### Hon. J. Walter Doar.

Among the representatives elect of Georgetown county appears the name of Editor J. Walter Doar of the Outlook. Mr. Doar is a young man of brains and energy and we feel confident that the interests of his constituents will not suffer at his hands. The Outlook is one of our brightest and best printed exchanges, and if Mr. Doar succeeds as well as a law-maker as he does at editing a newspaper, he will certainly distinguish himself in the august body of which he is soon to become a member. Men of character, intelligence and savoir faire are needed in the State Legislature and if our judgement be correct Mr. Doar possesses all these qualifications.

### Governor D. Clinch Heyward.

The sweeping victory of Capt. Heyward in the second primary justifies the confidence of his friends in believing that a man "fresh from the soil", not aligned with any of the old factions, would win out over his competitors, all of whom have figured more or less conspicuously in public life. Capt. Heyward is a farmer, or a planter, whichever it may please one to term him. We do not recognize the distinction. He has never held office before, and thousands of voters, for this very reason, turned

## Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

to him with a sigh of relief; for it is decidedly a novelty in South Carolina politics for a man who has never held office before to aspire to the high position of chief magistrate.

Governor Heyward is a young man, comparatively speaking, being we believe, less than forty years of age. In politics he has been a Conservative in the true sense of the word, belonging neither to the Reform nor the Haskellite faction. By birth and breeding he represents the highest type of a South Carolina gentleman. Personally Capt. Heyward is possessed of charming manners, culture and refinement. He will make an ideal governor of whom every South Carolinian may be justly proud.

### Read and Heed.

While we distinctly disapprove of the practice of "dunning" delinquent subscribers through the columns of a newspaper, yet there are times when the necessity for doing so seems to be inevitable. The number of people who have read THE RECORD for a year or more without paying anything toward the support of the paper runs up into the hundreds and the time has come when we are forced either to curtail this list or go out of business. It costs us on an average one hundred dollars a month to publish this newspaper and for the past six months we have been running at a loss. Strange and incomprehensible as this may seem to those who cherish the delusion that it costs nothing to get out a newspaper, yet it can be established as a fact by referring to our books.

This is a condition of affairs that is unusual and it is due to the fact that many of our subscribers who, however willing they might have been, were actually unable on account of the crop failure last year to pay the small amounts due us. We realize the situation and, sympathizing deeply with the misfortunes of our patrons, did not cut off any subscribers from our list or even press them for payment. This entailed a heavy expense upon us and we have now reached a point where we can bear it no longer. The people of this county have been blessed with a good crop year and we believe that every man on our list will be able to pay us what is due if he chooses to do so.

True in each case it is only a small sum, seldom more than a dollar or two; but when the fact is considered that one thousand of these little accounts amount to \$1,000, one can realize what it means to us.

We make this appeal in all kindness; it is not pleasant to write on such subjects; but we hope what has been said will be carefully considered and duly heeded.

Within a few weeks we shall begin sending out bills to all delinquent subscribers on our list. To save us this trouble and expense and yourselves the annoyance we respectfully urge that all who are indebted to us for the paper come forward at once and settle.

### The Graded School

If there be one institution in which the people of Kingstree should take a perpetual pride and work together for its support and upbuild-

ing, that institution is the Kingstree Graded school.

Like everything else worth striving for the evolution of the graded school from the village academy with its two teachers and half a hundred pupils has been attended with no small degree of difficulty and discouragement. Up to a few years ago the school seemed to have reached a stationary period, each year showing about the same number of pupils and very little advancement otherwise. Then came something like an awakening along educational lines. The building was enlarged and improved, an additional teacher employed, and—best of all—the graded system adopted. Last year, as the large attendance justified it, the number of teachers was increased to four and, we understand, the maximum enrollment numbered 130 pupils, a decided increase over all previous years.

On next Monday another scholastic year will begin. There is every reason to believe that this session will be a remarkably successful one, as the school seems to have well advanced upon a period of prosperity and progress. The new faculty has been selected with great care, every member composing it being a trained and successful teacher. The patronage will will doubtless be better than last year, as very liberal inducements are offered to out of town pupils.

Every year there are pupils from Williamsburg going to preparatory schools in other counties. This is not as it should be, when there is an excellent graded school right here at home. If we did not believe the graded school to be thorough and worthy in every respect we should certainly withhold our unqualified endorsement, however reluctant we should be to do so. From what we know of the school and its management we believe it to be the equal of any preparatory educational institution in this part of the State and it is indeed a pleasure that we can conscientiously make this statement.

In closing, we would advise our readers who have children to educate to look into the merits of the Kings-

tree Graded school and to think well before they send their children farther away possibly to fare worse.

### Summons for Relief.

STATE OF SOUTH CAROLINA,  
County of Williamsburg,  
Court of Common Pleas.

F. Rhem and D. D. Rhem, trading under the firm name of F. Rhem & Sons, Plaintiff, against Paul Jones and Bettie Jarrott, Defendants.

To the defendants, Paul Jones and Bettie Jarrott, you are hereby summoned and required to answer the complaint in this action, of which a copy is herewith served upon you, and to serve a copy of your answer to said Complaint on the subscriber, at his office in Kingstree, S. C., within twenty days after the service hereof; exclusive of the day of such service; and if you fail to answer the Complaint within the time aforesaid, the plaintiff in this action will apply to the Court for the relief demanded in the Complaint.

Date—September 3, 1902.

JOHN A. KELLEY,  
Plaintiff's Attorney.

To the defendant, Paul Jones, take notice that the Complaint in this action was filed in the office of the Clerk of Court of Common Pleas, at Kingstree, in the County of Williamsburg, and State of South Carolina, on the 21st day of June, 1902.

Costs Only 25 cents at Druggists.

Or mail 25 cents to C. J. MOFFETT, M. D., ST. LOUIS, MO.

ATLANTA, Ga., Nov. 18, 1900.

We have handled Dr. Moffett's TEETHINA (Teething Powders) ever since its first introduction to the public and trade as a proprietary medicine, and our trade in it has steadily increased from year to year until our orders now amount to two or three hundred gross per year, which is a very strong evidence of its merit and the satisfaction it is giving to the mothers of the country, for they say nothing so effectually counteracts the effects of the summer's hot sun or overcomes so quickly the troubles incident to teething.

## THE FORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.  
I cannot recommend Theford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
