

LAKE CITY DEPARTMENT.

In charge of
W. L. BASS, Esq.

The strawberry growers are beginning to cover the plants.

Mrs. R. D. Rollins came home from Charleston a few days ago.

Mr. and Mrs. B. M. Clement returned Saturday from their visit to Florida.

Mrs. S. A. Nettles and daughter, Olive, of Lanes, are on a visit to relatives in town.

Constable Rowell came down from Florence Tuesday and captured a jug of liquor.

Mesdames Rollins and Epps have closed their lodging house at 77 Washington street, Charleston, and returned home.

Mr. Epps and Miss Ethel Rodgers and Mr. Julian Clark and Miss Jackie Rodgers spent a portion of last week in Charleston at the exposition.

We understand that Mr. W. S. Moore, who went to his old home at South Boston, Va., for a vacation just before Christmas, has been quite ill for some time. He is now somewhat improved.

A new guard house has become indispensably necessary and the council has determined to build. The town owns a small lot directly in front of the school house and only a few feet from it. For three years efforts have been made to secure a lot elsewhere but every effort has failed; and at a meeting a few days ago it was about resolved to build on the lot referred to. The situation of a guard house there will not be very pleasant to those who live in the neighborhood, and it will practically destroy the market value of the adjoining lots; but the council has no alternative.

A number of boys in town are in the habit of jumping on and off the trains. They get on every part of the train. Some make a specialty of riding the engine; some clamber on the freight cars; and some enter the cars blocking the doors and aisles. The practice is fast becoming an intolerable nuisance. Complaints are loud and numerous. We have it from one of the highest officials of the road that this nuisance is worse here in Lake City than any where else along the line. The boys are both white and colored. The council passed an ordinance against the practice some time ago and for a while it was very effective, but such a sentiment finally grew up against the ordinance that it could not be enforced. It was then repealed. The thing should be suppressed.

In last week's RECORD, in speaking of the pasture fence, we said among other things that "through some misunderstanding no taxes had been assessed for raising money to rebuild and keep in repair this fence." "For fear of being misunderstood we wish to explain this a little more fully. We understand that the county commissioners really levied the tax, but that the tax was not charged up on the treasurer's duplicate for the reason that the late auditor, who took the returns in the territory affected, through some misunderstanding or misapprehension, did not list the stock so that the tax could be assessed against it. Under the act the stock running at large in this territory is the only property against which this tax can be assessed. When we said "assessed" we meant assessed, not levied.

In the Toils of the Law.

Mr. Williams, the postoffice inspector in charge, has been notified by Inspector Peer that Joel E. Smith, editor of a weekly publication at Monticello, Fla., has been taken into custody, charged with using the mails for fraudulent purposes. Smith, it is charged, has been advertising "for ladies to do writing at home," and offering them \$20 a month for their services. He has been held in a bond of \$1,000.

We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S.
