent to Tucumo some time ago. The government claims that the Chorrera troops are momentarily expected at Panama and that on their arrival there preparations will be made to attack the Liberals' advance guard and that these will not cease until Colon has been recaptured. Great hopes are entertained that the news of the capture of Colon will induce the authorities at Baranquilla to send big reinforcements to land at Colon and annihilate the enemy.

It is reported that the Liberal gun-boat Almirante Padilla, with General Herrera on board, left La Libertad, San Salvador, bound for Panama. The United States gun-boat Concord, Commander Harry Knox, arrived at Panama Saturday. Colon has become a red city, being in Liberal hands. A large red flag bearing the words "Patia y Libertad" is flying at the curatel.

To Amend Georgia's Constitution.

Atlanta, Special.—A bill containing amendments to the constitution of Georgia was introduced in the house of Representatives Monday. Among its provisions are: That a Court of Appeals be established; that all pensions be put upon an indigent basis. That there shall be a change of venue in all criminal cases where there is danger of lynching; that the term of Governor shall be changed from two to four years and that he be ineligible for four years after the expiration of his term; that the entire educational fund of the State shall be divided between the negroes and whites for educational purposes in the exact proportion to the amount of taxes paid by each.

New York Storm Swept.

New York, Special.—A heavy north-east gale has been raging along the coast for the past 20 hours. The storm set in at sunset Saturday, blowing with great severity all night, accompanied by heavy rain. In the upper and lower bay the storm blew with great fury and an unusually high tide washed up on the Staten Island shores, doing considerable damage to docks, small boats and other craft.

Evotism of Genius.

A writer in the London Standard declares the idea that genius is usually modest to be a popular delusion. On the contrary, he alleges egotism to be the very essence of true genius, and quotes many amusing examples.

When Wordsworth, Southey and Coleridge were walking together and Coleridge remarked that the day was so fine "it might have been ordered for three poets," the gentle Wordsworth promptly exclaimed "Three poets! Who are the other two?"

Disraeli, then a mere youth, wrote to his sister that he had heard Macaulay, Sheil and Grant speak, "but between ourselves I could floor them all." And again he said, "When I want to read a good book I write one."

Our own Joaquin Miller wrote Walt Whitman: "You and I are over the head of the rabble. We know we are great, and if other people don't know it it is their own fault."

It was President Grant who, being told that a certain Senator, an admitted genius who was very hostile to him, did not believe the Bible, expressed his estimate of the Senator's egotism by rejoicing, "Why should he? He didn't write it, you know."—New York World.

Another "American invasion" of England has begun, this time by the watch trade. An American firm, it is said, has contracted to deliver 2,000,000 watches in London during the next twelve months, the Americans having underbid the Germans and the Swiss. The order is said to be the largest ever given.

A bear story is not always the naked truth, So, 48.

Notes and Comments.

If heredity is worth anything Queen Alexandra may well hope for long life. Her mother lived to be 81, while her father, King Christian IX, is now well on in his 84th year. His Majesty has two younger brothers, who are aged 67 and 76, respectively; while on November 9th he sent presents and congratulations to his elder sister, the Dowager Duchess of Anhalt, who entered on her 91st year on that day.

The Supreme Court of the United States seems to be having a hard time with the diamond ring case, which, it is presumed, will settle the constitutional status of the Philippine Islands. The decision was expected a week ago, but it is now reported that it may not be given out for weeks and possibly for months.

Few as the saloons are in Mississippi they pay nearly one-third of the State's total income from privileges. Mississippi is regarded as one of the most ultra of prohibition States, made so by the anti-saloon sentiment in a majority of the counties under the local option system. Fourteen of the counties pay the bulk of the \$150,000 received annually from this tax.

The Russians are getting ready for an emergency, which means a war with Japan and are increasing their navy and putting their army in fighting condition with great energy and at great expense. The army has recently been completely reorganized and provided with new equipments. The Russians unloaded 1,000,000 rifles of obsolete pattern upon the Chinese Government and substituted new ones of long range, high power and small calibre. Those were Russian guns which the "Boxers" fired at the British embassy in Pekin during the recent siege.

Miss Lillie Degenkolbe, Treasurer South End Society of Christian Endeavor, 3141 Michigan Ave., Chicago, Ill., Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—When life looked brightest to me I sustained a hard fall and internal complications were the result. I was considerably inflamed, did not feel that I could walk, and lost my good spirits. I spent money doctoring without any help, when a relative visited our home. She was so enthusiastic over Lydia E. Pinkham's Vegetable Compound, having used it herself, that nothing would satisfy her until I sent for a bottle. I have thanked her a hundred times for it since, for it brought blessed health to me and cured me within seven weeks.

I now wish to thank you, your medicine is a friend to suffering women."—LILLIE DEGENKOLBE.
