The Congressional election resulted in the Republicans securing a majority of about twenty-five in the next House. The Democrats gained several members in New York and Pennsylvania, and elected all except two or three members from the Southern States. They lost several members in the West. Coler, the Democratic candidate for Governor in New York, carried "Greater New York" by a plurality of 120,000, the largest plurality ever given, but Odell had phenomenal pluralities in the State and was elected by a plurality of 10,000 or 12,000.

If parents will co-operate more with the teachers by requiring the children to study their next day's lessons at home during the afternoon or evening; the improvement in the work of the school as a whole would be marked. While many pupils have improved in certain studies in which they were deficient when the first month's reports were sent out, still many have made "4" on some studies for the last monthand that means failure in their work. Dr. Miles' Nervine has been successfully tried in thousands of cases of nervous disor-ders, but never has it made a better record than

"Seven years ago my wife commenced having spasms or fits and I called in my home physician and he said she was paralyzed. He rubbed her with sait water and gave her calomel and she eventually got some abetter, but in a short time she had another attack. She was confined to her bed for stree mouths and the doctor could not he had fits frequently, some times very so we could got so her jaws. Finally I saw the doc

She also thinks very highly of Dr. Miles' Nerve and Liver Pills and is never without them.
